<b>Editor:</b>	Katija Krecak Jarovic		
<b>Contributors:</b>	Anna Brusarosco (IUAV), Giulia Lucertini (IUAV), Alberto Rossini (Comune di Misano Adriatico), Nikola Petric (IRENA), Melina Mohoric (DURA), Mariantonietta Pinto (Parco Naturale Regionale "Dune Costiere da Torre Canne a Torre S. Leonardo"), Luca Barbadoro (Comune di Pesaro)		

## ANALYSIS

To exploit iDEAL transferability and to collect the suggestions and ideas, from other projects funded by IT-HR Programme or by other INTERREG/EU Programmes, project partners presented project IDEAL on various external events and conferences.

These cross-fertilization initiatives in building on relationships and in creating synergies with involved stakeholders and “thematic community” related, inflicted or interested in climate change, tried to emphasize the climate change issues while presenting the results and outputs of project.

From the June 30 until September 30, 2019 project partners presented project IDEAL on the following external events, conferences, or other projects meetings:

---

### **DURA - City of Dubrovnik Development Agency (Croatia) – project partner**

- 4TH Regional Conference On Environmental Impact Assessment / September 18-21, 2019, Vodice (Croatia)

### **IUAV - University of Venice (Italy) – project partner**

- Le aree marine protette di Puglia e le buone pratiche di gestione sostenibile della pesca e dell’ecosistema costiero, September 16, Bari (Italy)

## **PARCO NATURALE REGIONALE DUNE COSTIERE “da Torre Canne a Torre S. Leonardo”**

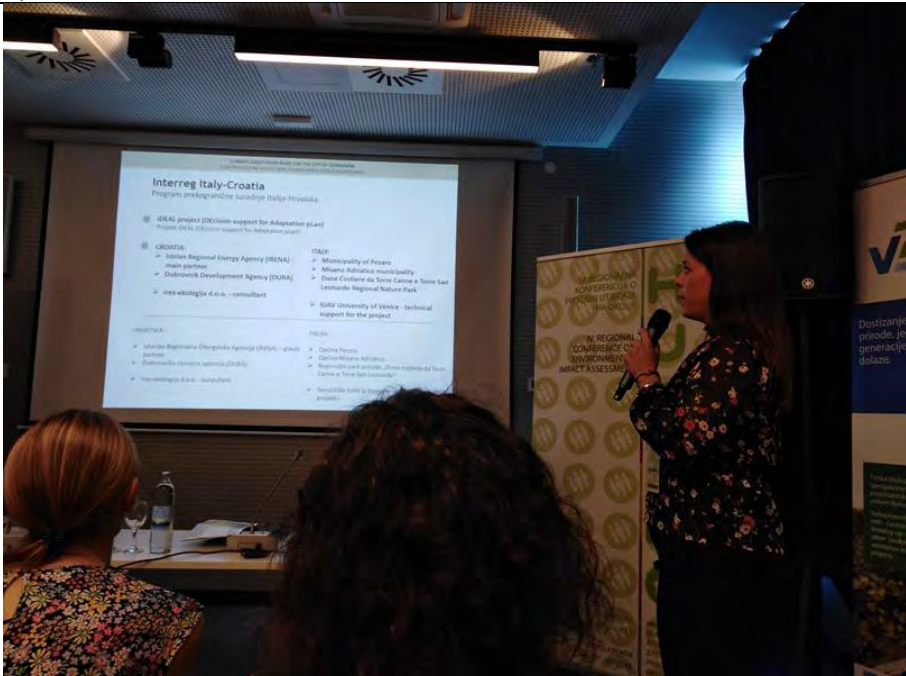

- “The protected marine areas of Puglia and the good practices of sustainable management of the coastal ecosystem and fishing”, September 16, 2019, Fiera del Levante, Bari (Italy)
- “Wow!Fasano – Summer closing ceremony”, September 27, 2019 Fasano (Italy)

## **Municipality Misano Adriatico**

- LESS CARS, MORE SOCIAL RELATIONSHIPS, November 22, 2018, Misano Adriatico
- Ecomondo expo, November 7, 2018, Rimini

MAINSTREAMING, TRANSFERRING AND  
CROSS-FERTILISING

REPORT ON PARTICIPATION IN  
EXTERNAL EVENT

Partner:	DUBROVNIK DEVELOPMENT AGENCY DURA LTD.
Name of event:	4 <sup>TH</sup> REGIONAL CONFERENCE ON ENVIRONMENTAL IMPACT ASSESSMENT
Date:	September 18-21, 2019
Venue:	Vodice, Croatia
Short description of event:	The Conference brings together EIA practitioners, scientists, public authority representatives, non-governmental organizations, public relations experts, investors from Croatia, the region and beyond, who are involved in environmental impact assessment procedures and are willing to share their knowledge and experiences in a democratic environment.
Role of IDEAL partner in the event:	DURA's external cooperates working on the Climate Adaptation Plan participated at the conference and presented the project IDEAL as an example of tackling the issue of climate change by developing actions and assessing them through a Decision Support System.

MAINSTREAMING, TRANSFERRING AND  
CROSS-FERTILISING

REPORT ON PARTICIPATION IN  
EXTERNAL EVENT

Partner:	Università luav di Venezia
Name of event:	Le aree marine protette di Puglia e le buone pratiche di gestione sostenibile della pesca e dell'ecosistema costiero
Date:	16.09.2019
Venue:	Fiera del Levante (Bari)
Short description of event:	<i>The meeting has been organized by the Department of Agriculture, Rural and Environmental Development of Puglia Region and by Federparchi Puglia. The meeting has involved the representatives of Parco Naturale delle Dune Costiere Torre Canne Torre S. Leonardo (iDEAL PP), Federparchi Puglia, Natural Reserve of Torre Guaceto, Gargano National Park, Marine Protected Area of Porto Cesareo, Alliance of Italian cooperatives of the fishing sector and Università luav di Venezia.</i>
Role of iDEAL partner in the event:	Giulia Lucertini (involved as luav staff member in iDEAL project) participated to the meeting with a presentation of project activities and results.
Photos from event:	

## 2.6 MAINSTREAMING, TRANSFERRING AND CROSS-FERTILISING

# REPORT ON PARTICIPATION IN EXTERNAL EVENT

	Parco Naturale Regionale Dune Costiere “da Torre Canne a Torre S. Leonardo”
	“The protected marine areas of Puglia and the good practices of sustainable management of the coastal ecosystem and fishing”
	16.09.2019.
	Fiera del Levante, Bari, Italy
n	<i>Description of the innovative cooperation lines between protected marine areas and fishermen's associations aimed at combining ecosystem protection, restocking of fisheries species and sustainable fishing activities. The circular economy and sustainable growth are key challenges of the future to safeguard the planet.</i>
:	Parco Dune Costiere - as a partner in the development project between the natural areas - was one of the organizers of the event together with the presence of Giulia Lucertini of IUAV, showed the Ideal project and its results.

## Parco Naturale Regionale Dune Costiere da Torre Canne a Torre San Leonardo

PLANNING  
CLIMATE  
CHANGE

### Le Azioni del Piano

**Collegamenti ecologici:** l'obiettivo è ripristinare i corridoi ecologici naturali all'interno del Parco attraverso interventi di ricostruzione con tecniche di ingegneria naturale;

**Monitoraggio costiero:** monitoraggio dell'erosione costiera e dei fattori di inquinamento;

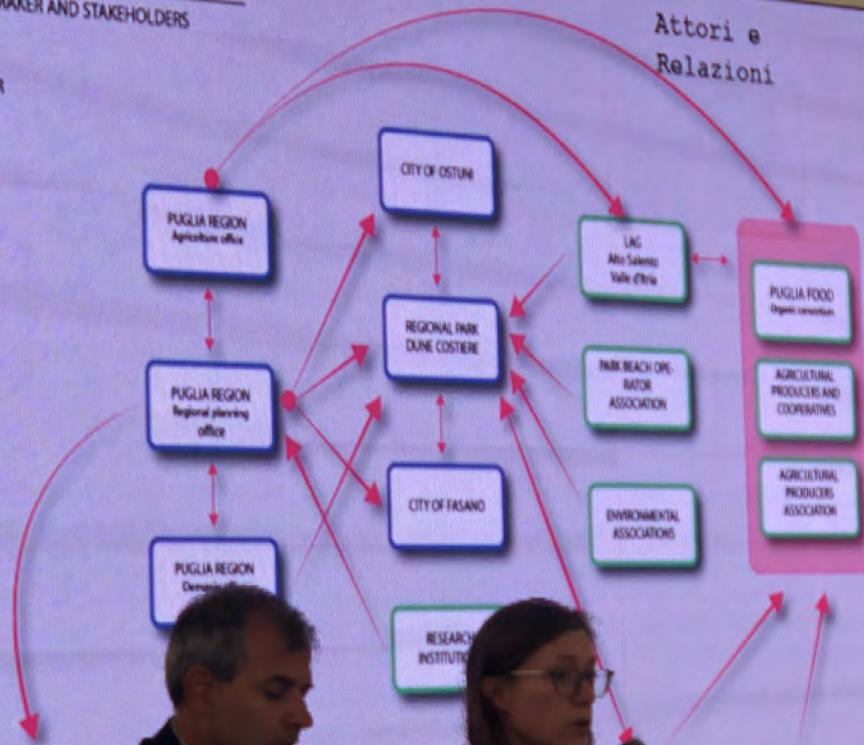

**Recupero delle dune costiere:** l'azione intende proteggere l'habitat delle dune costiere attraverso una serie di interventi integrati con l'obiettivo di preservare e migliorare il profilo del sistema dunale.

## 2.6 MAINSTREAMING, TRANSFERRING AND CROSS-FERTILISING

# REPORT ON PARTICIPATION IN EXTERNAL EVENT

Partner:	Municipality of Misano Adriatico
Name of event:	Ecomondo expo
Date:	November 7, 2018
Venue:	Rimini, Italy
Short description of event:	An international green exhibition with an innovative format that brings together all sectors of the circular economy in a single platform. Technologies and the future: solutions, innovations, strategies for the development of the main sectors of the green & circular economy are presented at Ecomondo . As part of the development of the General Urban Plan, the Ideal Project and the results it produced in terms of environmental emergency analysis were presented.
Role of partner in the event:	Raising awareness about climate change
Photos from event:	

## 2.6 MAINSTREAMING, TRANSFERRING AND CROSS-FERTILISING

# REPORT ON PARTICIPATION IN EXTERNAL EVENT

Partner:	Municipality of Misano Adriatico
Name of event:	LESS CARS, MORE SOCIAL RELATIONSHIPS
Date:	November 22, 2018
Venue:	Misano Adriatico
Short description of event:	<p>Relators were JOHAN HEICHELMMANN, from Danish bicycle Embassy and PAOLO GANDOLFI, architect, urbanist and promoter for a law on cycling in Italy.</p> <p>Discussion focused on the idea to promote the use of bicycle, not only through new bicycle lanes, but also operating on lifestyles, on good practises, on assessing how using a specific mean of transport is affecting social relationships. These considerations are related to students education, especially the youngest.</p> <p>A further step is represented by moving to active policies to favour sustainable mobility. Through direct users' involvement that leads to better air and climate quality.</p>
Role of partner in the event:	Raising awareness about climate change
