

## FOCUS TOPICS FOR THE SPEED MEETING

The aim of this form is to guide the discussion between the two schools during the speed meetings in order to identify best matching between schools. The outcomes/indications will also help us to create a common framework and a best approach for the organisation and development of the training modules.

NAME OF MY SCHOOL: INDUSTRY AND CRAFTS SCHOOL ŠIBENIK

COUNTRY: CROATIA

NAME OF THE OTHER SCHOOL AT THE SPEED MEETING: POLO TP ECONOMIA DEL MARE  
(DEM + ENAIP FUG)

COUNTRY: ITALY - FRIULI VENEZIA GIULIA

### JOINT DEVELOPMENT OF COMMON TRAINING MODULES

1. After a short discussion with the other school, what is the degree of compatibility between the two school programmes (with regards to the specialisation programmes/courses involved in the exchange: vessels command and management; construction and Maintenance of vessels, transport and logistics). In particular please take in consideration the common educational training module of 5-10 hours to be jointly developed and tested by the paired schools in view of being, at a later stage, included in the educational offer of the schools.

Hig h	Medium	Low
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

### STUDENTS EXCHANGE PERIOD

2. How many students is the other school able to send?

\_\_\_\_\_

3. How many students would the other school be able to receive/host?

2

4. How would the ideal organisation of the 45-day exchange period be for the **other school**, i.e.:

a) Should the exchanges take place simultaneously (in the same period) in both directions (sending students/receiving students) or in different moments?

☐ Same period ☒ Different moments

b) Should the exchange period be carried out consecutively (without any interruptions) or should the overall duration (45 days) be split in 2 periods:

☒ One whole period of 45 days *CZECHIA*

☒ The exchange should be split in 2 periods (In such case what should be the duration of the two different periods?) 15 + 30 days ITALY

c) When should the exchange take place?

- indicate months for sending students (e.g. in the second part of February and first part of March): February - March - April

- indicate months for receiving/hosting students: April and June

d) What would be the best balance/mix for the 45 day exchange period for the **other school**?

- ☒ First a period of classroom training and then a period of company training  
OR

- ☐ First a period of company training and then a period of class room training

- Indicate what could be the appropriate number of days in class room and number of days in company (e.g. 15 days of class room training and 30 days of company training)

OR

- ☐ Class room and training activities should run in parallel during the training period (e.g. in the morning class room activities and in the afternoon company activities). In such case:

what do you think would be the optimal number of hours per day of class room training and optimal number of hours per day of company training (e.g. 2 hours per day of class room training and 4 hours per day of company training):

e) Does the **other school** have own accommodation facilities, e.g. dormitories?

YES ☐

NO ☒

f) Where will the students be accommodated during the exchange?

Foresteria collegio Mondo Unito (Divino)

Student dormitory or youth hostel

- g) Are there other services that the other school can offer as a hosting school ,e.g. sport/cultural/extracurricular activities?

Gym, cultural activities, Trieste tour  
Aguileira

- h) Does the other school (as a potential hosting school) already have some companies in mind that could be suitable for my students? if yes take note of some useful info or details

Yes - under discussion

- i) Are there any other info/ remarks from the other school?

#### STUDY VISITS FOR TEACHERS

(the study visits are foreseen to take place during the month of October and November 2018)

Has the other school already in mind the teacher who will participate in the study visit?

YES ☐ NO ☒

If yes, indicate the Name of the teacher: \_\_\_\_\_

How many days can she/he participate in the study visit? 2

What period/week would be most suitable for a study visit: November

Are there any particular organisational aspects to keep in mind with regards to the other school?

Yes

Any other remarks:

what do you think would be the optimal number of hours per day of class room training and optimal number of hours per day of company training (e.g. 2 hours per day of class room training and 4 hours per day of company training):  
\_\_\_\_\_

e) Does the other school have own accommodation facilities, e.g. dormitories?

YES ☐

NO ☒

f) Where will the students be accommodated during the exchange?

don't know

- g) Are there other services that the other school can offer as a hosting school ,e.g. sport/cultural/extracurricular activities?

YES

- h) Does the other school (as a potential hosting school) already have some companies in mind that could be suitable for my students? if yes take note of some useful info or details

YES - several companies (FISH FARM)

- i) Are there any other info/ remarks from the other school?

#### STUDY VISITS FOR TEACHERS

(the study visits are foreseen to take place during the month of October and November 2018)

Has the other school already in mind the teacher who will participate in the study visit?

YES ☐ NO ☒

If yes, indicate the Name of the teacher:

How many days can she/he participate in the study visit?

3/5

What period/week would be most suitable for a study visit:

NOVEMBER

Are there any particular organisational aspects to keep in mind with regards to the other school?

Any other remarks:

## FOCUS TOPICS FOR THE SPEED MEETING

The aim of this form is to guide the discussion between the two schools during the speed meetings in order to identify best matching between schools. The outcomes/indications will also help us to create a common framework and a best approach for the organisation and development of the training modules.

NAME OF MY SCHOOL: FAZZINI MERCANTINI - GROTTAMMARE

COUNTRY: ITALY

NAME OF THE OTHER SCHOOL AT THE SPEED MEETING: TECHNICAL SCHOOL

COUNTRY: SIBENIK - CROATIA

### JOINT DEVELOPMENT OF COMMON TRAINING MODULES

1. After a short discussion with the other school, what is the degree of compatibility between the two school programmes (with regards to the specialisation programmes/courses involved in the exchange: vessels command and management; construction and Maintenance of vessels, transport and logistics). In particular please take in consideration the common educational training module of 5-10 hours to be jointly developed and tested by the paired schools in view of being, at a later stage, included in the educational offer of the schools.

High ☐ Medium ☒ Low ☐  
 h ☐ ☒ ☐  
☐ ☒ ☐

### STUDENTS EXCHANGE PERIOD

2. How many students in the other school able to send?  
3
3. How many students would the other school be able to receive/host?  
3

4. How would the ideal organisation of the 45-day exchange period be for the **other school**, i.e.:

a) Should the exchanges take place simultaneously (in the same period) in both directions (sending students/receiving students) or in different moments?

☒ Same period ☐ Different moments

b) Should the exchange period be carried out consecutively (without any interruptions) or should the overall duration (45 days) be split in 2 periods:

☒ One whole period of 45 days

☐ The exchange should be split in 2 periods (in such case what should be the duration of the two different periods?) \_\_\_\_\_

c) When should the exchange take place?

- indicate months for sending students (e.g. in the second part of February and first part of March): SECOND HALF JAN - END FEB

- indicate months for receiving/hosting students: SECOND HALF JAN - END FEB

d) What would be the best balance/mix for the 45 day exchange period for the **other school**?

- ☒ First a period of classroom training and then a period of company training

- ☐ First a period of company training and then a period of class room training

- Indicate what could be the appropriate number of days in class room and number of days in company (e.g. 15 days of class room training and 30 days of company training)

20 DAYS CLASS + 20 DAYS company +  
5 DAYS LABORATORY

OR

- ☐ Class room and training activities should run in parallel during the training period (e.g. in the morning class room activities and in the afternoon company activities). In such case:

what do you think would be the optimal number of hours per day of class room training and optimal number of hours per day of company training (e.g. 2 hours per day of class room training and 4 hours per day of company training):  
\_\_\_\_\_

e) Does the **other school** have own accommodation facilities, e.g. dormitories?

YES ☐

NO ☒

f) Where will the students be accommodated during the exchange?

NOT DEFINED YET YET - IN ANY CASE NEAR THE  
SCHOOL

- g) Are there other services that the other school can offer as a hosting school ,e.g. sport/cultural/extracurricular activities?

possibility to join the local football team; visits  
to museums, cinema, theater performances;  
visit to historical towns in the neighborhood

- h) Does the other school (as a potential hosting school) already have some companies in mind that could be suitable for my students? if yes take note of some useful info or details

IMPOL, NCP (NAUTIC CENTRE)

- i) Are there any other info/ remarks from the other school?

NO

#### STUDY VISITS FOR TEACHERS

(the study visits are foreseen to take place during the month of October and November 2018)

Has the other school already in mind the teacher who will participate in the study visit?
