PROMOTIONAL CAMPAIGNS FOR THE LOCAL AUDIENCE

Meaning/intention of the promotional campaign.

According to the “communication Strategy Plan” of the Project elaborated by the I-Archeo.S. Editorial Board and following the suggestions of Ottavia Ricci, one of the members of the Pool of Experts for “Sustainable Tourism Marketing”, it has been adopted a **bottom-up approach** for the “promotional campaigns for the local audience”: the Editorial Board has worked on a deep storytelling of the project through the online tools.

Several actions have been embraced by the Partners in this perspective, for example: involving influencers, storyteller, journalists, asking the public for suggestions of feedback.

The hashtag #iarcheos has been created and used by all the Partners, related to the official hashtag #interreg.

The heart of the social media strategy has been the **STORYTELLING**: each partner with its stakeholders has done a photo-report and narrated the activities creating emotional connection with the public and encourage to live the experience.
