

## NA RUTI LIBURNskog, RIMSKOG I HRVATSKOG NASLJEDA

Prostor Zadarske županije naseljen je od prapovijesnih vremena te je kroz razdoblje Antike, Srednjega vijeka, a posebno tijekom Novoga vijeka, predstavljao važnu kulturološku i gospodarsku posebnost kao most između istočne i zapadne obale Jadrana, kao mitsko predziđe zapadnoga kršćanstva i, konačno, kao trgovačka i kulturološka poveznica između zapadnih i istočnih civilizacija. Kulturna ruta nudi putovanje kroz vrijeme i uvid u složenu prirodu i socioekonomske mehanizme prostora i naroda koji su od pamti vijeka naseljavali i oblikovali identitet Zadarske županije.

## ON THE ROUTE OF LIBURNIAN, ROMAN AND CROATIAN HERITAGE

The area of Zadar County has been inhabited since prehistoric times, and through Antiquity, the Middle Ages and especially the modern era, it represented an important cultural and economic peculiarity as a bridge between the eastern and western Adriatic coast, as a mythical bulwark of Western Christianity and, finally, as a commercial and cultural link between western and eastern civilizations. The cultural route offers a journey through time and an insight into the complex nature and socio-economic mechanisms of the area and the people who have inhabited and shaped the identity of Zadar County for as long as anyone can remember.
