### EVENT SHOWCASING THE AUSTRO-HUNGARIAN LEGACY OF ISTRIA

#### Project KeyQ+

**PP: CITY OF PULA-POLA**

**WHEN: 25 May 2018**

**WHERE: Market of Pula, Narodni trg 9, 52100 Pula, Croatia**

The aim of this event is to showcase the Austro- Hungarian cultural heritage of the Region of Istria, 100 years from its dissolution, the typical products and recipes from the period and, concurrently, give rise to a cycle of collaboration between different actors of the culture and tourism sector. This event, organised by the City of Pula-Pola, was a great opportunity to bring together all the stakeholders interested in taking part in the Istrian segment of the KeyQ+ itinerary. The event took place at the Market of Pula, whose building, itself an architectural legacy from the Empire, celebrates 115 years of existence. Retaining its function as the green market, "belly of the city", the Market of Pula has been feeding its citizens from the opening day in 1903.
