1 people from Association of people with disabilities answer on above mentioned questions, with physical disability.

people answered that sport **At All** contributes to better social interaction and better leisure time. It' is obvious that most of them like sports and it contributes to better social interaction and better leisure time.

People **moderately satisfied** with the offer of the sport events for people with disabilities in Molise Region.

For the main problems on the sport events for people with disabilities answered **Lack of misunderstanding of the organizers** in Molise Region.

For the fifth question the response is moderately and quiet about the life affects of sport events participation.

It is obvious that sport **moderately** even **quite** contributes to increasing in social interaction with others, helps to release negative energy, forgot about disability and with association with other sport colleagues.

When organizing sports events **it is** suffices to emphasize that they are adapted for people with disabilities.

Organization of sports events **don't have** sufficient media space for people with disabilities.

Suggestions of improving the organization of the sport events for people with disabilities is that involve much more young / juniores Athletes.
