D2.2.5. Project Gadgets

European Regional Development Fund

Introduction

According to the CHARGE application form, gadgets are important within the framework of the project brand visual identity. They have been produced by some partners, under the approval of WP2 leader, and distributed to target groups for publicity purposes. They have been also be distributed during public events (EU institutions/IT-HR events) and the final event.

1. Project Gadgets

The target value was largely reached, as 900 items were foreseen and 2500 was the final number of produced gadgets.

Conversely to what declared in the application form, only 3 partners managed to produce gadgets. These ones were distributed to all the other project partners during the project steering committees and the public events in Split (2nd Transport Stakeholders Workshop) and Ancona (final event).

Here below it is possible to retrieve the detailed list of produced gadgets, sorted out per producing partners:

1) Split Port Authority:

- 400 ballpoint pens
