

MOSES

Maritime and multimodal transport Services based on Ea Sea-way project

DESCRIPTION

Improve the accessibility and the mobility of passengers across the Adriatic area and its hinterland through the development of new cross-border, sustainable and integrated transport services and the improvement of physical infrastructures related to those new services.

PROJECT DURATION
1.01.2018 - 30.06.2019

ERDF
998.822,25€

TOTAL BUDGET

GOALS

MOSES makes a difference by redressing and tailoring in an innovative way the pilot projects and infrastructure developments performed by EA SEA-WAY project, pursuing three different objectives:

- To improve the maritime transit services on intermodal cross borders trips;
- To improve quality of passengers services and their comfort;
- To connect the ports to the hinterland, in order to facilitate sustainable multimodal trips.
