

STEP-UP

Sustainable Transport (- Plan) to Upgrade the IT
MR mobility

START DATE

01.01.2018

END DATE

30.06.2019

TOTAL BUDGET

€ 951.831

SPECIFIC OBJECTIVE

4.1 - Improve the quality, safety and environmental sustainability of marine and coastal transport services and nodes by promoting multimodality in the programme area

LEAD PARTNER

Marche Region - Local Public
Transport Logistics And Viability

TARGET GROUPS

- General public
- Local, regional and national public authorities
- Regional development agencies
- Enterprises transport operators including operators of multimodal logistics hubs, infrastructure providers
- Transport associations
- Regional innovation agencies
- NGOs
- Education and training organisations as well as universities and research institutes.

STEP-UP project is capitalizing the results of INTERMODAL and will use the information technologies and applications to foster the multimodal passenger mobility and will identify best practices to reduce common technical and organizational problems. The project foresees 6 pilot activities that will test the implementation of the new services promoted into the mobility platform for a benefit of both - citizens and tourists - in terms of easier travel planning concerning urban, interurban and cross-border level.
