## TRANSPOGOOD webinars

TRANSPOGOOD focuses on ICT-led innovation in multimodal transport and logistics. How can we train, upskill and attract new talents and human resources to manage the big transformations of the sector? CFLI organized three short webinars to explain some of the fundamentals of innovation and sustainable management in the sector to managers, technicians and people who are looking for a career in the sector.

3 webinars:

7th June 2019

["The purchase of transport services between procurement and inovative services"](#)

13th June 2019

["Intermodlaity and sustainability"](#)

21st June 2019 (only Italian)

["La logistica e i trasporti del 21mo secolo: opportunità professionali del settore"](#)
