

11th PROGRAMME MONITORING COMMITTEE MEETING Online, 24th February 2022

~ SYNTHESIS OF THE MAIN DECISIONS ~

- The MC approved the final ranking list of the **Restricted Cluster Call** financing 5 projects with available budget (approved under conditions). Furthermore, the MC gave the mandate to the JS to start the **condition clearing phase** of the 5 projects and to perform minor adjustments to the conditions approved by MC. The mandate is given to the MA to look for **additional savings from Standard projects** in order to finance more proposals from the Cluster ranking lists, as foreseen by the Call announcement and according to the gained score;
- The MC acknowledged the **Standard and Strategic projects' implementation status** and gave the mandate to MA/JS to proceed with SUTRA and TEMPUS major change requests;
- The MC acknowledged the **activities of the external provider** that was granted the communication contract and acknowledged the **reporting of programme communication activities carried out in 2021**;
- The MC acknowledged the TA state of art 2014 – 2020 and approval of the requests 1 and 2 on the absorption of TA savings;
- The MC acknowledged the **initiative “At the School of OpenCohesion – ASOC”** state of the art;
- The MC acknowledged the state of the art of the preparation of the new Programme **2021-2027** with a focus on the next steps for IP submission.
