

Maritime cooperation for shared results

Our 2014-20 achievements are now available!

During the last programming period, Interreg Italy-Croatia funded 92 cross-border cooperation projects that developed new solutions based on joint resources.

On the Programme Results page, you can find all the outputs produced by our projects during the 2014-2020 period: surveys and analyses, pilot projects, reports, studies, plans and strategies, guidelines, digital tools, training materials, and other useful documents that are available to all those who are interested and can benefit from them.

Don't miss our special event on strategic projects on 14 June in Ferrara

Strategic projects have significantly contributed to achieving the objectives of the Interreg Italy-Croatia Programme 2014-2020. During the event "Strategic initiatives shaping the future", projects that involved a larger number of partners, larger territories, and benefited from higher financial allocations will present their achievements.

Together, we have reinforced cooperation in the Programme area.

How? Attend the online event and find out.

Capitalisation in Interreg what does it mean?

Capitalisation 2021-27:

Watch the new infographic to learn how the Programme intends to address this issue

To consolidate the results and valorise the outputs achieved by previously financed projects in all policy fields, the Programme intends to capitalise on the knowledge gained, making valuable results more accessible and reusable. Capitalisation will help to avoid replications and ensure that new projects are built on available knowledge.
