

Our special event in Ferrara was a great success!

Let's celebrate it together

On 14th June 2023, the Interreg Italy-Croatia event **“Strategic Initiatives Shaping the Future”** was held on the results of Strategic projects from the **2014-2020 programming period**, which was attended by more than 150 participants online and in attendance.

During the day, representatives of Strategic projects took turns on stage to talk about their implementation experience and representatives of various Interreg Programmes discussed ‘Operations of Strategic Significance’ in the new programming period.

Another success was achieved thanks to the speakers from the Programme bodies, funded projects, other Interreg Programmes and relevant EU and national/regional institutions.

Strategic projects results

After more than three years of cooperation, the Strategic projects have created several tangible results to improve different aspects of the cross-border area.

This final video shows in a nutshell their findings and achievements.

WHAT'S NEW?

Small-scale projects approved for financing!

The Monitoring Committee of the Interreg Italy-Croatia 2021-2027 Programme on 17th May 2023 approved the outcomes of the quality assessment for the Small-scale projects.

A total of **21 projects** were approved affecting three different Programme specific objectives.

ASOC ETC

Open Data and Civic Monitoring:

the second edition starts!

The ASOC ETC initiative aiming to bring Italian and Croatian high school students closer to cohesion policy is now in its second edition!

This year seven teams of schools are participating in the initiative and only one will be chosen for the best presentation of freely selected Italy-Croatia project's civic monitoring research and data analysis.

Curious to know where the teams come from?

Join our Final Event

2023

In October 2023 the Italy - Croatia Programme will organize an event to present the final results of the 2014-20 period, with the closure of the last funded projects and to share valuable insights into the challenges and opportunities for 2021-2027.

The event will also be attended by the winning teams of the ASOC 2022/2023 project.

We look forward to seeing you at the **University of Zadar** on **17th and 18th October 2023**.
