Contributors:	Andrea Torresan		

If needed:

DISCLAIMER : This deliverable reflects the project MARLESS views; the IT-HR Programme authorities are not liable for any use that may be made of the information contained therein.

CONTENT:

This deliverable has been developed as a digital tool usable as an effective measure able to expand the marine litter program at the local community.

<https://www.thinglink.com/scene/1755231758346879844>

As presented in the image above, the tool has been designed to be quickly accessible and summarize the main achievement of the project in a simple and “catchy” way.

The main topics illustrated are:

- What is Marine Litter?
- How does plastic get into the sea?
- What are the effects of plastics into the sea
- What are the most frequently found plastic items on beaches?
- What can be done to reduce plastic in the sea?
- Laws on Plastic in the sea
- European and local legislation
- Project Videos
- 3D video
