

TRAINING ON CERTIFICATION

PP2/ PUBLIC INSTITUTION DEVELOPMENT AGENCY OF
ŠIBENIK-KNIN COUNTY

Deliverable Number D3.4.1

Final Version of May 30th 2023

WP3 - CB PLATFORM FOR QUALITY MANAGEMENT
OF ADRIATIC REGION

Project Acronym: TAKE IT SLOW
Project ID Number: 10255547
Project Title: Smart and Slow Tourism Supporting Adriatic Heritage for Tomorrow
Priority Axis: 3 Environment and cultural heritage
Specific objective: 3.1 Make natural and cultural heritage a leverage for sustainable and more balanced territorial development
Work Package Number: 3
Work Package Title: CB platform for quality management of Adriatic region
Activity Number: 3.4
Activity Title: Training on certification
Partner in Charge: PP2/SKC
Partners involved: PP2/SKC
Status: Final

As part of the project activities, and at the suggestion of RRA, trainings/workshops on eco-certificates and labels have been conducted, as follows:

Knin, January 31, 2023

Šibenik, March 7, 2023

Drniš, March 15, 2023

The workshops covered the topic of quality certificates in organic agriculture, as follows:

Statistics of organic agriculture

Definitions from the applicable regulation

EU Green Deal and Farm to Fork Strategy

EU regulation: umbrella regulation 848/2018 and accompanying delegated and implementing regulations

Specifics of conventional agriculture and comparison with organic agriculture

Negative aspects of conventional agriculture

Labeling of organic production on products on the market

Development of the regulations of the Republic of Croatia

Product certification: procedure and steps to the organic label

Obligations of producers in organic production

Technical aspects of production

Experiences in the Republic of Croatia

Conclusion, discussion

After the workshop, participants had the opportunity to ask questions and clarify possible uncertainties in the product certification process. After the formal discussion, the talks continued with an appropriate reception with locally produced dishes.

The workshops have been held in appropriate facilities to accommodate the number of participants, according to the selection of the RRA, which made the invitations, provided the technical prerequisites, and provided the necessary support.

Drniš: Small town hall of the town of Drniš
Knin: Information and innovation incubator (3i)
Šibenik: ABC RRA

The response of the participants was exceptional, so the number of participants is as follows:

Knin: 32

Šibenik: 40

Drniš: 29

The trainings/workshops were conducted in a pleasant atmosphere, the participants asked questions during the lecture itself, and some had the opportunity to present their production and way of operating in organic agriculture. As a result of these trainings, it was possible to carry out certification of organic production for some of the participants.

Attendance lists are attached.

PI DEVELOPMENT AGENCY OF ŠIBENIK-KNIN COUNTY

is pleased to invite you to the:

WORKSHOP “QUALITY CERTIFICATES IN ECOLOGICAL AGRICULTURE”

WHEN

JANUARY 31th 2023, FROM 17h-20h

WHERE

SINJSKA CESTA 10, KNIN, Informacijsko-inovacijski inkubator (3i)

European Regional Development Fund

PUGLIA REGION
Department of Tourism, Economy
of Culture and Valorization of Territory

The aim of the workshop is to educate farmers, producers and processors of food and beverages, restaurateurs and all interested parties about the possibilities and limitations of the process of introducing certificates and labels (ISO, EMAS, ECOLABEL, EU eco certificate...) and about their importance for sustainable tourism in order to raise levels of knowledge and innovation.

The workshop will be held on Tuesday, January 31, 2023, from 5:00 p.m. to 8:00 p.m. at Sinjska cesta 10, 22300 Knin (Information and Innovation Incubator (3i)).

The workshop is open, free for all interested parties, interactive and will contain numerous examples from practice accompanied by video and photo presentations. Throughout February, identical workshops are planned in Dрниš and Šibenik.

Main lecturer, Ana Marušić Lisac, B.Sc. ing. of agronomy from the company BIOTECHNICON, Split, has been involved in the control and certification of organic agriculture and production for more than twenty years, since then he has been leading the certification body. Actively works to promote sustainability, regenerative agriculture and rural development, with an emphasis on working with small producers, especially in remote and less accessible areas.
