LCP meeting

P

P

Minutes of the LCP meeting - LP/DNC

Date	24/09/2021
Location	Ston, Pelješac
Time	from 10:00 to 13:00

Agenda

10.00	Presentation of the project activities status and timeline	Regional Agency DUNEA – LP/DNC
10.30	Discussion about the restoration study and the next steps	All participants
10.20	Visit to the Rector's Palace in Ston	All participants

Participants

No.	Name of the participant	Organisation
1	Franica Miloš	Regional Agency DUNEA – LP/DNC
2	Olja Ljubišić	Regional Agency DUNEA – LP/DNC
3	Mirela Raič	Regional Agency DUNEA – LP/DNC
4	Petra Ljubičić	Regional Agency DUNEA – LP/DNC
5	Borislav Puljić	Arhitecture & Road Design d.o.o.
6	Nikolina Azinović	Arhitecture & Road Design d.o.o.
7	Zehra Laznibat	Ministry of Culture, Department for Conservation in Dubrovnik
8	Eva Žile	Ministry of Culture, Department for Conservation in Dubrovnik

NOTES

At the beginning of the meeting, Olja Ljubišić gave a status update on the TAKE IT SLOW project.

Borislav Puljić and Nikolina Azinović from Architecture & Road Design d.o.o. went through the process of preparing the conservation study to which Zehra Laznibat and Eva Žile from the Ministry of Culture, Department for Conservation in Dubrovnik gave their expert inputs.

The discussion between the different stakeholders, led by Franica Miloš, revolved around ensuring the needs of local community are met and that the heritage chosen is interpreted in the most appropriate way.

It was agreed that LP-DNC team will ensure that in the next phase, a team of museologists / heritage interpreters and art post designers (graphics, product, IT and multimedia, lighting and sound) will design all the exhibition elements in the spaces intended for heritage interpretation.

The documentation that will be provided by external experts will cover the main professional trends crucial in the process of developing the new tourist destination of the Rector's Palace in Ston. The main idea of the permanent exhibition is to select key heritage elements (tangible and intangible), explore and design exhibition interpretive messages, themes and narratives, and bring interpretive media that will encourage participation, collaboration and co-creation for the visitors and the community.

In some phases of the preparation of the entire documentation, the premises of the Rector's Palace will be functionally zoned, with a certain thematic-conceptual elaboration and a detailed interpretation plan that will serve as a basis for the preparation of other professional documentation.

Deliverable 4.1.3

LCP meeting

Minutes of the LCP meeting - LP/DNC

Date	8/11/2021
Location	Ston, Pelješac
Time	from 10:00 to 12:00

Agenda

10.00	Presentation of the project activities status and timeline	Regional Agency DUNEA – LP/DNC
10:30	Presentation of the planned public procurement procedures	Regional Agency DUNEA – LP/DNC
11:30	Discussion	All participants

Participants

No.	Name of the participant	Organisation
1	Franica Miloš	Regional Agency DUNEA – LP/DNC
2	Ana Orlović	Dubrovnik-Neretva County
3	Valentina Vitković	Ston County
4	Vedran Antunica	Ston County
5	Fani Slade	Tourist Office Ston

NOTES

At the beginning of the meeting, Franica Miloš and Ana Orlović gave a status update on the TAKE IT SLOW project.

The participants from Ston County and Tourist Office Ston got familiarized with the planned public procurement procedures and gave their feedback, to ensure the delivery will respond to the needs for local community.

The public procurements discussed, with their respective scopes and budgets, included the procurement of the idea design project and main interior design project, procurement of the service for development of the main architecture design project, procurement of the expert for diversification of the tourism offer based on natural and cultural heritage, procurement of service for the implementation of professional and scientific research for the Interpretation centre in Ston, procurement of service of expert for the implementation of the certification procedure for ecolabel / green certification, procurement of the service for creating content for the Interpretation centre (located in Rector's palace in Ston, procurement of service for event organization and public relations, procurement of works for improving accessibility of the Rector's Palace of Ston for establishment of accessible Adriatic heritage interpretation centre, procurement for art installations and the procurement of multimedia and other goods for equipping the Interpretation center.

It was agreed LP/DNC will provide update on the 2022 procurements, namely the procurement of service for the implementation of testing of innovative cross-border tourism products based on natural and cultural heritage and the procurement of event organization services, in the next meeting.

INTRODUCTION

In the opening session Mrs. Valentina Vitković from Ston Municipality greeted everyone and expressed her gratitude for coming in Ston. She did an introduction about Ston Municipality in general, also saying that this project will boost Ston's value of chain and that the Interpretation center will introduce to guests rich natural and cultural heritage and be a dispersive element for further visits to Pelješac, the islands and other parts of the Dubrovnik-Neretva County. Mrs. Vitković also pointed that the Adriatic heritage interpretation center will be managed by the owner – Municipality of Ston.

NOTES

This was the 1st working session of Local Community of Practice of Dubrovnik Neretva County where Regional Agency DUNEA through the activities of 'Technical Support' took the opportunity to present "**Smart and Slow Tourism Supporting Adriatic Heritage for Tomorrow**", an acronym **TAKE IT SLOW**. Franica Miloš from Regional Agency DUNEA explained that:

- the core of the project is cross-border partnership of the private, public and scientific sector joint to support the excellence and innovation in the tourism value chain based on smart specialization concept. A strategic Adriatic framework with the policies for destination management will be developed to boost local communities in addressing the tourism industry impacts and at the same time protecting and promoting rich tangible and intangible natural and cultural heritage of the Adriatic coast, its islands, inland and rural areas.
- the new policies will include measures for diversification of tourism products, improvement of the quality of the tourist offer, marketing and promotion actions, certification processes (green / ecolabel, etc.), implementation of local pilot actions with the involvement of individuals and communities, support and optimization of the digital culture, improvement of accessibility and promotion of the heritage sites and training activities and cross-border integration of Adriatic tourist destination management systems.
- the TAKE IT SLOW project intertwines sustainability, the concept of quality, smart operations, innovation, digitalization and slow tourism which represents a way of giving value to the travel experience, preferring human experiences, relationships with local communities, attention to details, choosing different ways and experiences of visiting, but slowing down the pace through food and wine, cycling, walking, nature and culture of the Adriatic region.

- The Adriatic Heritage Interpretation Centre will be established in the historical-town of Ston (on the Tentative list of UNESCO World Heritage).
- The accessibility of the 7 heritage sites in Croatia and Italy will be put in place.
- 10 cultural and natural heritage sites will be promoted.
- 10 (agro)tourism entrepreneurs will be guided during the process of obtaining the ecolabels/ green certifications.

Melanija Milić from Regional Agency DUNEA said that the "TAKE IT SLOW" project was prepared by the Regional Agency DUNEA through the activities of 'Technical Support'. "Smart and Slow Tourism Supporting Adriatic Heritage for Tomorrow" is an over 3,7-million-euro worth strategic tourism project co-financed (85%) by the European Regional Development Fund through the Italy – Croatia Cross Border Cooperation Programme. Lead partner is Dubrovnik Neretva Region while project partners are Public Institution for Coordination and Development of Split Dalmatia County RERA, Public institution Development Agency of Šibenik Knin County, University of Zadar, Region of Istria, PROMOTURISMOFVG, Veneto Region, Svim SRL Regional Development Agency, Molise Region, Apulian Theatre – Regional Consortium for Arts and Culture, Emilia-Romagna Region, Abruzzo Region and Puglia Region. The project is designed to manage and promote the Adriatic Region as a green, smart, sustainable, accessible and slow cross-border tourist destination.

She pointed out that the project will enable regional and local stakeholders of DNC to exchange knowledge, and experiences, develop and implement pilot actions, test new policies, product and services with HR and IT partners in order to foster smart, sustainable and inclusive growth in islands, coastal and inland areas of DNC. With its partners and stakeholders, through cross-border cooperation, DNC will address common challenges of great seasonality in tourism, vast gap in development of territory between its overexploited and overpopulated trademark capital Dubrovnik and rural areas as well as overuse of well-known natural and cultural heritage on one hand, and no conservation, valorisation, management and promotion of other joint cross-border heritage such as Adriatic vernacular architecture, gastronomy, lifestyle, etc. Moreover, as a Lead partner, DNC will benefit from exchange of good practices and methodologies in cross border partnership in implementation of strategic framework on regional level. Mrs. Milić confirmed that the AHIC will be later on managed by the owner, Municipality of Ston and that they will do a good job in maintaining the idea of a project as well as the Rector's Palace.

Establishing the LCP for the project, Fani Slade from Ston Tourist Board will be the contact person at pilot area. The role and involvement of the LCP, as a group of persons involved in tourism value chain of micro(local) destination is very important through the project. The LCP members will participate at numerous project activities, such as workshops: Smart specialization, study trip to BCC, Smart tourism conference, Assessment of natural & cultural heritage state of art, key stakeholders and target groups on project area where they will develop state of the art of heritage sites, products & services...

After the presentations all participants visited the Rector's Palace in Ston. As part of the implementation of the project "TAKE IT SLOW", the activity of establishing an interpretation center for Mediterranean / Adriatic heritage in the Rector's Palace in Ston is planned. The center is foreseen as a multimedia center of Mediterranean / Adriatic heritage, as a multidisciplinary, multimedia space where, through various arts, design, presentations and different events, typical products, traditional land cultivation and production, customs, way of life and the destination itself will be presented.

Considering that the Rector's Palace building in Ston is protected as part of the Cultural and Historical Entity of Ston (together with the city walls and fortifications), it is necessary to prepare a conservation study in the context of planned works and equipping the Rector's Palace building. The participants at the meeting were also representatives of a firm, *ARCHITECTURE & ROAD DESIGN d.o.o*, that will do the conservation study.

Javna ustanova Razvojna agencija Šibensko-kninske županije je partner na projektu TAKE IT SLOW, koji je kreiran u svrhu uspostavljanja, upravljanja i promocije Jadranske regije kao pametne, integrirane, održive, pristupačne, cjelogodišnje, zelene i slow mediteranske turističke destinacije, temeljene na pristupačnoj, zaštićenoj,

valoriziranoj i promoviranoj zajedničkoj materijalnoj i nematerijalnoj prirodnoj i kulturnoj baštini otoka, obale, zaleđa i ruralnog Jadrana. Ovim projektom, hrvatski i talijanski partneri zajedničkim djelovanjem nastoje pokrenuti visokokvalitetnu razinu usluga i proizvoda turističkog lanca vrijednosti kroz koncepte pametne specijalizacije, stimulirajući pri tome inovaciju, znanje, konkurentnost, umrežavanje i prekogranično partnerstvo.

Cilj ovog sastanka je ocijeniti i raspraviti stanje kulturne i prirodne baštine na području općine Murter-Kornati. Na sastanku će se također predstaviti aktivnosti koje će se odvijati u sljedećem projektnom razdoblju kao i upoznavanje lokalnih dionika s pilot projektom (muzej na otvorenom) edukativne šetnice radnog naziva "Murterske vedute" koja će se u sklopu ovog projekta urediti na liburnskim bedemima brda Gradina.

Molimo Vas da svojim iskustvom i znanjem doprinesete učinkovitijoj analizi navedene problematike.

Poziv na 2. radni sastanak lokalnih dionika Ravnih kotara (projekt TAKE IT SLOW)

To

Cc 'Tomislav Klarin'; krceb@unizd.hr; 'Gabrijela Vidić'; 'Borna Buljan'

Poštovani/a,

Sveučilište u Zadru partner je na projektu TAKE IT SLOW koji se provodi u okviru Europskog fonda za regionalni razvoj i programa Interreg Italy-Croatia 2020. – 2022. godine. Projekt TAKE IT SLOW kreiran je u svrhu uspostavljanja, upravljanja i promocije Jadranske regije kao pametne, integrirane, održive, pristupačne, cjelogodišnje, zelene i slow mediteranske turističke destinacije, temeljene na pristupačnoj, zaštićenoj, valoriziranoj i promoviranoj zajedničkoj materijalnoj i nematerijalnoj prirodnoj i kulturnoj baštini otoka, zaleđa i ruralnog Jadrana.

Ovim putem željeli bismo Vas pozvati na **2. radni sastanak lokalnih dionika Ravnih kotara** (Local Communities of Practice – LCP), koji će biti održan u okviru projekta TAKE IT SLOW. Cilj ovog sastanka je **ocijeniti i raspraviti stanje kulturne i prirodne baštine na području Ravnih kotara**. Na sastanku će se također predstaviti aktivnosti koje će se odvijati u sljedećem projektnom razdoblju, a koje su posebice značajne za lokalne dionike Ravnih kotara.

Sastanak će se, uz pridržavanje svih epidemioloških mjera, održati u **srijedu, 16. lipnja 2021. godine** u prostoru **poljoprivredne zadruge "Maslina i vino" (Kakma 189, 23423 Polača)**, s početkom u **10:00 sati**.

Sve dodatne informacije, uključujući dnevni red sastanka, možete pronaći u **priloženoj agendi i pozivnici**.

Ljubazno Vas molimo da svoj dolazak potvrdite do **utorka, 15. lipnja 2021. godine** na e-mail kkokic21@unizd.hr.

Unaprijed zahvaljujemo na suradnji.

SVEUČILIŠTE U ZADRU

u okviru projekta TAKE IT SLOW - Smart and Slow Tourism Supporting Adriatic Heritage for Tomorrow

14. prosinca 2020.

12:00 sati

Heritage Hotel Mašković Han

Vrana Marina 1, Vrana

Projekt TAKE IT SLOW - Smart and Slow Tourism Supporting Adriatic Heritage for Tomorrow provodi se u okviru Europskog fonda za regionalni razvoj i programa Interreg Italy-Croatia u razdoblju 2020.-2022. godine. Projekt doprinosi održivom razvoju turizma na području Jadranske regije kroz pametnu primjenu kulturne i prirodne baštine u turizmu. U tom kontekstu, cilj projekta je implementirati kulturnu i prirodnu baštinu u inovativne, kvalitetne i privlačne turističke proizvode.

Cilj ovog sastanka je ocijeniti trenutno stanje te primjenu kulturne i prirodne baštine u turizmu Ravnih kotara, na čijem području se kroz projekt žele implementirati turistički proizvodi.

Molimo Vas da svojim iskustvom i znanjem doprinesete učinkovitijoj analizi navedene problematike.

U ime projektnog tima s poštovanjem,

Izv. prof. dr. sc. Božena Krce Miočić

Minutes of the 2nd Local Community of Practice meeting

Date	29/09/2021
Location	Online via zoom platform
Time	11:00-15:00
Prepared by	Sandra Ilić Region of Istria

2nd Local Community of practice meeting was held online via zoom platform on 29th of September 2021 in organisation of Region of Istria and HD Consulting – contracted external expert firm for Smart Action Plan. During the first half of the meeting project coordinator Sandra Ilić from Region of Istria held presentation related to Smart specialisation in tourism and TAKE IT SLOW project. Presentation in its first part presented TAKE IT SLOW project, partnership and main objectives in the perspective of the five works packages and related activities. In its second part Mrs. Ilić presented Smart action plan structure and development process together with envisaged activities of Local community of practice. In the third part definitions of smart city and smart tourism were presented along with best practices examples. First part of the meeting was concluded with presentation of smart tourism activities related to House of Istrian castles. This presentation in slightly different form was already held during 1st Local Community of Practice meeting but for different group of participants. After consulting external experts and LCP group it was concluded to offer the possibility of participation to the wider group of stakeholders that will become part of extended Local Community of Practice group.

In the second part of the meeting Branko Bogunović, expert from HD Consulting Ltd. held presentation related to the Smart City, Smart Tourism and Smart Tourism Destinations concept. In the second part he outlined implementation of Smart tourism in relation to accessibility of resources and destinations, sustainability concept, sharing information and user experience. In the third part he presented tools for implementation, challenges and key success factors of smart tourism concept. Finally in the fourth part he made connection with TAKE IT SLOW Smart Specialisation Action Plan for Momjan area and internal Istria together with examples of project ideas that will make part of it. At the end of the meeting participants were sent presentations and form to send their smart specialisation project ideas that will be the main theme of third LCP meeting.

TAKE IT SLOW PROJECT - BEST PRACTICES AND RELATED STAKEHOLDERS DATA COLLECTION - D.3.2.1 - D.3.2.2

No	Best Practice name	Best Practice description (max 1000 characters spaces included)	Type of tourism
1	BILANCIA DI BEPI	In Palazzolo dello Stella, in a naturalistic context of rare beauty, you can see in action today how 40 years ago the "Bilancia di Bepi": a stilt house on the river with a large net (25 mx 25 m) driven by an electric motor. The Bilancia di Bepi is located within the Foci del Stella River Regional Nature Reserve and is the ideal context for enjoying authentic experiences in contact with nature such as kayaking or canoeing tours along the Stella River and in the Marano Lagoon to discover the casoni, or is possible to book a tour by bike or an horse excursion. You can also attend the peculiar fishing experience and taste the specialties directly on site prepared in the food truck located in the park in front of the Bilancia di Bepi. Daniele Ciprian inherited this heritage from his grandfather "Bepi" and his mission today is managing this place preserving the tradition and enhancing the natural heritage.	SLOW TOURISM
2	STAZIONE DI CHIUSAFORTE	Right on the Alpe Adrai Bike Trail that runs along the old railway, the train station building has been transformed into a functional and unique pit stop. The so called "Chiusaforte Station", hosts a bar and small restaurant, a relaxing lounge with a library, a photographic exhibition, free WiFi access and serves as an info point. They can also rent and repair bicycles. In the bar they use mostly local products from Friuli. The historic building and setting, not far from the town center is surrounded by mountains and woods. The nineteenth-century architectural style of the building, enhanced by a beautiful canopy, is truly unique and ideal to have a relaxing break	SLOW TOURISM
3	FRILAND	Frieland is a new project of sustainable hospitality born in Friuli Venezia Giulia: the first mini-accommodation service on wheels immersed in the nature. A mini house of 12 square metres which contains everything necessary for a holiday. The accommodation is self-sufficient and perfectly integrated with the territory, and is also built with natural materials. When it is moved, it leaves no trace behind it, for an ecological and "green" tourism that more and more people are appreciating. The bathroom has a standard WC (not a chemical one) a washbasin and a nice shower. The kitchen has a large window and is fully equipped, in about one and a half metres there is everything necessary for those who want to cook. The area which stands out the most: the bed next to a huge window. It seems to be sleeping among the trees and the nearby meadows.	SUSTAINABLE TOURISM
4	HOSPITALE DI SAN TOMASO	The small village of San Tommaso di Majano stands on the Via Allemagna, one of the routes that used to lead pilgrims from Northern Europe to the Venetian lagoon before embarking for the Holy Land. At San Tommaso there is the Hospitale di San Giovanni di Gerusalemme. Built and managed by the Knights of the Order of St John around 1199, was intended to provide shelter to travellers and crusaders who needed a safe place in which to sleep and stable their horses. With the end of the crusades and the subsequent decrease of pilgrimages, the hospitale changed its function and was used for agricultural use. Destroyed in the earthquake of 1976, it has recently come back to life again thanks to an association that has taken care of its restoration. The Hospitale now hosts various cultural and artistic activities, and it has resumed its ancient function because of the creation of some rooms dedicated to pilgrims and travellers walking nowadays through the Via Allemagna.	SLOW TOURISM
5	UNA BIBBIA A CILEO APERTO	Cercivento is a typical mountain village in Carnia close to Monte Zoncolan one of the most important skiing resort of the regione FVG. It is surrounded by uncontaminated nature but has also the traces of a rich and important commercial past represented from oldest and architecturally interesting homes. Along the streets and squares of this little village developed the project called "Cercivento: Una Bibbia a cielo aperto" - "An Open Air Bible". It consists of more than thirty artworks (paintings, mosaics, frescoes and photoceramics reproductions) created on the walls of public and private houses. Each artwork is accompanied by related Bible verses in Friulian and Italian language. The grace of the village has increased thanks to these artistic itineraries and become for many people a place to recreate in the Spirits.	SLOW TOURISM

D4.1.3 LCP MEETINGS PP6/VEN

Minutes

A Local community of practice (CoP) is a group of people who share a common concern, a set of problems, or an interest in a topic and who come together to fulfill both individual and group goals.

In order to set Local communities of practices, Take It slow outputs have been already presented in 2020 to several experts' during multiple meetings:

- 5th August to Mara Manente former Director of Ciset – international tourism research centre,
- 3th November to Alberto Cotrona communication expert for Eu projects,
- 4th November Ms Mengotti and Mr Astolfo for Tourism4all – tourism accessible products
- 19th November to Ada Balzan expert on tourism sustainability and certifications,
- 2nd December to Ms Burlando – Etifor expert of GSTC destination certification,
- 4th December Riviera del Brenta DMO experts and administrators.

On June 3, for the completion of the LCP constitution of the TAKE IT SLOW strategic project, we proceeded through direct conversations with each expert that we intended to involve, as the emergency moment linked to COVID 19 has excluded the possibility of in-presence-meeting; bilateral call or videocall appeared the most valuable remote modality.

The following call - videocall are therefore attested:

Erierto Eulisse - Water museum of Venice association	Civil sector - NGOs	Santa Croce, 489	Venice
Stefan Marchioro - Cultural heritage unipd Department - Tourism governance expert	Scientific sector	Piazza Capitaniato 7	Padova
Erika Mingotto – UNIVE researcher	Scientific sector	Via S. Biagio	Codevigo (VE)
Adriana Miotto – tourism expert	Enterprises – private sector		Venice
Alberto Cotrona – communication expert	Civil sector - NGOs	Via Matteotti n. 71	Casale sul Sile (TV)

Diego Gallo/Catie Burlando – Etifor srl	Enterprises – private sector	Piazza A. de Gasperi, 41,	Padova
Mauro Giovanni Viti – Veneto Region	Public/government sector	Canareggio , 168	Venice
Mara Manente – tourism expert	Civil sector - NGOs		Venice
Italo Candoni – Trade Association	Enterprises – private sector	Via Torino, 151/C	Venice
Alessandra Scudeller – Veneto Region	Public/government sector	Via Torino, 110	Venice
Lorenzo Cortesi – VeniceMarathon SSD	Enterprises – private sector	via Linghinal, 5/5	Venice
Sabrina Meneghello – researcher UNIPD	Scientific sector	Via del Vescovado, 30	Padova
Valentina Galan – Veneto Region	Public/government sector	Canareggio , 168	Venice

The project objectives were explained to each participant: the Tourism Department of the Veneto Region is a partner of the strategic project "TAKE IT SLOW, Smart and Slow Tourism Supporting Adriatic Heritage for Tomorrow", under the Interreg Italy - Croatia program, whose partnership is made up of 6 other Italian and 5 Croatian regional bodies. There are three keywords: sustainability linked to the concept of quality of the tourism product and certifications, slow tourism and accessibility.

The project formally started on 1 June 2020 and will end on 31 December 2022: years in which the strategic themes of the project will be translated into territorial initiatives and partnership activities. The project initiatives will in fact develop on a double track, one cross-border, with cooperation activities provided for by the Application Form and one regional, with initiatives linked to the project's work packages and which respond to local needs.

Each partner is required to implement actions, the most significant initiatives of which will concern training for the construction of sustainable tourism products, certifications in favor of destinations and routes and audits for operator certifications, the creation of action plans, " establishment of consultation tables, the involvement and training of secondary school children, photographic competitions with targeted contests, the supply of devices to increase and improve the accessibility of some cultural or naturalistic sites or itineraries, communication and information activities and training of tour operators and tourists on the subject of sustainability.

The role within the LCP was also explained: as part of the TAKE IT SLOW project, we are asked to identify some experts who in various ways are a reference point for us for issues related to the tourism system. What is required of us is to report the experts with whom we share the most on the subject and who always offer us visions and suggestions to be able to better read the system and develop our activities.

All the actors confirmed their involvement in LCP by phone, while Ms Alessandra Scudeller confirmed via email dated 3/6/2021 and Mr Lorenzo Cortesi with email dated 21/6/2021.

Sabrina Cenni	Comune di Verucchio
Maura Mingozi	Regione Emilia Romagna

Short description

The meeting followed an information line regarding the Cross Border strategic framework with the related strategic tools for the management of the tourist offer based on natural and cultural heritage through gastronomy and cultural industries for tourism service providers. In particular, this meeting was aimed at decision makers at the local level (administrations, pro loco and cooperatives that deal with tourism animation) with respect to issues related to promotion / communication.

Agenda of the meeting

- Initial greetings and progress of the project: greetings, introduction to the meeting and brief discussion of the actions taken in the area (state of the art with respect to the assumed commitments).
- Presentation of the communication activities: final logo, eight symbols, draft of the “local” site *Sguardi dal Mare*, other planned activities.
- Presentation of the Smart Action Plan: summary of the activities carried out at the level of participatory meetings and the main results achieved (policy tools, natural and cultural heritage album, shared strategy, short-term concrete actions, medium-long term flagship actions).
- Presentation of the next meetings planned for September 2022:
 - Press conference: meeting for sector operators at regional and national level (media useful for the dissemination of the project and tour operators potentially interested in the local offer) to present the TAKE IT SLOW proposal in Valmarecchia.
 - Educ-tour (journalists, bloggers, tour operators): proposal of itineraries that intercept the sensitive points defined in the project and test some of the experiences offered in the area.
 - Meeting with a Good Practice (local economic operators): study visit to a similar reality to exchange experiences and build potential collaborations.
- Participatory activity “Let's place the symbols”: collection of a half-day / daily experience to start populating the symbols of *Sguardi dal Mare* and collect ideas for the construction of the September educ-tour activity.

1	Roberta Moretti	APT Servizi, a Touristic Promotion Agency
2	Maura Mingozzi	Emilia Romagna Region

As the goal of the meeting is to identify the project area and the various subjects to be involved that will make up the local community, Maura Mingozzi presents the Take it Slow project, the main activities and the objectives.

Project for a new interpretation and tourist use of the Adriatic territory of Emilia-Romagna. Excellences, beauties, lifestyles, which look out over the Adriatic. Cross roads and journeys in the plains, hills and mountains overlooking the sea.

Roberta considers that the project allow us to develop an original way of perception and interpretation of the territory (with its different identities and opportunities) capable of presenting itself as an innovative system of tourist use, so she propose to develop an itinerary to tell the Romagna territory; crossing also with the means of soft mobility its history, culture, food and wine involving municipalities, fortresses, castles, historic villages, over 200 farmhouses, parks, natural areas.

The itinerary specifically identified by the Emilia Romagna Region for Take It slow could concerns the municipalities of the province of Rimini with the aim of identifying the excellences of these "parallel worlds" (20 municipalities) and the innovative and sustainable tourist opportunities / experiences that can be practiced in their various fields, it can represent the extraordinary trace for an unprecedented proposal of the Adriatic territory of Emilia Romagna.

Maura explains that the first step is to create a Local Community of Practise, whose members will enter in a cross-border cluster and Roberta proposed to involve Local Municipalities as Casteldelci, Sant'Agata Feltria, Pennabilli, Novafeltria, Talamello, Sant'Arcangelo, Maiolo, San Leo, Verucchio, Torriana, Poggioberni, Montescudo, Coriano, Monte Colombo, San Clemente, Morciano di Romagna, Montefiore

Conca, Saludecio, Mondaino, Montegridolfo. San Giovanni in Marignano

Since the identified community of practices will have to become an active interlocutor with whom to develop project activities, Maura expresses her concern that such a large project area will then become difficult to organize and manage.

The meeting ends with the common intention of making further investigations and then identifying key interlocutors, more available and active in participation, to be involved in the community.

MEETING HIGHLIGHTS AND MAIN CONCLUSIONS

PP8/SVIM organized the 1st LCP meetings in presence on 16th February 2021 at the SVIM Department in Ancona (Italy).

The objective was to meet the key local stakeholders in order to:

- present them the TAKE IT SLOW project and the related pilot action;
- increase SVIM knowledge about the Forest Codex of Camaldoli and the possible actions to improve its accessibility within TIS project;
- identify other local key actors may be involved in the pilot action.

Gianluca Carrabs, SVIM Sole Administrator, presented to the LCP members an overview of the TAKE IT SLOW project, focused on the Adriatic region and its heritage.

Lucia Catalani, SVIM coordinator of TAKE IT SLOW project, presented the project pilot action, its goals and expected results and the importance of the LCP in the implementation process.

Dom Gianni Giacomelli and Dom Cesare Bovinelli, respectively Prior and member of the Congregazione Camaldolese dell'Ordine di San Benedetto, presented the Codex, its value and practices of sustainable land and forestry management.

Osvaldo Lucciarini, on behalf of Fondazione Medit Silva and as member of the Collegium Scriptorium Fontis Avellanae, highlighted that a proposal for the inscription of the Codex on the UNESCO Representative List of Intangible Cultural Heritage of humanity has been initiated and submitted.

After this first preparatory session, the meeting was coordinated by SVIM in order to discuss with participants how to increase accessibility of the Forest Codex of Camaldoli in the framework of TIS pilot action.

Furthermore, the last part of the meeting was dedicated to broaden the role and responsibilities of the LCP (What is the role of the LCP? Who are the different actors involved in the LCP? What are their different roles? What mode(s) of communication will be used between the different actors?) and to identify other local actors to be involved according to their know-how and skills.

MEETING HIGHLIGHTS AND MAIN CONCLUSIONS

PP8/SVIM organized the 2nd LCP meeting in presence on 19th March 2021 at the Monastery of Fonte Avellana, County of Pesaro-Urbino (Italy).

Lucia Catalani opened the session, recalling the project, the pilot action and explained the objective of this 2nd meeting: to assess the cultural and natural heritage state of art, key stakeholders, target group and existing frameworks on the pilot area.

It was presented and illustrated the questionnaire of assessment - previously translated into national language - in order to familiarized the LCP members with the core concepts and some technical terms.

Then, they were guided during the round table in order to fill in the questionnaire in a collegial manner and through a participatory process such as interviewing techniques. The interviews were designed and realized using the template and the working methodology provided by PP3/ZAD.

Lucia Catalani (PP8/SVIM) and Don Gianni Giacomelli (LCP member) made final remarks based on assessment results, making recommendations for future activities.

MEETING HIGHLIGHTS AND MAIN CONCLUSIONS

PP8/SVIM organized the 3rd LCP meeting in presence on 9th April 2021 at the Monastery of Fonte Avellana, County of Pesaro-Urbino (Italy).

After the opening session with greetings from Gianluca Carrabs and the Prior Dom Gianni Giacomelli, the first panel was dedicated to present and discuss with the participants the

combined assessment developed by SVIM, based on the results of each questionnaire realized during the 2nd LCP meeting. It was an opportunity to conduct a final evaluation meeting with participants and to raise awareness among LCP members about the opportunities and challenges of safeguarding their intangible cultural heritage and how they could be involved in pilot action.

The second session was dedicated to discuss the work plan, clarifying objectives, outputs and timeline of the pilot action. Gianluca Carrabs and Lucia Catalani explored with the active involvement of all participants some key issues such as: What are our goals? What objectives can be identified to meet those goals? What actions correspond to our objectives? What human and financial resources are available? How long will the pilot action run? What are the expected outputs and results?

Following a detailed assessment, it was decided to set up an information, educational and visitors centre combining content, promotional and cognitive insights concerning the intangible cultural heritage of the Forest Codex of Camaldoli and the attractive resources of the area that can be finally presented and promoted to visitors within a common space.

The main idea is to design and establish an initial point of contact with visitors that can provide anyone interested with some initial information on Codex itself, along with related guidance. The visitors centre will be built around a permanent digital exhibition that explains the Codex and offers an overview of the Monastery and insights into local landscape and natural/cultural attractiveness. It will be equipped with media technology using an attractive mix of different communication methods necessary to rouse visitors' curiosity and keep them as motivated as possible.

The visitor centre will also house an information point of the surrounding area for tourists. A standard set of touristic information should be available at the centre in order to guide visitors through the range of local attractive resources, activities, infrastructures and services and to invite them to experience the different facets of local area.

The next operational meeting is scheduled by the end of April 2021 with the aim to identify logistical arrangements.

MEETING HIGHLIGHTS AND MAIN CONCLUSIONS

PP8/SVIM organized the 4thLCP meeting in presence on 30th April at the Monastery of Fonte Avellana, County of Pesaro-Urbino (Italy).

During the first panel, a preparatory workshop was conducted in order to activate the documentation phase and preparing for fieldwork. SVIM conducted interviews and debates with LCP members with the aim to access the contents and the inventoried data of the

intangible cultural heritage (the Forest Codex of Camaldoli), to understand which contents will be made public and how they will be made accessible to all.

The second panel was dedicated to practical and logistical arrangements checking the suitability and functionality of the individuated spaces, according to the objectives and activities of the pilot action.

The physical spaces where the centre will be realized were identified. The centre will be established within an existing building directly adjacent to the Monastery of Fonte Avellana, visited every year by thousands of tourists.

MEETING HIGHLIGHTS AND MAIN CONCLUSIONS

PP8/SVIM organized the 5th LCP meeting, held online on 12nd October 2021.

After the opening session with greetings from Gianmauro Melis, Lucia Catalani, Svim coordinator of TAKE IT SLOW, provided a general overview of the TAKE IT SLOW project advancement.

The first panel was dedicated to the discussion about the pilot action and the involvement of the LCP in the TAKE IT SLOW Project.

Lucia Catalani updated the participants on the following topics:

- dissemination and promotion of the smart specialization workshops realized by the University of Zadar during the months of May, June and July 2021;
- training innovative sessions, which will be organised within June 2022;

- training on certifications, which will be organised within November 2022;
- Smart Action Plan, which will be developed as operational document for implementation of strategic framework at regional level, in cooperation with the LCP;
- WP5 start-up activities and assignment of the service for the improvement of accessibility and promotion of the pilot site to Diametro Comunicazioni s.r.l..

After the presentation, she handed the floor to the participants for comments and questions.

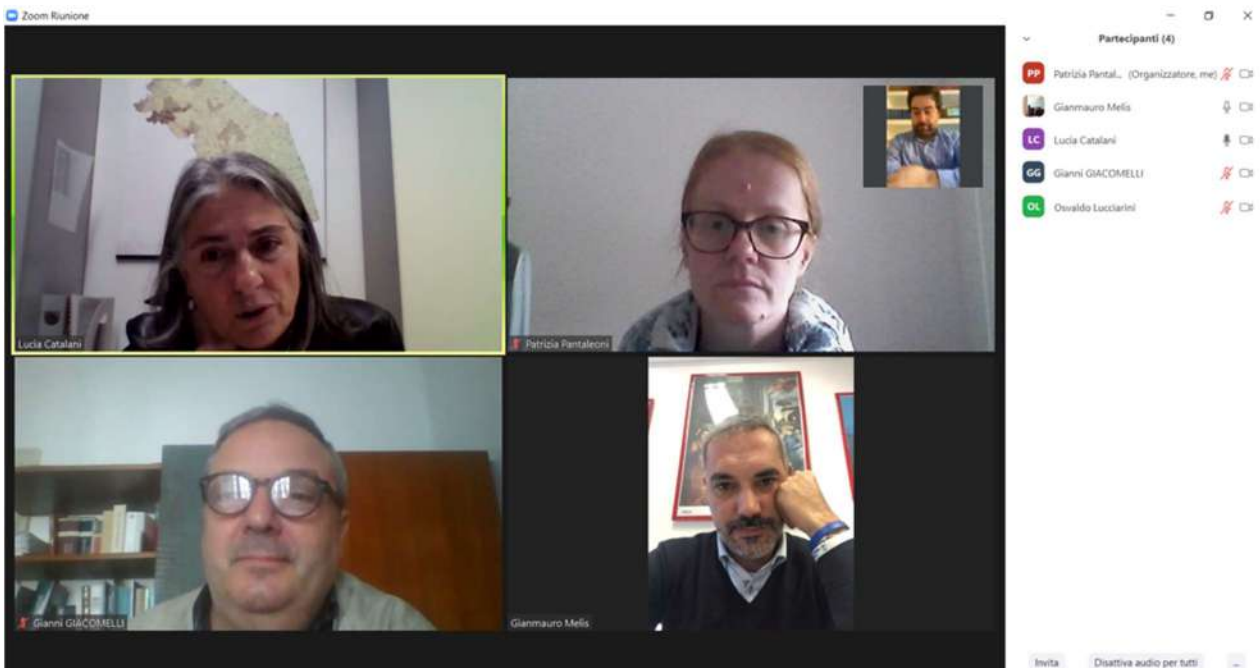

All participants expressed their satisfaction for the TAKE IT SLOW advancement and they confirmed their availability to contribute to the project, especially with reference to the Smart Action Plan definition and the implementation of the D.5.3.8.

The last panel was dedicated to SVIM's participation in International Fair of Book, which will be held in Turin from 14th to 18th October 2021. At the invitation of Marche Region and Fondazione Marche Cultura, SVIM will present the TAKE IT SLOW project and the pilot action during one of the most important publishing and cultural events in the world.

LCP MEETINGS

PP9 ABR REG has organized, with the participation of the local stakeholders joined the Local Community of Practice, n. 2 LCP meeting in the 2023.

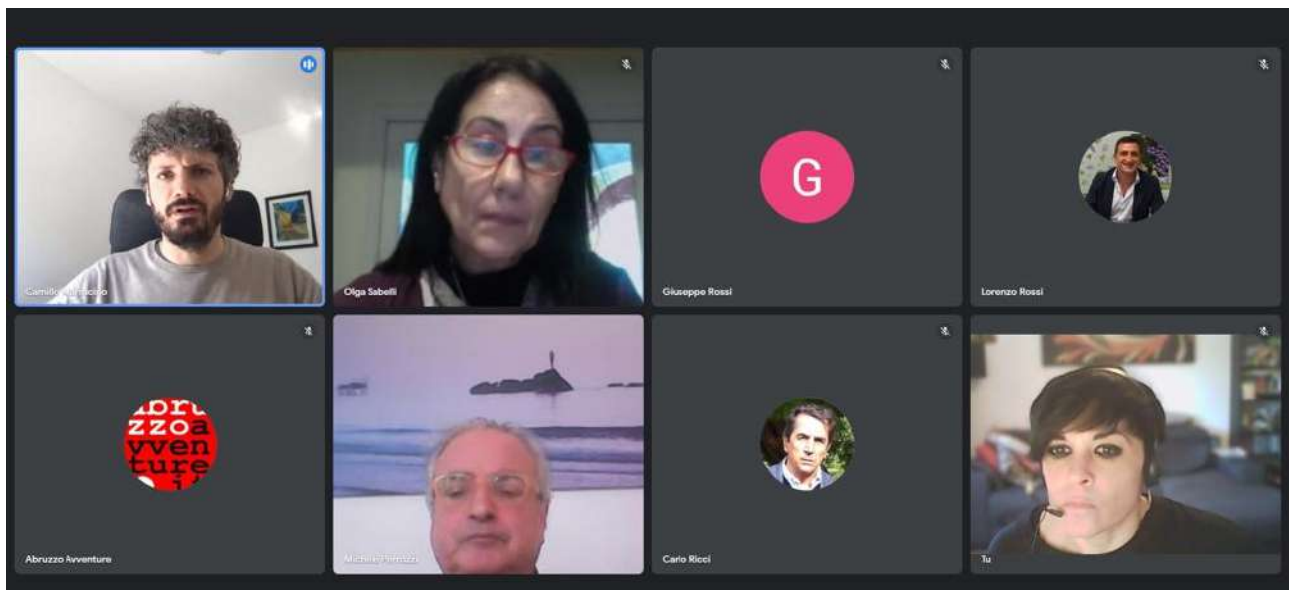

The I LCP meeting has been held online the 19th of April.

During the meeting 5 members have participated. The discussion has been focused on the description of project partnership and objectives, the specific activities of training to be realized into Abruzzo territory, how to better improve the accessibility to the “Green Way” of Trabocco’s Coast, the Smart Action Plan and support request to Stakeholders and LCP members for the SAP development, and future activities to be realized in the last months of project implementation.

The II LCP meeting has been held the 21st of June in Vasto.

During the event the results achieved in the previous months, also with the active support of the LCP members have been presented.

This was the occasion also to promote the LCP to other stakeholders and try to increase the number of members of LCP.

1st LCP meeting

Place: Municipality of Acquaviva Collecroce (CB)

Date: April 21st, 2022

Participants:

Partner:

- Tirabasso Maria – Molise Regione (Project Officer)
- Forte Simona – Pirene srl (Project Manager)

LCP:

- *Piaccia Angela (Municipality of Acquaviva Collecroce)*
- *Vetta Maria Filomena (Municipality of Acquaviva Collecroce)*
- *Gliosca Rino John (Local cultural Ong “NAS ZIVOT”)*
- *Ricci Franca (Municipality of Tavenna)*
- *Quaranta Gustavo (Ong “Pro-Loce Tavenna”)*
- *Vetta Oscar (Local touristic Ong “Molise Explace)*

Short description

The aim of the meetings was to assess the current state and the application of cultural and natural heritage in those areas involved in the slow trail “Cammino delle 7 Chiese”, using the methodology of “Parish Map”.

The 1st LCP meeting had place in the municipality of Acquaviva Collecroce (CB), in hybrid format, with the local stakeholders and local citizens in order to talk about the organization of the local heritage and typical activities of the territory. In this meeting, many places of attraction have been found such as “tratturi” (natural roads), old fountains, ancient buildings, many places which can be re-used as B&B and an important focus has been placed on typical handcraft activities like the production of wine, oil and wool.

The meeting ends with the identification of n. 4 points of interest, composed of: n.1 church, n.2 historic buildings; n.1 green area; n.13 local productions are added to the list (agri-food/handicraft category).

- *De Leo David (citizen)*

Short description

The aim of the meetings was to assess the current state and the application of cultural and natural heritage in those areas involved in the slow trail “Cammino delle 7 Chiese”, using the methodology of “Parish Map”.

The 2nd meeting had place in Montemitro township, in hybrid format, with the local stakeholders in order to talk about the organization of the local heritage and typical activities of the territory. In this meeting, the participants discussed about the possibility of creating a meeting place, for example the Literary Café, which could be used as multimedial library, free information point and café.

Another important point is the hypothesis of giving value to the linguistic minority with the help of natural paths that are already financed from the local administration.
The meeting ends with the identification of n. 2 points of interest (churches) and n.3 local productions.

Short description

The aim of the meetings was to assess the current state and the application of cultural and natural heritage in those areas involved in the slow trail “Cammino delle 7 Chiese”, using the methodology of “Parish Map”.

The 5th LCP meeting had place in hybrid format, with the local stakeholders of Palata township in order to talk about the organization of the local heritage and typical activities of the territory. It has been discussed about the importance of handcraft activities such as glazier, stonemanson, wood. Then many ancient building have been highlighted, which can be a characterising attraction (Palazzo Ricciardi, Piazza del Popolo and so on), and also the feudal part of the town, which is very interesting to visit. Other attractions can be the different paths that have been built for tourism: « Tratturando » (natural path), a path that leads to an old mill and a cycle-pedestrian path.

The meeting ends with the identification of n. 4 points of interest, composed of: n.2 churches, n.1 historic building; n.2 green areas.

Oggetto: TAKE IT SLOW: Invito incontro on-line

Buonasera a tutti,
con la presente, a nome di tutta la cooperativa Serapia, diamo avvio al percorso di coordinamento per questo bellissimo progetto di creazione di una Local Community of Practice con il Teatro Pubblico Pugliese in merito al progetto Take it Slow.

Abbiamo necessità di incontrarvi perché già a breve saremo coinvolti nell'accoglienza del primo meeting e, inoltre, abbiamo la prima scadenza nell'invio del questionario che avete ricevuto.

Pertanto, per organizzare al meglio il tutto, vi invitiamo

Lunedì, 21 giugno - 7:30 – 8:30PM

Informazioni per partecipare di Google Meet

Link alla videochiamata: <https://meet.google.com/bwt-boiw-rmy>

I punti all'odg saranno i seguenti:

1) Presentazione del QUESTIONARIO PER LA VALUTAZIONE DELLO STATO DELL'ARTE DEL PATRIMONIO NATURALE E CULTURALE DA PARTE DELLE LOCAL COMMUNITIES OF PRACTICE (LCP)

Il questionario vi è stato già inoltrato del TPP in formato cartaceo. Qui vi allegiamo una copia su Google moduli a

cui potete accedere dal seguente link:
<https://forms.gle/zSk6JKmXJKJUZt6>

Potete scegliere quale formato inviare ma vi chiediamo di farlo entro il **24 giugno alle ore 12.00**.

Quelli cartacei vanno inviati al seguente indirizzo di posta elettronica: takeitslow.LCP@gmail.com. Per qualsiasi dubbio, lunedì cercheremo insieme di chiarirlo.

2) 15/16 luglio 2021 Steering Committee Meeting che ospiteremo nella nostra LCP

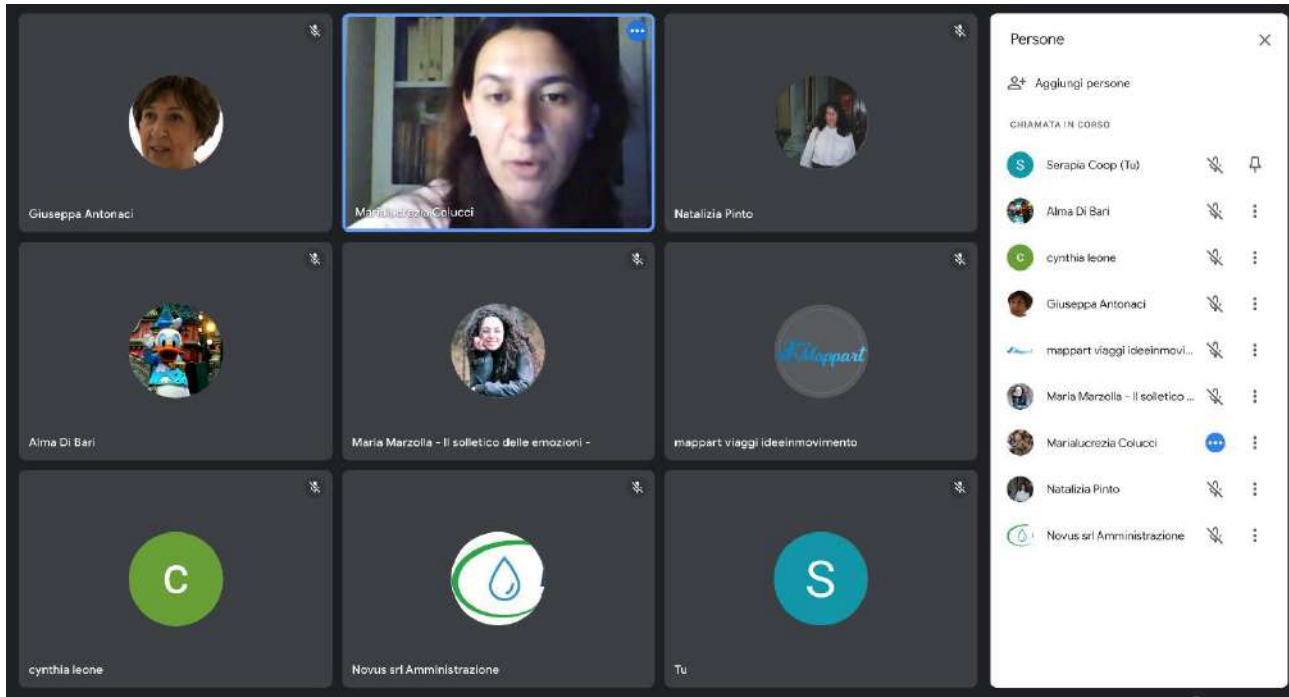

3) Cronoprogramma delle prossime attività.

1

Vi chiediamo gentilmente di essere presenti o di comunicarci eventuali problemi o impossibilità a parteciparvi.

Vi auguriamo una buona serata e un buon week end.

ATTENDEES

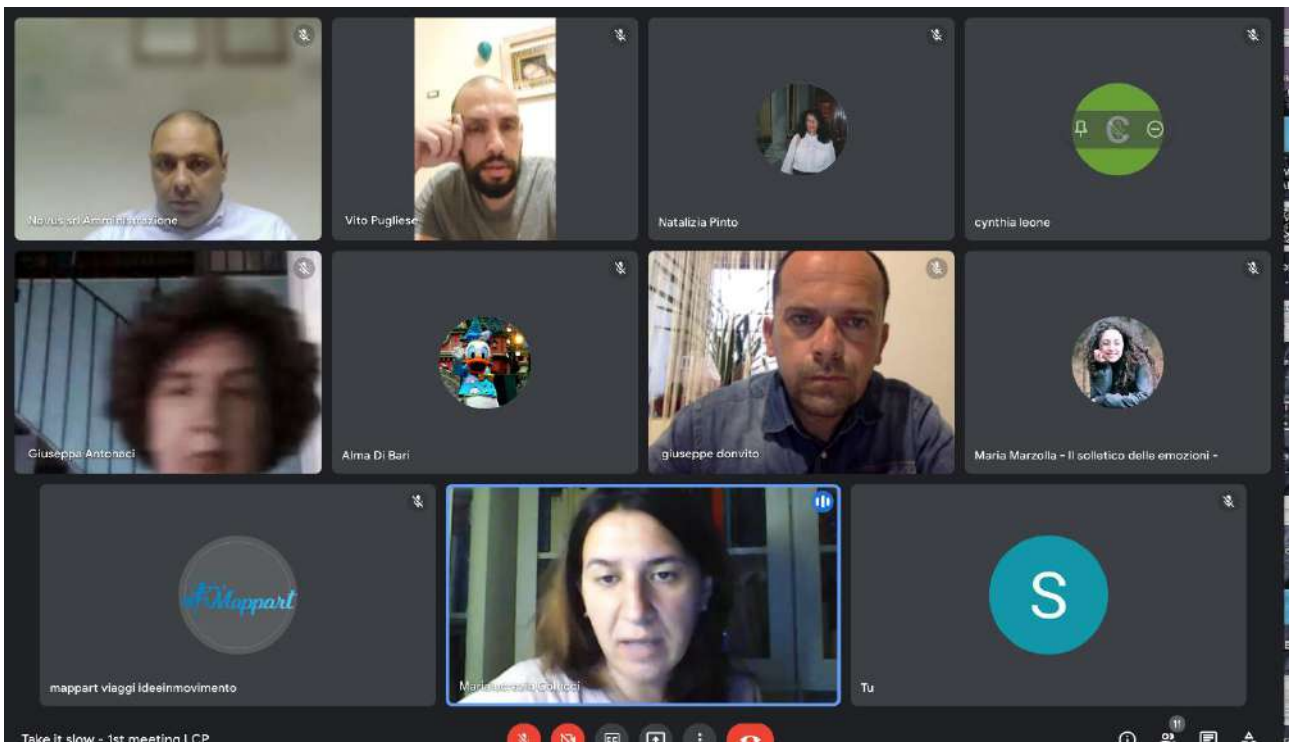

The screenshot displays a Zoom meeting interface with the following attendees in the grid:

- Giuseppa Antonaci
- Marialucrezia Colucci (Active Speaker)
- Natalizia Pinto
- Alma Di Bari
- Maria Marzolla - Il soletico delle emozioni -
- mappart viaggi ideeinmovimento
- cynthia leone
- Novus srl Amministrazione
- Tu

The 'Persone' sidebar on the right lists the following participants:

Meeting of the LCP

Introduction

On the 14th October 2022 at 15.00 the meeting of the Local Community of Practice was held at the Representation Hall of the Municipality of Fasano.

During the meeting, Mr Valerio Palasciano, coordinator of the LCP, shared the "Action Plan" for the conservation, enhancement and management of the natural and cultural heritage of the Terre di Fasano pilot area.

Participants:

- Comune di Fasano;
- For Play Srl;
- Masseria Fragnale;
- Ass. Cult. Cocolicchio;
- Pro Loco Fasano;
- Noctua;
- Dama Srl/Confesercenti;
- Park Hotel Sant'Elia;
- Masseria San Lorenzo;
- ASS. U'MBRACCHIE;

Action Plan

Valerio Palasciano presented the contents of the Action Plan, developed according to the Methodology identified by the University of Zadar, Project Partner, and which will flow into a Join Action Plan Take It Slow.

The Action Plan is the result of a first work carried out with the contribution of the LCP for Evaluation of the state of the art of the natural and cultural heritage of the micro-destination and evaluation of the state of the art of tourism products and services, stakeholders and target groups in the pilot area of the Project.

The Action Plan consists of 20 concrete actions in the short, medium and long term ranging from the implementation of new participatory management tools of the territory, to the infrastructural adaptation with solutions to improve accessibility to places, but which also provides for the proposal of new and diversified experiences dedicated to visitors and the local community for the knowledge of the territory, and teaching aimed at the realities of the territory, as well as strategies for promoting territorial tourism.

During the presentation of the Action Plan, Lino Manosperta, Project Office Manager of PP11, and the Councillor for Tourism of the Municipality of Fasano Pier Francesco Palmariggi intervened to comment on the main points of the Plan.

At the end of the presentation, some members of the LCP spoke. For Play Srl highlighted the importance of an update on the progress of the actions. Masseria Fragnale underlined the importance of enhancing the territory through its witnesses, launching storytelling actions that have citizenship as a target group.

Park Hotel Sant'Elia has declared the importance of creating synergy with high schools in terms of reception, hospitality, narration of the territory. Finally, the LCP confirmed the fundamental role of the Terre di Fasano Business Network, which will have to treasure and promote the results of the project.

The LCP congratulated the work done by the Coordinator Valerio Palsciano, approving the presented Action Plan as definitive.
