Partner in Charge: PP2/SKC
Partners involved: PP10/MOL
Status: Final

CAPACITY BUILDING LAB – Minutes of event

Date: June 29th, 2023 – h09:00-19:00

Place: Casa Museo Stephanus – Termoli (CB)

In collaboration with Molise Explace (co-organizer of the Study Visit event in Molise - D.5.33), Regione Molise organized a capacity-building workshop aimed at the Local Community Partners (LCPs) with the objective of analyzing and capitalizing on the experiences conducted during the guided tour event that took place in Molise in May 2023. The workshop took place on June 29, 2023, in Termoli, at the headquarters of the organizing entity, Molise WOW.

The event consisted of two distinct sessions:

- In the morning (from 09:00 to 13:00), training was provided on best practices related to the experimental action C7C. Specifically, a training activity focused on the processes of creating and developing the Croatian-Molisan tourism offer.
- In the afternoon, a Capacity Building workshop was conducted through a business game, involving the participants. This workshop aimed to promote a participatory and collaborative approach, which was preparatory for the phase of investigation, analysis, and sharing of the experience related to the Study Visit.

The event concluded with a presentation by the Project Manager (P.M.) of the project, who explained the document that followed the activity: the white paper. This document was designed to convey the best practices and lessons learned acquired by the LCPs during the Study Visit event.
