1. Introduction

In the framework of communication activities of CASCADE events are been realized the ADRIATIC SEASIDE FESTIVAL.

As general aim and in line with communication plan of project, in the involved areas, partners organize events addressed to reach target groups as: general publics, visitors, citizens and tourist with the aim to valorise and increase the awareness in the citizens about the marine environmental, disseminate information and knowledge about the scientific activities and results of the project and activities realized in the pilot area and also increase the tourist sustainable attractiveness of Adriatic area.

Furthermore, more important target also the schools and young people to involved also the younger generation, the future of our areas, in the awareness and knowledge about the marine environmental, cultural resources, heritage, traditions, and increase knowledge about the importance of a sustainable development.

The events are also addressed to stakeholders, scientists/technical, local, regional and national public authorities, associations, NGOs, universities and researches institutes with the aim to disseminate information about tool and data resources developed in the project, project and researches results, disseminate results of activities and pilot projects etc.

The CASCADE events had been linked with the pilot interventions with the aim to give information and disseminate activities realized in the pilot sites with a realisation of events in the pilot sites and/or with the theme and content related to pilot sites.

Pilot interventions/areas and partners involved:

P1: Grado and Marano Lagoon and Gulf of Trieste (IT); PP: ArpaFVG; UNIBO

P2: Transitional (e.g. Goro area and Bevano Mouth) and coastal areas in Emilia Romagna (IT); PP: ARPAe; UNIBO; CMCC; Delta2000

P3: Torre Guaceto - Canale Reale, Punta della Contessa, Melendugno in Puglia (IT); PP: Regione Puglia; CMCC; UNISALENTO

P4: Neretva river mouth (HR); PP: IOF, DNC; CMCC

P5: Coastal area in Veneto (IT); IUAV with the support of CORILA;

P6: Miljašić Jaruga river mouth, Nin bay (HR); City of Nin; IOF

P7: Coastal area in Molise (Biferno river mouth, Campomarino Coast and Bonifica Ramitelli SAC) (IT); PP: UNIMOLISE

P8: Northern-eastern Adriatic in Croatia (HR); IRB

P9: Cetina river mouth (HR); PP: Sea and Karst

P10: Torre del Cerrano, Pineto Abruzzo (IT); PP: UNIMOLISE

P11: Marche coastal area (IT); Regione Marche.

The cross-border event **FESTIVAL OF ADRIATIC SEA** has been concept as an itinerant review of events / widespread events that lead to the discovery of the pilot sites of Adriatic Coast involved in CASCADE project.

Festival of Adriatic Sea has been coordinated by responsible of WP Communication for HR side and By DELTA 2000 for Italian side, with the support in particular of Lead partner Puglia Region and CMCC in particular for the first phase of activity definition.

2. Communication approach

The itinerant sea festival called “FESTIVAL OF ADRIATIC SEA”, located on the territories of **pilot interventions**, has been aimed to promote the activities of the project but also at conveying and disseminating information and contents capable of significantly impacting the levels of knowledge and behaviour of people, leveraging on empowerment and awareness of the importance of environmental values aimed at protecting, preserving and conserving the marine environment.

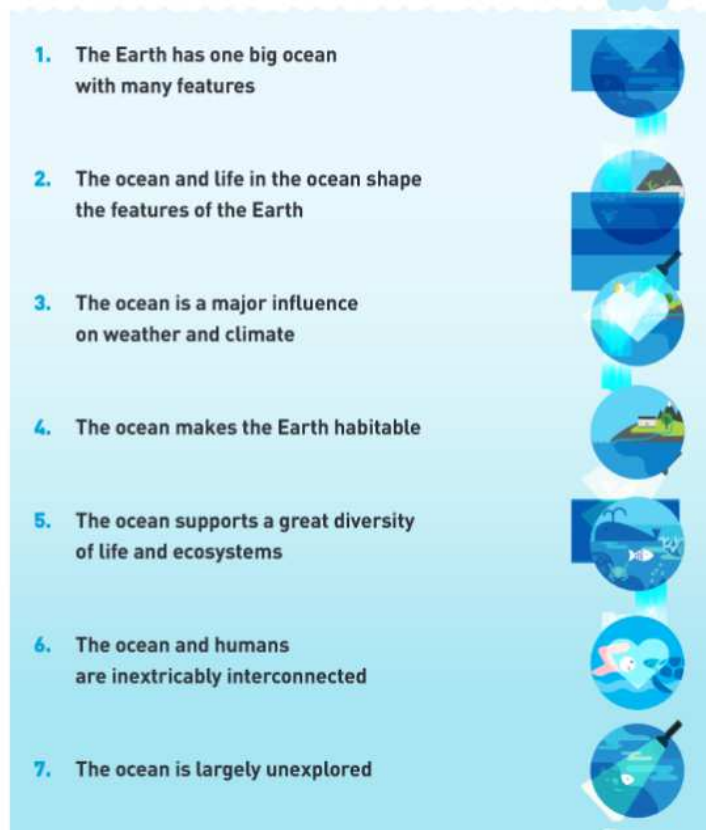

The activities and events realized has been inspired by the seven principles of ocean education

(Cfr. *Ocean Literacy Framework - Ocean Literacy: The Essential Principles and Fundamental Concepts of Ocean Sciences K-12* ¹)

The Earth has one big ocean with many features.

1. The ocean and life in the ocean shape the features of Earth.
2. The ocean is a major influence on weather and climate.
3. The ocean made the Earth habitable.
4. The ocean supports a great diversity of life and ecosystems.
5. The ocean and humans are inextricably interconnected.
6. The ocean is largely unexplored.

The essential principles of Ocean Literacy

3. Festival of Adriatic Sea

0. PROPEDEUTICAL ACTIVITIES

During the second half of year 2021, DELTA 2000 start to coordinate the activities foreseen in the framework of ACT. 2.4.3 linked to Events of Festival of Adriatic Sea. For this aim, DELTA200 prepared a guidelines for local events and festival of Adriatic Sea: considering that in CASCADE project numerous communication events are foreseen in different WP and Actions (WP 2 and WP 5) the guidelines have had the aim to help the partnership to better organized and scheduled the events, avoid overlapping or missing events.

During the project activities the guidelines are been update with the contributions of all partners that identified the events to organize.

1. CORPORATE IMAGE AND PAY-OFF REALISATION

First of all, DELTA 2000 – agreed with partners – created an image and graphic design that has been used on all promotional materials and communication activities linked to the events FESTIVAL FOR ADRIATIC SEA.

It is also confirmed the name of itinerant event: Festival of Adriatic Sea and defined a payoff: "Adriatic ...let's care!" used to standardise and make easily recognisable all project communications and project materials linked to Festival of Adriatic Sea.

At the beginning of April has been shared with project partners the “Guidelines for a joint and coordinate image” with information, logos and graphic indications.

The summary of this guidelines is the following:

1. Visual identity – banner
2. Joint information about the events in the framework of ADRIATIC SEASIDE FESTIVAL
3. Template to collect info for events in the framework of Adriatic Seaside Festival

1.1.- General visual identity used by DELTA 2000 to promote event

Here below the joint and coordinate image about Adriatic Seaside Festival that DELTA2000 has been used by DELTA 2000 and WP COMMUNICATION RESPONSIBLE to promote jointly all the events of the ADRIATIC SEASIDE FESTIVAL through web and social channel.

1.2 Partner banner to promote event realized in the Adriatic Seaside Festival:

DELTA 2000 prepared also a banner that each partner customized with their info/image, adding:

- image / picture
- info about event : location of event/s, date, DATE or FROM (START DATE) TO (END DATE)
- web link where find info about event / your website
- their logo

Basic template

Exemple with photo

1.3 Joint information about the events in the framework of ADRIATIC SEASIDE FESTIVAL

For the depliant or press releases or other promotional and communicational tools it's also been defined a unique information that had to be disseminated, as below :

“ ADRIATIC SEASIDE FESTIVAL will take place from 30th April to 30th September 2022 in 24 different location between Italia and Croatia.

About 100 events are organized by the project partners to promote Adriatic literacy, raise awareness of environmental issues and disseminate the cultural value of the sea.

ADRIATIC SEASIDE FESTIVAL is realized by CASCADE project with INTERREG CBC Italy-program cofinanced by European Regional Development Fund.

Discover all the events on the website: www.deltaduemila.net

Part of event of the Adriatic Seaside Festival are included in “European Maritime Day in my country 2022!”

1.4 Template to collect info for events in the framework of Adriatic Seaside Festival

DELTA2000 with the support of external expert in charge collected all the events proposed in the different territories.

To standardise the information, partners were asked to fill in a form prepared by DELTA 2000 with the different fields of interest (title, venue day and time, short description , contact details of the contact person, indication, photo, etc.). The forms were collected and uploaded onto a dedicated folder on a shared drive.

Fac simile template to collect info events – see your file word in the e-mail

<i>Title event</i>	
<i>Day (or days), month and year</i>	
<i>Location event (included address if possible)</i>	
<i>Coordinate Maps</i>	
<i>Brief description of the event (250-500 characters)</i>	
<i>Contact for information and reservation</i>	
<i>Web site link</i>	

More info in the Annex “ **Guidelines for a joint and coordinate image**”

BROCHURE ADRIATIC SEASIDE FESTIVAL and promotional dissemination activities : communication plan

All events are been collected to create a unique on line/digital catalogue of events. (See in the annex Brochure Adriatic Seaside Festival).

In the catalogue are present the partners map where the event were scheduled, information about project and about the events.

WEB SITE

The catalogue was available on:

- Project website <https://www.italy-croatia.eu/web/cascade>
- DELTA 2000 website <https://www.deltaduemila.net/events/> and <https://podelta.eu/en/138-adriatic-seaside-festival>

In the facebook channel has been realized a communication campaign to promote events connected with Adriatic Seaside Festival; each partners has been invited to promote and disseminate the catalogue other than their events.

POST CARDS

Production and printing of 10,000 promotional postcards in Italian English, bearing the corporate image and related digital layout for the web and social promotion. All the post cards are been distributed among partners project.

“Adriatic Seaside Festival took place from 30th April to 30th September in 24 different locations in Italy and Croatia, with about 100 events organized by the project partners to promote Adriatic literacy,raise awareness of environmental issues and disseminate the cultural values of the sea. Adriatic Seaside Festival has also been included in the “European Maritime Day in my country 2022”.

An overview

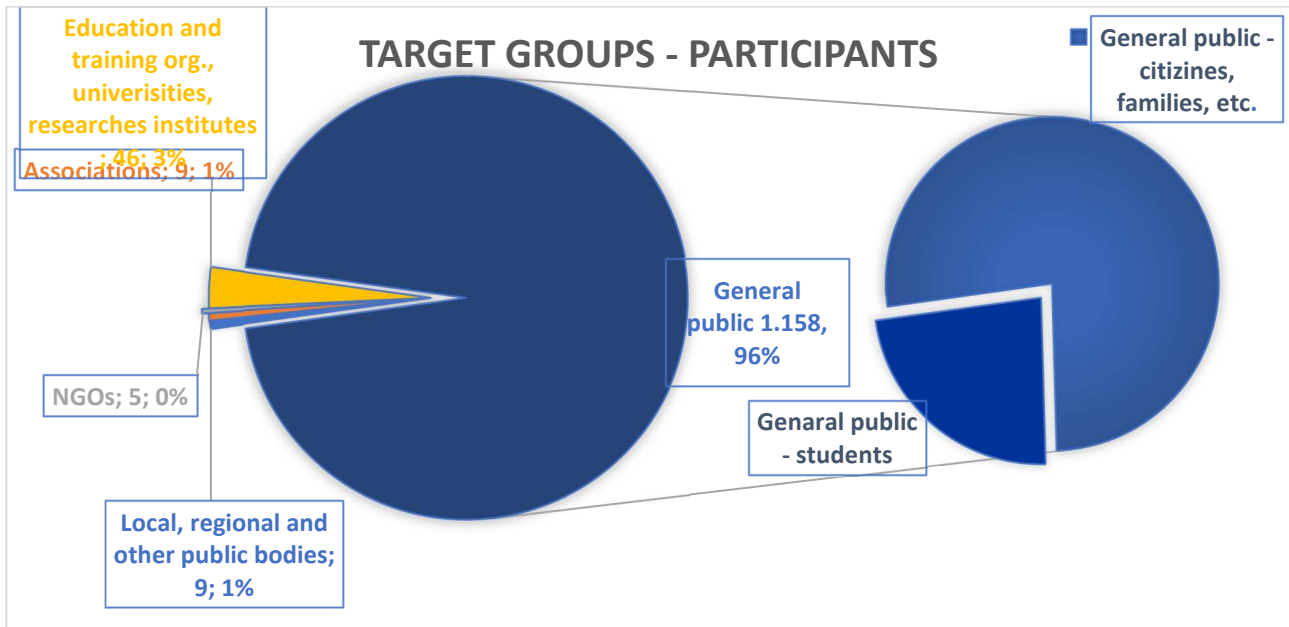

The total events realized are been n.77 , some events composed by more then one activity (eg. Workshop and guided tour or lectures and laboratory).

The most part of events are been guided tours and guided excursions (38%) of events, followed by laboratory included laboratory for young people but also laboratory for citizens (22%) and workshop (17%).

Type of events	No.
Laboratory	18
Guided tour	31
Lectures	8
workshop	14
citizen science event	5
Gastronomic entertainment	4
conference	2

The target groups predominant has been the general public , composed for a relevant sections by students and young people.

Target groups - participants	No.
Local, regional and other public bodies	9
Associations	9
NGOs	5
Education and training org., univerrisities, researches institutes	46
General public	1150
<i>of which students of schools</i>	348
Total	1219

Among the events with a large number of participants we found: the Dubrovnik Sea Festival, with about 150 people, students in particular , where has been organized a guided tour with experts for children from elementary school Gruda. Experts from Dubrovnik Aquarium and Natural History Museum explained the value and importance of the marine ecosystem preservation and protection. Natural History Museum also provided information about different land species which are in danger due to climate change effect especially species from the Dubrovnik region, the citizen science event in Rovinj, Cleaning the sea eco action, and in Italy the Cross Border event OCEAN LITERACY with the participation of CASCADe project at the European Maritime Days at Ravenna Darsena from 19th to

22th May with an informative stand located in the Darsena and a series of events as presentation, workshops, meeting , educations laboratories and entertainment at the stand.

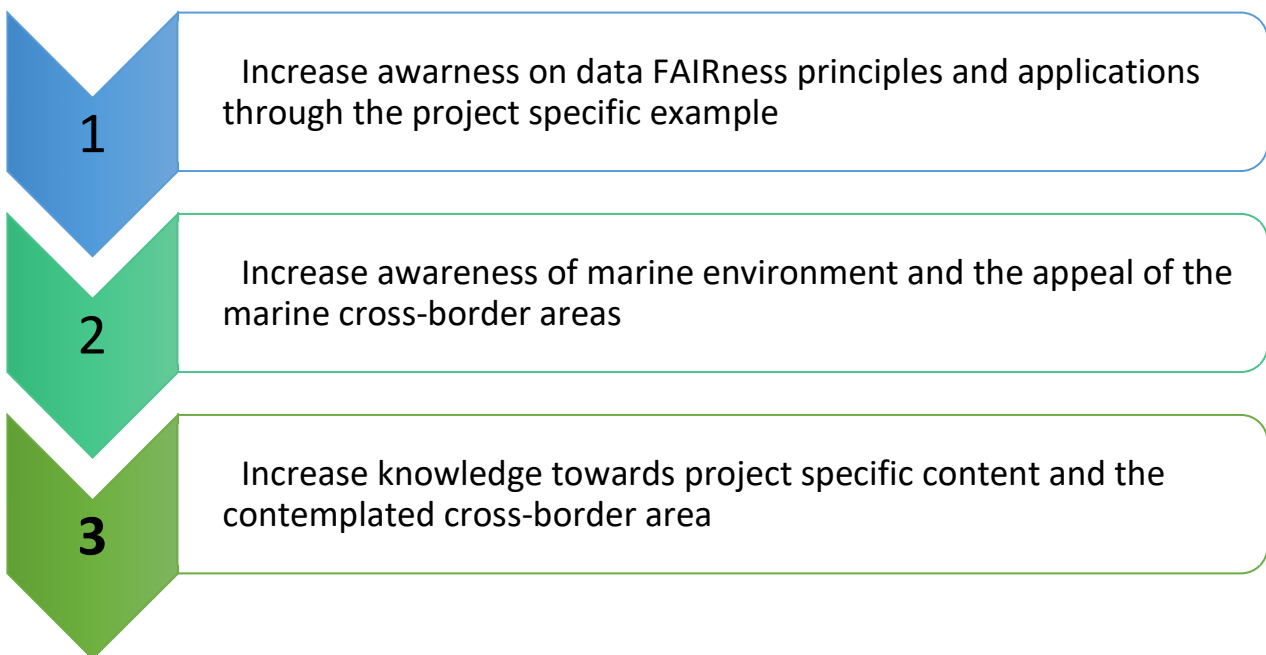

Also workshop organized in Nin have had a wider success, thanks at the participation of young people - students of local schools. Other events with wider participation also scientific workshop in Termoli and Cerrano.

In general all events organized by partner project as workshops, guided tours, conference, excursions, lectures organized along the Adriatic coast and in the site of pilot project have had a very wider success with a medium participant of about **15/20 people**.

5. The objectives reached by Adriatic Seaside Festival

The aim and effective result of events realized are strictly in line with the objectives of communication strategy of CASCADE project and in particular with the main project Communication objectives.

Project communication objectives of CASCADE project and...

... aims of Adriatic Seaside Festival

Events realized in line with the main aim of CASCADE project are been finalized:

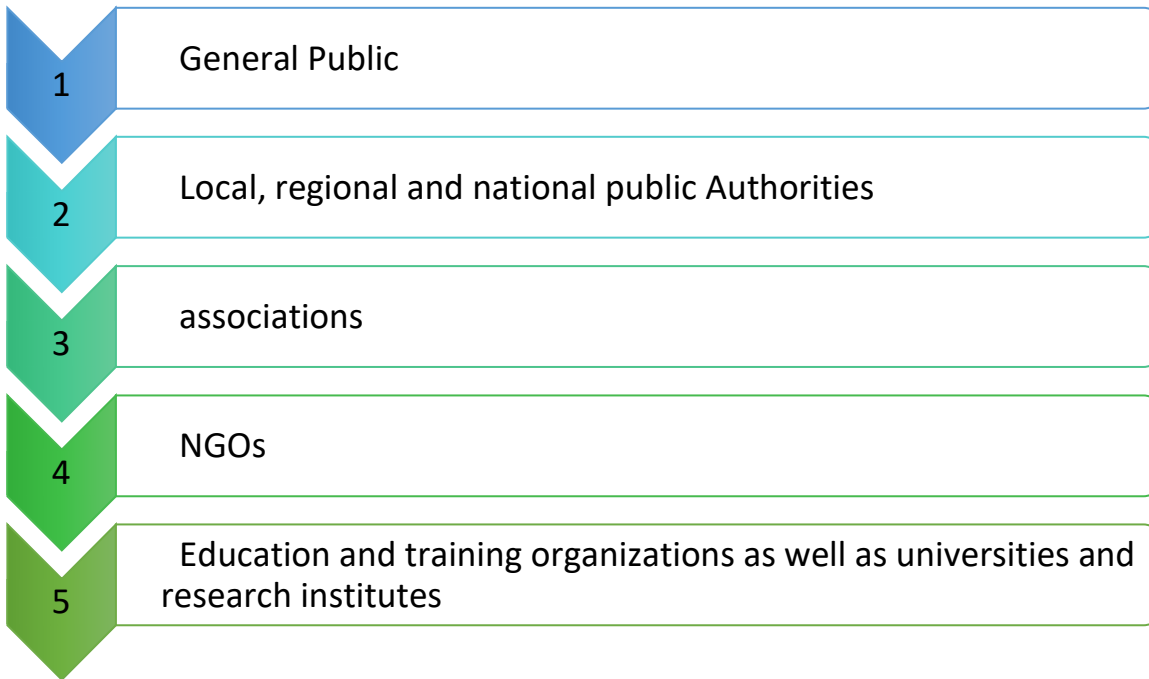

- To sensibilize about the importance of ecological and marine ecosystem preservation and protection
- To knowledge about the ecological and environmental resources connected with marine and internal ecosystem
- To raise environmental awareness and emphasize the importance of the sea
- To disseminate information and raise awareness about the impact of the people and the climate change on the biodiversity of the area
- To knowledge of the marine organisms of the Adriatic to raise awareness of the biodiversity richness of our sea and to underline the importance of protecting of this heritage, so the forms of life that populate our seas
- Discover history, traditions and culture of site involved in the project and local marine sites connected: “ a better knowledge for a better conservation and preservation”, in particular considering the importance of sensibilisation of young generation.

-
- To involve young generation and children in the knowledge of the sea and its biodiversity
 - To raise awareness of project *CASCADE* among the general public
 - To make the stakeholders aware of the project benefits
 - To strengthen the touristic potential of the cross-border area and increase the awareness and perception of the marine environment.
 - To increase and to reinforce the appeal of the area and of its cultural and environmental tourist offers
 - To increase awareness and dissemination about analysis of environmental data on transitional and coastal water ecosystems of the cross-border region
 - To stimulate an active involvement of local cross-border coastal communities thanks to different stakeholders private and public that are been direct involved in the realization and organization of events and initiatives.
-

6. The target groups reached by Adriatic Seaside Festival

The target groups of CASCADE project and...

The target groups reached is in line with the target groups identify in the Communication Strategy of project.

... reached by Adriatic Seaside Festival

General public	<p>Target Reached with ASF as attendees of events : no. 1.158</p> <p>Total audience about 175.000 people</p> <p><i>Target value of all CASCADE project 20.000 -</i></p>
<p>Italian and Croatian citizens with a specific interest or need in Italian and Croatian Natura 2000 and CASCADE Pilot sites and in the discover of culture and traditions of sites involved in the project.</p> <p>They are be reached through social media, website and media network strategy but also through the numerous press article published in the newspaper on line and printed. (Considering the press review of articles disseminate by DELTA 2000 as partner responsible of Adriatic Seaside events the total audience reached with the press are been of n . 171.104 and coverage on the social of about n. 5.000 people , considering like, sharing and the followers at the social pages.)</p> <p>The target of this events connected with Adriatic Seaside events has been citizens and the young people, in particular students of all schools' degrees. Several events in fact are been direct to involved schools and students, with active laboratory, lectures, workshop, study visits and so on. Those actions could be very useful to involved and increase awareness in the young generation, the future of our territories.</p>	

Local, regional and national public authorities	Target reached: n.19 - 95% Target value of all CASCADe project: 20
<p>19 Local, regional and other public authorities are been reached by the events: parts of them with a direct participations and other with a direct involvement in the organisation of events that are been located in the territorial areas of their competence (s in the case of events organized by DELTA 2000 – 11 week end from Goro to Cattolica where all the 10 municipalities are been involved in the organisation events on the territories of their competence).</p>	
Associations	Target reached : 11 – 100% Target value of all CASCADe project: 10
<p>Enterprises associations working on the aquaculture, sea and other sectors connected with blue growth in the areas of CASCADe pilot studies. These target users benefited from new information and data on marine ecosystems developed in the project. These target groups will be addressed via bilateral contacts and media, and during key projects events.</p> <p>Other the associations attendee during the events as “public”, the associations participated in the organisation and in the contents of events (as in the case of events organized by DELTA 2000 – 11 week end from Goro to Cattolica where 4 associations are been involved in the organisation events on the territories of their competence: Legacoop Emilia Romagna Region Cooperativa Mare Cattolica , Casa del Pescatore, Copego).</p>	
NGOs	Target reached : 7– 70% Target value of all CASCADe project :10
<p>5 NGO and Associations engaged in the protection and management of Natura 2000 and CASCADe Pilot sites related to coastal and marine ecosystems. They will be addressed via bilateral contacts. Effectiveness of communication will be evaluated using number of bilateral meetings with key target groups, n. of attendees in open and public events; n. of invited speakers in the organized events and n. of likes and shares in social media</p> <p>Other the associations attendee during the events as “public”, NGO participated in the organisation of events (as in the case of events organized by DELTA 2000 – 11 week end from Goro to Cattolica where: n.2 , Cestha and Fondation Cetacea).</p>	
Education and training organizations as well as universities and research institutes	Target reached :> 16 -100% Target value of all CASCADe project: 16
<p>About 23 organizations/Universities/Research Institutes attendees in conferences or participated as speakers, the target value is more than reached.</p>
