D 2.2.2

Project Acronym	Firespill
Project ID Number	10255377
Project Title	Fostering Improved Reaction of crossborder Emergency Services and Prevention Increasing safety Level
Priority Axis	Safety and resilience
Specific objective	2.2 - Increase the safety of the Programme area from natural and man-made disaster
Work Package Number	2
Work Package Title	Communication activities
Activity Number	2.2
Activity Title	Public events
Partner in Charge	PP4
Partners involved	All PP
Status	Final
Distribution	Public
Date of release:	4/2022

In this activity, ATRAC convened the County Operations Centres (COCs) and the Ministry of the Sea, Transport and Infrastructure. The event took place in the Dubrovnik-Neretva County from 27 to 28 April 2022, with representatives from the COCs of Primorje-Gorski Kotar, Lika-Senj, Zadar, Sibenik-Knin, Split-Dalmatia, and Dubrovnik-Neretva counties in attendance. The Ministry of the Sea, Transport, and Infrastructure provided support, with active participation from the Maritime Safety Directorate.

The event kicked off with brief reports from the COCs on their 2021 activities. The director of the center introduced the FIRESPELL project, updating participants on current activities and those slated for completion by the project's end. ATRAC's mission in Syria last December, which focused on addressing oil pollution, was also presented.

The Ministry of the Sea, Transport and Infrastructure's representative showcased the RETOS tool, used in analyzing the National Contingency Plan in collaboration with REMPEC, ITOPF, and ATRAC. The representative from the Public Institution "Priroda" of Dubrovnik-Neretva County highlighted the county's sensitive areas.

On the second day, participants toured sensitive areas on the island of Korčula and the region between Pelješac and Korčula. The event successfully achieved its primary objective: recognizing the diversity of existing county response systems, facilitating the exchange of experiences among various COCs, and defining preparedness and response standards.
