Partner in Charge	PP4
Partners involved	All PP
Status	Final
Distribution	Public
Date of release:	9/2021

In the first year of 'FIRESPELL' project, ATRAC made gadgets for the project in the form of water bottles/tumblers, power bank batteries and waterproof bags. These materials were distributed to stakeholders and people that attended our events in order to spread awareness about the project's activities.

In 2023, ATRAC also made colouring pages that were distributed during the workshop we held for elementary school students that was organized to educate them on different types of marine pollution and how they can help with prevention.
