## Enhancing Innovation and Sustainability in Adriatic Aquaculture

The kick off meeting with aim of Enhancing Innovation and Sustainability in Adriatic Aquaculture, under the project AdriAquaNet was organized in the town of Split on 31st of May by Klaster Marikultura (PP7). Local authorities and entrepreneurs, graduates and students, farmers and producer associations were invited on the meeting and We hope to increase the attention of the farmers in the next project phases.

### The topics presented

During this meeting with the aim of Enhancing Innovation and Sustainability in Adriatic Aquaculture the Local Authorities, Croatian partners, Joint Secretariat representative, Lead Partner and WP leaders presented, discussed and reviewed with local stakeholders the following topics:

- Remarks and keynote speeches
- Cooperation and strengthening the capacity for research, development and innovation in the mariculture sector in the adriatic area
- New strategies for improving sustainability and productivity of italian and croatian marine fish farms and ensuring fish health status and high-quality products for the consumers
- From the project insights to concrete outputs of stakeholders and partners, involving regional and national associations, media and consumers

The meeting was accompanied by local TV and web portal.
