

The challenge

Adriatic mariculture provides highly valued fish products for both local and distant markets. This sector can further develop thanks to new available technologies and stronger information for consumers. The sector can offer high qualification job opportunities and boost local economy.

Project Partner 9

ITTICA CALDOLI SOCIETÀ AGRICOLA A R.L.

Fish farm

THE TEAM

- Arianna Bagnardi, Dr.
 Chief executive officer
- B Arianna Bagnardi, Dr. & Grazia Cendamo, Dr. Financial manager
- Giuseppe Lauria
 Technical operator at fish farm
- Stefano Moretto
 Technical operator at fish farm
- Massimiliano La Piscopia
 Technical operator at fish farm

The team

Within **AdriAquaNet** project, **4 industries**, **1 consortium** and **6 research laboratories** from both **Italy** and **Croatia** are teaming up to develop and apply technologies for fish farming and marketing. This is the first ever initiative for improving the quality of fish farming and marketing by cooperation between both sides of the Adriatic Sea.

EXPERTISE

- → Team manager, Project management and coordination of activities. She has taken this role after the loss of Andrea Novelli
- → Financial administration and reporting
- Assistance for organization, preparation and maintenance (cleaning, alimentation, monitoring, etc.) of spaces, structures and animals
- Assistance for organization, preparation and maintenance (cleaning, alimentation, monitoring, etc.) of spaces, structures and animals

Assistance for organization, preparation and maintenance (cleaning, alimentation, monitoring, etc.) of spaces, structures and animals

WP 1

Financial and administrative management

WP 3

Implementation of pilot plant for a modern hatchery 4.0 and improve environmental sustainability of fish farming – implementation of experimental feeds and protocols at fish

WP 4

R&I to improve health and sustainability in aquaculture
