

# Adri.SmArtFish

Valorisation of SMALL-scale  
ARTisanal FISHery of the  
Adriatic coasts, in a context  
of sustainability

**PROJECT DURATION**  
January 2019 - June 2021

**ERDF**  
2.755.895,93

**TOTAL BUDGET**  
3.242.230,50

Small-Scale Fishery is the most relevant fishery segment world-over, and in the northern Adriatic alike. It is deeply rooted in local traditions, adapted to the environment, and inherently sustainable, but it is threatened by many issues.

Exploiting its great adaptability, the Project will strengthen it within the cooperation area, and promote its potential for sustainability.
