INTRODUCTION

The submission of Advance Payment request, in the frame of Italy-Croatia CBC Programme through the SIU Management and Monitoring System, is fully digitized. For a complete de-materialization of the submission process it is suggested to use whenever possible the digital signature for subscribing the application and the declarations; if not, the user shall nevertheless register all data into SIU and the System will then generate the Advance Payment Application Form that needs to be printed, signed and uploaded on the system. Likewise, all prescribed annexes must be uploaded (as electronic documents or scanned paper documents) in the system before the Advance Payment request submission.

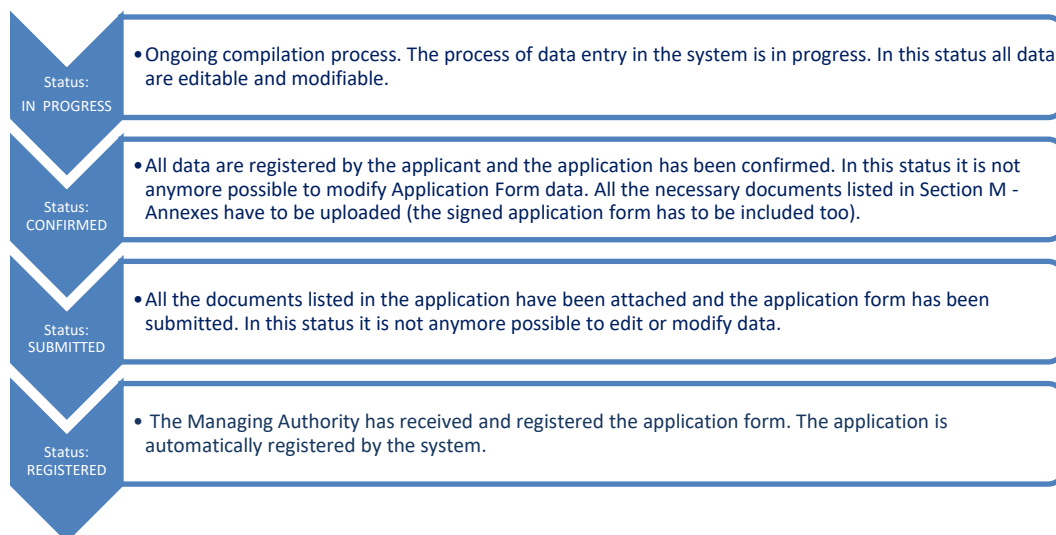

This Manual contains key technical information on the operation and use of the system for supporting the applicant during the filling in and submission process of the Advance Payment request. Only Lead Applicants shall register and access SIU to draft and submit an advance payment request under the Italy Croatia CBC Programme.

The application process consists of the following main phases:

- 1st Phase – Access to SIU
Operational phase to access SIU System and start a new application.
- 2nd Phase – Creation of the Advance Payment Request
Operational phase including the selection of the request type, the Application ID to which the Advance Payment request is referred and the subject on behalf of whom the applicant intends to present the request.
- 3rd Phase – Filling-in the Advance Payment request in SIU
Operational phase including the application filling in phase and the application confirmation.
- 4th Phase – Completion and Correctness Check
Operational phase concerning the resolution of warnings and alerts reported by the SIU System related to locking checkpoints
- 5th Phase – Confirmation
Operational phase including the confirmation of the filled-in Application Form and the upload of relevant annexes.
- 6th Phase – Submission
Operational phase including the application form signature (digital or not) and the application form submission.

This Manual is intended to provide guidance to applicants through the whole process from starting a new Advance Payment request to its submission to the Managing Authority (1st to 6th Phase).

During these phases, the application takes different status (see the figure below):

In the following paragraphs of the Manual, the functioning of the System is outlined, and it is also explained how to:

- Access the system
- Complete the Advance payment request
- Finally, submit the Advance payment request.

SIU STANDARD FUNCTIONS AND TOOLS

Throughout the following paragraphs common functions and tools used by SIU are outlined and described.

2.1 PANELS

General layout

SIU uses a single browser window to display the pages (the same solution is generally adopted for web navigation purposes).

The browser window is divided into three parts (sections):

1. Header

The Header section is located at the top of the browser window. It contains the logo of the Programme **1** and allows the user to log out from the application **2**.

Countdown of "Session timeout" is also displayed on the header **3**, indicating the remaining time for the user to fill-in the current Session before it expires. Just in case users' inactivity lasts more than 30:00 minutes, the Session expires and the user will have to log in again to continue filling-in its request.

The user can click the button called "Extend session" **4** **to reset the timing countdown**. Each time the user is pressing this button, the 30 minutes countdown will restart.

2. Menu

The Menu section is located under the Header section of the browser window. It contains links to the general functions of the application. The user can select the function clicking on the corresponding title with the left mouse button. The content of the section changes in a dynamic way (depending on the active function).

3. Main

The Main section is located below the Menu section and displays many functions of the application. This section shows the following information:

- Position of the displayed function;
- Title of the displayed function;
- System messages;
- Data;
- Buttons.

2.2 GRAPHICS

Used graphics could be classified as below:

1. Link

It looks like a part of text that becomes underlined if the user moves the mouse on it. It represents a link between two functions and allows navigating.

Please see below a normal link on left side and a link stressed by the mouse on the right side:

2. Button

When the user presses the button (by clicking on it), the corresponding operation will be carried out. The buttons are identified by an icon with some written text on it (see an example below):

3. Radio button

It is a graphic object useful to select a single value of a limited number of predefined elements. To select the value the correspondent round field must be clicked:

4. Values list

It is an object with a related values list. This associated list of values will be displayed by clicking the grey little square on the right side of the element. Only one list item could be entered or displayed. See example below:

5. Field

It is an element containing free text. Sometimes detailed data format are required (i.e. for a date DD/MM/YYYY and for digits commas like decimal markers and points like thousands separators). In case of editable field, it needs to click on the element with the mouse in order to align the cursor in position and start to insert data:

6. Check box

It is a graphic object with a boolean function related (only two options). It is possible to switch between the values clicking the grey little square on the right side of the element (clicking again the inserted value will be unchecked):

2.3 LISTS DISPLAY

Lists display is a table where data referred to different objects are displayed. A data set related to a single object considered into a table is called "Record". Records can be displayed one by one (single-record fields) or they can be organized and displayed all together in a list (multi-record fields).

The screenshot shows the SIU Veneto 2014-2020 Applications interface. The top navigation bar includes 'NEW REQUEST', 'SEARCH', and 'DELETE REQUEST' buttons. The 'SEARCH' button is highlighted. Below the navigation bar, there is a 'Search' section with a 'Select programme' dropdown menu set to 'Italy-Croatia CBC Programme 2014-2020'. The 'Search criteria' section contains several input fields: Application ID, Personal tax number, Lead applicant name, Type of request, Priority axis, Call for proposals, VAT number, Request status, and Specific objective. A 'Search' button is located below the criteria fields. Below the search form, it indicates 'Results: 8' and displays a table with 11 columns: Application code, Call for proposals, Priority axis, Specific objective, Personal tax number, VAT number, Lead applicant name, Type of request, Request status, Submission date, and a 'Detail' button. The table contains 8 rows of data, all with 'Application' as the type of request and 'In progress' as the request status.

Application code	Call for proposals	Priority axis	Specific objective	Personal tax number	VAT number	Lead applicant name	Type of request	Request status	Submission date	Detail
							Application	In progress		Detail
							Application	In progress		Detail
							Application	Confirmed		Detail
							Application	In progress		Detail
							Application	In progress		Detail
							Application	In progress		Detail
							Application	In progress		Detail
							Application	In progress		Detail

2.4 STANDARD BUTTONS

SIU uses a series of buttons with the same meaning in all functions:

- Back → It allows to return to the previously displayed page
- Add / New → It allows to create a new record
- Confirm → It allows to confirm that data entered have been seen
- Change / Update → It allows to modify the displayed data
- View → It allows to view the data saved in the database
- Save → It allows to save the data entered
- Delete → It allows to delete the entered data
- Details / Other data / Activity list → It allows to open a window with further details
- Section → It allows to go to the section list window
- Info → It includes information related to the displayed fields

2.5 FIELD FORMAT

By convention, the date type fields have the following format: **DD/MM/YYYY**, where DD is the day (number 1 to 31), MM is the month (number from 1 to 12), and YYYY is the year (extended to 4 digits). In case of single digit month or day, it will be necessary to put a zero in front of it (for example, 01/01/2000 and not 1/1/2000).

Numeric fields have the following format: **NNNNN,DDDD**, where N means integer, D means decimal and comma means separator. SIU does not accept the point as decimal separator.

With reference to the various input fields, please see below an overview on the characters accepted by the system.

Type of field	Letter and numbers	Special characters
Generic Alphanumeric	A-Z 0-9	_(underscore)
Generic Alphanumeric to be inserted in fields dedicated to search	A-Z 0-9	_(underscore) *(asterisk)
Alphabetical fields (first name, last name,...)	A-Z ÀÈÉÌÒÙ	' (single quotation mark)
Fields where to insert Address, Business name ("Ragione sociale")	A-Z 0-9	_(underscore) .(dot) , (comma) -(minus) ' (single quotation mark)
E-mails	A-Z 0-9	.(dot) @
Phone numbers	0-9	/(backslash) .(dot) +(plus)
Chamber of commerce registration numbers	0-9	-(minus) _(underscore)

In the case that different characters are entered, the system will inform the user that the used digits are not allowed and, consequently, it is not possible to save data. In particular, the user has to pay attention to the fact that diacritical marks could be not recognized by the system, in that case word without diacritical marks have to be inserted. Moreover, if the user copies and pastes from a .doc or .docx file, it could happen that words with accent are not recognized by the system, so it is advisable to paste the text in a .txt file before pasting it in the online application form. If the user is copy pasting from a .pdf file must pay attention that the system counts the spaces between a paragraph and another one as characters, so the user should check that the length of the text respects the maximum number of characters allowed for the field to be filled in.

2.6 SEARCH SETTING

In the search function it is possible to use more than one search criteria at the same time. Many text fields allow the user to search not just by entering the entire value/text but also a part. In this case please remember to use the symbol “*” for the missing part. This method only applies to text fields. For example, in order to search the company “ROSSI MARIO SpA” through the company name search criteria, it is possible for the user to operate in many different ways:

- By writing “MARI*” in the field referred to the company name; in this case the system will carry out all companies with names that begin with “MARI”, i.e. “MARINA VERDE SRL”;
- By writing “*OSSI SpA” in the field referred to the company name; in this case the system will carry out all companies with names that end with “OSSI SpA”, i.e. “FRATELLI ROSSI SpA” or “DITTA GIALLOROSSI SpA”;
- By writing “*ROS*” in the field referred to the company name; in this case the system will carry out all companies with names that contain “ROS”, e.i. “MARCO ROSSI SpA” or “FRATELLI ROSSINI”.

2.7 SYSTEM MESSAGE MANAGEMENT

The system messages are displayed in the upper part of the main frame. There are two types of messages:

- Error messages

These types of messages block the work in progress. They appear when the user saves or moves on to a new window and any compulsory fields are not yet valued or are inconsistent. These messages are displayed in red font;

- Warning messages

These types of messages do not block the work in progress.

Message “Done” appears in the System to confirm a given action of the user (such as to confirm the saving of inserted data after having pressed “Save” button).

It is recommended to copy-paste text from an off-line document into the related field in SIU in order to speed up the filling in procedure.

Data inserted in SIU can be modified as long as the Status of the Advance payment request is in Progress. In fact, once the Request is confirmed data can no longer be modified and only the Annexes can be uploaded in the System.

1st PHASE - ACCESS TO SIU

3.1 HOW TO ACCESS SIU

To proceed with the submission of the Advance payment request in SIU, the applicant must be previously accredited on GUSI (Information System Users Management). For further information please refer to GUSI Manual.

SIU is a web application accessible with by the recent versions of most common browsers (e.g.: Chrome, Firefox, Internet Explorer). It is advisable to use Chrome or Firefox.

SIU is available at the following link:

<http://siu.regione.veneto.it/DomandePRU/?tipoProgramma=INTERREG%20VA%20I THR>

The user can log in SIU by inserting user ID and password in the System access page (see following preview). User ID must be typed in the specific box "USER".

REGIONE DEL VENETO Regione del Veneto

CAS Central Autentication Service

Login

To access at the service the authentication by user and password is required

User: user

Password: password

Login Information

Information

Call Center can be contacted for any application problem, including the password reset, in one of the following ways:

- by calling **hotline +39 800.914.708** (external) or **number 919.000** (internal)
- by sending a **fax +39 800.916.074** (external) or **Fax 918 000** (internal)
- by sending an email to: call.center@regione.veneto.it

Password recovery mechanism is based on sending of an e-mail to the user's address communicated during registration.

REGIONE DEL VENETO Central Autentication Service- Regione del Veneto

Once the applicant has successfully logged in, SIU allows starting the application process.

Please note that all SIU pages and functions dedicated to IT-HR Programme are in English language. However, depending on the browser settings, in some cases a first general mask can ask a selection on the Programme to deal with. In this case, once selected “Italy-Croatia CBC Programme 2014-2020” and clicked the “Search” button, SIU pages will be automatically displayed in English.

2nd PHASE - CREATION OF THE ADVANCE PAYMENT REQUEST

The user must access the function “New request” ¹ → “Programme” ², and then select the Programme “Italy-Croatia CBC Programme 2014-2020” under the section “Select programme”.

The screenshot shows the SIU Applications interface. At the top, there is a navigation bar with 'NEW REQUEST' (circled 1), 'SEARCH', and 'CANCEL REQUEST'. Below this, there is a 'Select programme' section with a dropdown menu showing 'Italy-Croatia CBC Programme 2014-2020' (circled 2). The interface also includes a session timeout indicator and a 'Logout' button.

4.1 SELECTION OF THE CONCERNED LEAD APPLICANT

As the “Programme” has been selected, the SIU system provides a search engine by which the user is enabled to search for the concerned Lead Applicant.

The user should be able to input, as a minimum, one of these three information (formerly provided with the Application Form):

- “Tax number” ¹;
- “Name” ²;
- “VAT number” ³.

The screenshot shows the SIU Applications interface with the search criteria section. The 'Programme' dropdown is set to 'Italy-Croatia CBC Programme 2014-2020'. Below it, there is a 'Search criteria' section with three input fields: 'Tax number:' (circled 1), 'Name:' (circled 2), and 'VAT number:' (circled 3). A 'Search' button is located below the input fields. The results section shows 'Results: 0' and a table with columns for 'Tax number', 'VAT number', and 'Name', with the text 'No results' displayed below.

4.2 TYPE OF REQUEST SELECTION

Once selected the “Italy-Croatia CBC Programme 2014-2020” and the Lead Applicant, as shown in the image below, the user should click on the “New request” **1** button:

The screenshot shows the 'Applications' section of the SIU Veneto 2014-2020 system. The 'Programme' dropdown is set to 'Italy-Croatia CBC Programme 2014-2020'. The 'Search criteria' section includes fields for 'Tax number', 'VAT number', and 'Name', with a 'Search' button. Below the search fields, a table shows 'Results: 1' with columns for 'Tax number', 'VAT number', and 'Name'. A 'New request' button is highlighted with a blue circle and the number '1'.

Then the user must point out which type of request she/he intends to insert in the System, selecting precisely the “Advance payment” option.

The screenshot shows the 'Select type of request' dropdown menu. The 'Advance payment' option is selected and highlighted with a blue arrow. The dropdown menu includes the following options: Advance payment, Technical assistance payment, Application, Replacement Application, Advance payment, Reimbursement, Final payment, and Clearing conditions. A 'Back' button is on the left and a 'Continue' button is on the right.

4.3 LINKING THE ADVANCE PAYMENT REQUEST TO THE RELATIVE AF

In order to link the Advance Payment Request to the original or substitute Application ID of reference, the user has to insert the Application reference number (i.e.: Application Form ID number) and click “Continue” button to generate the Advance payment request related to the concerned project.

The screenshot shows the SIU Applications interface. At the top, there are navigation tabs: 'NEW REQUEST', 'SEARCH', and 'CANCEL REQUEST'. A 'Logout' link is also present. The SIU logo (Veneto 2014-2020) and the Interreg Italy-Croatia logo are displayed. A session timeout warning indicates 29:43 minutes remaining, with an 'Extend session' button. The main form area contains fields for 'Tax number', 'VAT number', and 'Name'. Below these is a section titled 'Select type of request' with a dropdown menu set to 'Advance payment' and an 'Application reference number' input field. A blue arrow points to the input field. 'Back' and 'Continue' buttons are located at the bottom of the form.

Then the SIU system will automatically create a new Advance Payment request under the status “In progress”.

4.4 HOW TO FIND AND CONTINUE FILLING-IN AN ALREADY GENERATED ADVANCE PAYMENT REQUEST

To continue filling-in an already generated Advance Payment Request, instead of the “New request” option, the user has to use the “Search” ¹ option in the Header section:

To find the concerned Advance payment request the following steps have to be followed:

- 1- Select “Italy-Croatia CBC Programme 2014-2020” ¹ ;
- 2- Select “Advance payment” in the drop-down list displayed under “Type of request” ² ;
- 3- Click “Search” button ³ ;

Application code	Call for proposals	Priority axis	Specific objective	LA tax number	VAT number	Lead applicant name	Type of request	Request status	Submission date
No results									

- 4- Click the “Detail” button corresponding to the Request 4.

3rd PHASE - FILLING-IN THE ADVANCE PAYMENT REQUEST IN SIU

Main recommendations and overview of Sections

Main recommendations are as follows:

- Save regularly in order not to lose data;
- In some cases the system will save data only once the whole section has been duly filled-in.

The application is composed of a number of tables that must be filled in to enable the submission. The tables that ask only for visualization must also be viewed and confirmed with the button CONFIRM.

The main screen is composed of:

- a heading with resumed data;
- some fields that will be automatically compiled during the filling-in process (for example in case of the submission date).

The heading presents some resuming data, automatically inserted by the System once the corresponding field is completed in the relevant Section:

Project main data
LA tax number
VAT number
Lead applicant name
Department/Unit
Project Acronym
Priority Axis
Specific Objective
Call for proposals
Application ID
Request status
Registration number
Submission date

Section “A – Application data” has to be viewed and confirmed by the user:

A	Application data
---	------------------

The following Sections should be duly filled in by clicking on the “Update” button:

Sections	Note
B	Lead Partner Data
C	Legal Representative
D	Person in Charge of Signature
E	Project Partners
L	Commitments
K	Statements
M	Annexes
R	Advance payment requested (only to be viewed and confirmed)

Section “N – Errors” does not require any additional data to be entered into the system by the applicant in addition to what is already inserted in the previous sections.

N	Errors
---	--------

Errors can be detected by clicking on the button “View”. Section “N – Error” is helpful to regularly check if the proposal has been correctly inserted or some parts are missing or need revision/an additional check by the Applicant.

The following sub-sections also need to be completed:

LA Department; Method of payment – Bank details; Financial guarantee.

SECTION A – APPLICATION DATA

The user should access to the “Section A – Application Data”, in order to properly verify the correctness of the automatically filled-in information within the fields of the form and to confirm data.

The fields:

- “Submission date”
- “Registration date”
- “Registration number”
- “Type of request”
- “Priority axis”
- “Specific objective”
- “Addressed authority”
- “Application ID”

Are accessible in the visualization mode only and the user is requested to confirm data by pressing the “Confirm” button.

Having filled properly every field of the section, the user should press the button “Confirm (Save)” to confirm and save the work in progress.

The screenshot shows the SIU Veneto 2014-2020 Applications interface. The top navigation bar includes 'Applications', 'NEW REQUEST', 'SEARCH', and 'CANCEL REQUEST' buttons. A 'Logout' button and the 'Interreg Italy - Croatia' logo are also present. The main content area displays a form for 'A - Application data' with the following fields:

- ID Request
- Lead applicant name
- Tax number
- Project acronym
- A - Application data** (with a 'Sections' button)
- Submission date:
- Registration number:
- Registration date:
- Type of request: ADVANCE PAYMENT
- Priority axis:
- Specific objective (*):
- Addressed authority:
- Application ID:
- (*) compulsory field

At the bottom of the form, there are 'Back' and 'Confirm (Save)' buttons.

Please note that in order to confirm and save the progress of the work done, all the mandatory data must be filled-in and all the information provided must be correct. Otherwise, alerts and warnings are shown by the system and the work cannot be saved.

Once completed and confirmed the work done in the section, after having pushed the “Back” button the user will see in the column “Confirmed” a green “checkbox” icon on a grey background.

- “Department” (see Sub-Section B – Lead Partner Data – Department).

Please note that in order to confirm and save the progress of the work done, all the mandatory data must be filled-in and all the information provided must be correct. Otherwise, alerts and warnings are shown by the system and the work cannot be saved.

Once completed and confirmed the work done in the section, after having pushed the “Back” button the user will see in the column “Confirmed” a green “checkbox” icon on a grey background.

SUB-SECTION B – LEAD PARTNER DATA – DEPARTMENT

Having previously accessed the “Section B – Lead Partner Data”, the user can access to the Sub-section “Lead Partner Data - Department” by clicking on the “Department” button, in order:

- To properly verify the correctness of the automatically filled-in information within the form
- To fill-in, where missing, the proper data and information required by the fields of the form
- To fill-in, in case of update necessities, the proper data and information for each field of the form

Having filled properly every field of the section, the user should press the button “Confirm (Save)” to confirm and save the work in progress.

The screenshot displays the 'Lead Partner Department' form within the SIU Veneto 2014-2020 application. The top navigation bar includes 'Applications', 'NEW REQUEST', 'SEARCH', and 'CANCEL REQUEST' buttons, a 'Logout' link, and the 'Interreg Italy - Croatia' logo. A session timeout warning is present. The form fields are as follows:

- Application ID
- Lead applicant name
- Tax number
- Project acronym
- Department Name (*)
- Country (with Search and Clean buttons)
- Municipality (*) (with Search button)
- Town
- Province/County
- Address (*)
- ZIP code (*)
- Phone (*)
- Email (*)
- CUU code

At the bottom of the form, there are 'Back' and 'Confirm (Save)' buttons. A note indicates that (*) denotes a compulsory field.

Please note that in order to confirm and save the progress of the work done, all the mandatory data must be filled-in and all the information provided must be correct. Otherwise, alerts and warnings are shown by the system and the work cannot be saved.

SECTION C– LEGAL REPRESENTATIVE

The user should access to the “Section C – Legal Representative”, in order:

- To properly verify the correctness of the automatically filled-in information within the fields of the form
- To fill-in, where missing, the proper data and information required by the fields of the form
- To fill-in, in case of update necessities, the proper data and information for each field of the form

Having filled properly every field of the section, the user should press the button “Confirm (Save)” to confirm and save the work in progress.

The screenshot shows the 'C - Legal representative' section of the SIU Veneto 2014-2020 application form. The form is titled 'C - Legal representative' and includes a 'Sections' button. The form is divided into several sections:

- Personal Data:** Fields for Gender (*), Date of birth (*), Country, and Place of birth (municipality) and (province) (*). There are 'Search' and 'Clean' buttons for the Country and Place of birth fields.
- Residence Information:** Fields for Country (*), Municipality (*), Province (*), Town, ZIP code (*), and Address (*). There are 'Search' and 'Clean' buttons for the Country and Municipality fields.
- Contact Information:** Fields for In charge of legal representation since (*), Email (*), and Phone (*).

At the bottom of the form, there is a 'Back' button and a 'Confirm' button (highlighted with a blue border) and a 'Change' button. The 'Confirm' button is labeled 'Confirm (Save)' in the original image.

Please note that in order to confirm and save the progress of the work done, all the mandatory data must be filled-in and all the information provided must be correct. Otherwise, alerts and warnings are shown by the system and the work cannot be saved.

Once completed and confirmed the work done in the section, after having pushed the “Back” button the user will see in the column “Confirmed” a green “checkbox” icon on a grey background.

In case of need to change data this could be done through “Change” button.

SECTION D – PERSON IN CHARGE OF SIGNATURE

The user should access to the “Section D – Person in Charge of Signature”, in order:

- To properly verify the correctness of the automatically filled-in information within the fields of the form
- To fill-in, where missing, the proper data and information required by the fields of the form
- To fill-in, in case of update necessities, the proper data and information for each field of the form

Having filled properly every field of the section, the user should press the button “Confirm (Save)” to confirm and save the work in progress.

As shown in the images above, the section presents the buttons:

- “Method of payment – Bank details” (see Section B / Section E – Sub-section Method of Payment – Bank Details);
- “Financial guarantee” (see Section E – Sub-section Financial Guarantee): shown just in case the Project Partner represents a private entity, absent otherwise.

Please note that in order to confirm and save the progress of the work done, all the mandatory data must be filled-in and all the information provided must be correct. Otherwise, alerts and warnings are shown by the system and the work cannot be saved.

Once completed and confirmed the work done in the section, after having pushed the “Back” button the user will see in the column “Confirmed” a green “checkbox” icon on a grey background.

SECTION L – COMMITMENTS

The user should access to the “Section L – Commitments”, in order to confirm the Commitments listed in the Section by pressing the button “Confirm”:

The screenshot displays the SIU Veneto 2014-2020 web application interface. At the top, there is a navigation bar with the 'Applications' menu and buttons for 'NEW REQUEST', 'SEARCH', and 'CANCEL REQUEST'. A 'Logout' button is also present. The 'Interreg Italy - Croatia' logo and 'Release 1.6.37' version information are visible in the top right. A session timeout notice indicates 'Session timeout 30:00 minutes' with an 'Extend session' button. Below the navigation bar, there is a form area for application details, including fields for 'Application ID', 'Lead applicant name', 'Tax number', and 'Project acronym'. The main section is titled 'L - Commitments' and contains a 'Sections' button. A red warning message states: 'Commitments to be subscribed: When I, the LP receive the advance payment from the Managing Authority, I commit to keep my share of the amount and to transfer the relevant shares to the other partners, as indicated in the Section "R - Advance payment requested"'. At the bottom of this section, there are 'Back' and 'Confirm' buttons.

Once completed and confirmed the work done in the section, after having pushed the “Back” button the user will see in the column “Confirmed” a green “checkbox” icon on a grey background.

SECTION K – STATEMENTS

The user should access to the “Section K – Statements”, in order to confirm all the Statements which are listed in the Section by pressing the button “Confirm”

The screenshot shows the SIU Veneto 2014-2020 web application. The header includes the SIU logo, 'Applications' menu, 'Logout', and 'Interreg Italy - Croatia' logo. A session timeout notice is visible. The main content area displays application details (Application ID, Lead applicant name, Tax number, Project acronym) and a 'K - Statements' section with a 'Statement to be subscribed:' heading and several paragraphs of text. A 'Back' button is on the left and a 'Confirm' button is on the right.

Once completed and confirmed the work done in the section, after having pushed the “Back” button the user will see in the column “Confirmed” a green “checkbox” icon on a grey background.

SECTION M - ANNEXES

The user should access to the “Section M – Annexes”, in order to attach mandatory and relevant annexes.

For each type of Annex the user can specify how many files will be uploaded through the button “Update” next to the concerned Annex type.

The user can also add more lines to the list by clicking on the “Add annex” **1** button, and upload files by clicking on the “Upload” **2** button.

The screenshot shows the SIU Veneto 2014-2020 web application. The top navigation bar includes 'NEW REQUEST', 'SEARCH', and 'CANCEL REQUEST' buttons, along with a 'Logout' link and the 'Interreg Italy - Croatia' logo. The main content area is titled 'M - Annexes' and shows a 'Results: 1' section. Below this, there is a table with the following structure:

Description	Number	Notes
1 Copy of the signed Partnership Agreement	1	

Below the table, there are three buttons: 'Add annex' (labeled with a blue circle '1'), 'Upload' (labeled with a blue circle '2'), and 'Confirm'. A 'Back' button is also visible.

“Add annex” **1**: in order to add more lines to the list, the user should select the type of annex from the list displayed by the drop-down menu, specify the number, name the annex in the field called “Notes” and save data.

Notes

[Back](#) [Delete](#) [Confirm \(Save\)](#)

The type of annexes to be indicated clearly depends by the Request form. In fact, in case of Private partners it is mandatory to indicate and upload the Financial guarantees.

All the listed annexes as indicated by the user can be already uploaded in this Section before the confirmation of the Application/Request Form, with the only exception of the Request Form which can be downloaded from SIU only after the confirmation of the application/request.

Users with digital signature: the applicant can directly proceed to digitally sign the documents and then to upload them in this section through the Update button.

Users with handwritten signature: it is necessary to scan the originally signed documents and then upload the scanned version. In this latter case, the identity document of the person who signed the documents has to be uploaded as well.

Each annex shall be uploaded in low resolution and in PDF format.

“Upload” ²: in order to add more lines to the list, the user should select the type of annex from the list displayed by the drop-down menu, specify the number, name the annex in the field called “Notes” and save data.

Info Sections

In this page all annexes to be uploaded have to be specified, in particular, all mandatory annexes foreseen by the Call for Proposals.
Files to be uploaded in SIU should be maximum 5MB each for a total of maximum 80MB of all uploaded files.

	File name	Compulsory	Upload	Download	Size
ANNEXES					
Copy of the signed Partnership Agreement					
1	--	Yes	Upload file		0.0 KB

PLEASE NOTE THAT Files to be uploaded in SIU should be maximum 5MB each for a total of maximum 80MB of all uploaded files.

Once all necessary files are uploaded the user can move to the main Sections using . Other available functions on the screen are as follows:

Download uploaded file through the button  ;

Delete uploaded file through the button  .

PLEASE NOTE THAT Files can be deleted if not declared as mandatory.

Having filled properly every field of the section, the user should press the button “Confirm (Save)” to confirm and save the work in progress.

Please note that in order to confirm and save the progress of the work done, all the mandatory data and attachments must be filled-in and all the information provided must be correct. Otherwise, alerts and warnings are shown by the system and the work cannot be saved.

Once completed and confirmed the work done in the section, after having pushed the “Back” button the user will see in the column “Confirmed” a green “checkbox” icon on a grey background.

SECTION B / SECTION E – SUB-SECTION METHOD OF PAYMENT – BANK DETAILS

If applicable, a specific Sub-section on Bank details is displayed within Section B – Lead Partner and/or Section E – Project Partners and it is accessible through the “Method of payment – Bank details” button.

The user is requested to insert bank details data as follows:

Specify type of payment selection:

- “CONTO CORRENTE BANCARIO E BANCOPOSTA” ¹;
- “PAG. MEDIANTE ACCREDITO TRASF. FONDI TES. PROV.LI” ².

Please note that in order to confirm and save the progress of the work done, all the mandatory data must be filled-in and all the information provided must be correct. Otherwise, alerts and warnings are shown by the system and the work cannot be saved.

SECTION E – SUB-SECTION FINANCIAL GUARANTEE

In the case of partners being private entities, a specific Sub-section “Financial guarantee” (accessible through the button “Financial guarantee” displayed at the bottom of Section E – Project Partners) has to be filled-in, in order to provide the detailed data related to the financial guarantee.

The screenshot displays the 'Financial guarantee' section of the SIU Veneto 2014-2020 application. The interface includes a top navigation bar with 'Applications', 'NEW REQUEST', 'SEARCH', and 'CANCEL REQUEST' buttons, along with a 'Logout' link and the 'Interreg Italy - Croatia' logo. A session timeout warning is present. The main form area contains the following fields:

- Contracting Partner** (text input)
- Partner Tax Number** (text input)
- Guarantee policy number** (text input)
- Date of release** (text input)
- Expiring date** (text input)
- Amount of the policy** (text input)
- Banking Institution** section:
 - Banking Institution (HR Beneficiary)
 - ABI code (IT Beneficiary)** (text input)
 - CAB code (IT Beneficiary)** (text input)
 - Bank Institution** (text input)
- Insurance company (IT Beneficiary)** (text input)
- Insurance company (HR Beneficiary)** (text input)

Navigation buttons 'Back' and 'Save' are located at the bottom of the form.

Please note that in order to confirm and save the progress of the work done, all the mandatory data must be filled-in and all the information provided must be correct. Otherwise, alerts and warnings are shown by the system and the work cannot be saved.

SECTION N - ERRORS

Errors can be seen by clicking on the button “View”. Section “N – Error” is helpful to regularly check if the proposal has been correctly inserted or some parts are missing or need revision/an additional check by the Applicant.

N - Errors Sections

Results: 8

Code	Description	Consequence
1 H022	I - PROJECT - PROJECT BUDGET: TOTAL BUDGET IS LOWER THAN 500000	Block
2 H023	I - PROJECT - PROJECT BUDGET: THE TOTAL AMOUNT OF EACH PARTNER IS LOWER THAN 58824	Block
3 H024	J - FINANCIAL PLAN: TOTAL BUDGET PER PARTNERS AND WP MUST BE EQUAL TO THE CORRESPONDING DATA ON FINANCIAL PLAN	Block
4 H033	E - PARTNERS: IT IS COMPULSORY TO INCLUDE AT LEAST 3 PARTNERS	Block
5 H043	EN_I - PROJECT -> PROJECT WORKPLAN: L'ELENCO DELLE WP PRESENTA DEI SALTI	Warning
6 H048	EN-I - PROJECT: TOTAL AMOUNT E' MINORE DI 588236	Block
7 H049	EN-I - PROJECT: LA SOMMA DEL ERDF AMOUNT PER CIASCUN PARTNER E' MINORE DI 50000	Block
8 H052	EN-F - PROJECT KEY DATA: LA DURATA DEL PROGETTO NON DEVE ESSERE SUPERIORE A 18 MESI	Block

Back Viewed

In Section N a list of Errors and their related impacts / consequences with reference to the Submission of the Proposal are displayed. For instance, block means that as long as the concerned error is not solved the whole Proposal cannot be submitted. The Applicant has to address each Error by coming back to the concerned Section. If the Error list is empty and the error lists counts 0 results it means that the Proposal is ready to be submitted.

Once all Errors have been addressed and no error appears the user has to click on Viewed.

4th PHASE - CHECK

As said previously within this document, the system messages are displayed in the upper part of the main frame.

There are two types of messages:

- **Error messages**

These types of messages block the work in progress. They appear when the user saves or moves on to a new window and any compulsory fields are not yet valued or are inconsistent. These messages are displayed in red font;

- **Warning messages**

These types of messages do not block the work in progress.

Having fully satisfied the whole number of designed and implemented application controls, the upper part of the main frame shows empty, without any error reference nor warnings shown. In case even just one control has not been satisfied by the fill-in actions performed by the user, as seen previously, warnings and error details are shown to the user and are accessible within the proper section “Errors” in order to be solved and to allow to go on with request fulfilling duties.

5th PHASE - CONFIRMATION

The process is composed by these steps: 1st Confirmation → 2nd Upload of Application/Request form (and other documents, if necessary) → 3rd Submission → 4th Registration (automatically done by the SIU).

After having completed and viewed all the fields presented in the SIU System and made sure that no error message appears in the relevant error section, the user can proceed with the confirmation of the Request by clicking on button. A confirmation to proceed is requested by the system and the user has to press .

The message “The application has been confirmed. Please upload the required annexes in order to proceed to submit” will be displayed requiring the user to upload the relevant documents before proceeding with the submission.

After the above mentioned message is displayed the user can no longer modify its proposal and can only proceed by uploading the Signed Request Form and, if necessary, other relevant documents as listed in Section M – Annexes not already uploaded in that Section before the confirmation of the application. The status of the proposal is no longer in a draft form but it is completed and confirmed.
