EVENT DESCRIPTION

On December 3rd, the final conference of RESPONSE project was held on line, because of the pandemic, focusing on the results achieved in climate change adaptation strategies in the Adriatic regions.

Title of the event was: “Supporting municipalities in tackling climate change: results and inspiration from the RESPONSE project”.

After welcoming and greetings by Ivan Curzolo – Informest, this is the agenda followed:

- Improving climate change monitoring and planning of adaptation measures: a view from the Programme *Diana Gracin Petrović - Joint Secretariat of Interreg Italy - Croatia CBC Programme*
- Monitoring systems, plans of adaptation and innovative tools: the RESPONSE project *Lia Gover – Informest*
- Trends for climate change in Adriatic and how it is perceived by citizens and local authorities *Ivan Güttler - Državni hidrometeorološki zavod and Eleonora Gioia – Università Politecnica delle Marche*
- Lessons learnt: what is needed now to implement SECAPs? *Ilja Drmač - Energy Institute Hrvoje Požar*
- Implementing SECAPs at local level: exchanging experiences among municipalities involved *Pilot areas representatives*

The event closed with a debate. Conference language was English with interpretation IT_HR, in order to easy local representatives participation.
