## EVENT DESCRIPTION

The event was organized by APE FVG, INFORMEST and ARPA FVG, regional partners for RESPONSE and AdriaClim, Interreg Italy-Croatia projects and is the third of four informative and participatory events planned to boost local climate adaptation in Friuli Venezia Giulia: “CLIMATE CHANGE AND LOCAL ADAPTATION IN THE COASTAL AND LAGOON AREAS OF FRIULI VENEZIA GIULIA”.

Mitigation and adaptation are two faces of the same coin, and they have to be linked inside climate adaptation policies. A multilevel juridical framework has to be taken into account.

The EU Covenant of Mayors for Climate & Energy brings together thousands of local governments voluntarily committed to implementing EU climate and energy objectives. When joining it, signatories commit to developing a Sustainable Energy and Climate Action Plan.

The event presentations are available (in Italian), as well as the event recording:

[Introduzione ai lavori](#) (Federica Flapp / ARPA FVG)

[Le politiche climatiche, dal globale al locale](#) (Ferdinando Franceschelli / PON Governance CREIAMO PA L5 - Cambiamenti climatici, presso MiTE)

[Il Patto dei Sindaci e la pianificazione climatica locale](#) (Daniele Barbieri / APE FVG)

[Pianificare la mitigazione e l’adattamento a scala locale e transfrontaliera: il progetto SECAP](#) (Stefano Alessandrini / Area Science Park)
