

Summary: Activity 4.5 Training Materials Overview

Final Version of 15/07/2021

Deliverable Number D.4.5.2.

Project Acronym	CHANGE WE CARE
Project ID Number	10043385
Project Title	Climate cHallenges on coAstal and traNsitional chanGing arEas: WEaving a Cross-Adriatic REsponse
Priority Axis	2
Specific objective	2.1
Work Package Number	4
Work Package Title	Evolution dynamics in Pilot Sites and Northern/Central Adriatic under climate change
Activity Number	4.5
Activity Title	Training activities on use and treatment of observational data and numerical model fields
Partner in Charge	CNR
Partners involved	RER, POPARK, ISPRA, RAFVG, RDV, UNIZAG, PIDNC, IOF, RERA, VRANPARK
Status	Final
Distribution	Public

Executive Summary

CHANGE WE CARE training events were organised as a part of Activity 4.5 in order to provide an overview of the results of CHANGE WE CARE alongside with instructions for the usage of data formats, standards and tools for their exploitation. While focusing on CHANGE WE CARE and giving practical instructions to the technical operators working on coastal and transitional environments and in the Pilot Sites in particular, the courses aimed at raising the awareness on the state of the art of available data sources and tools at the International level.

The courses took places as Webex conference (registration required) hosted by CNR-ISMAR and broadcasted as a Youtube streaming session in the official Project channel. A publicly accessible repository (<https://owncloud.ve.ismar.cnr.it/owncloud/index.php/s/b6Jsyqu3RJC3nnD>) contains the meetings agenda, presentations, data, records, and a brief operational manual, whereas attendance lists from the Webex logfiles are stored in a dedicated folder within the Project Owncloud.

The whole videos from the two events can also be watched at the Project Youtube channel page.
