FINAL HIGH LEVEL EVENT

Date and place: Forlì, 1st of December 2021

DESCRIPTION

The Final HighLevel Event organized by the Lead Partner took place in Forlì on the 2nd of December 2021. Due to the pandemic situation and the restrictions in place at the time, it was unfortunately not possible to have all the project partners participating in presence and the number of participants to the event had to be limited. To overcome this issue, the partnership provided access through zoom to all the interested stakeholders and general public, in order to ensure a wider dissemination of the project results and achievements.

During the event, the Digital documentation centre was presented, as well as the small infrastructure works done to the buildings identified by project partners. The storytelling activity and short videos were displayed, and the new touristic routes elaborated were presented to the attendants.
