D2.2.6 DISSEMINATION WORK VIA PRODUCING RELEASES & ARTICLES

Introduction

During the project implementation, the TEMPUS partnership prepared eight dedicated articles to promote project activities and most of all to disseminate the main project results. The articles target specific groups such are CCI, etc and in relation to that were published through dedicated and specific online portals.

1. ARTICLE IN PAESAGGIO URBANO (URBAN DESIGN 03.2020)

Under the title "Cultura e innovazione per la rigenerazione urbana La darsena di Ravenna: da infrastruttura commerciale a infrastruttura culturale" (Engl. Culture and innovation for urban regeneration Ravenna city dock: from commercial infrastructure to cultural infrastructure), it was described the intention and aim of the TEMPUS in relation to emphases the temporary Actions and its inspiration in NCH.

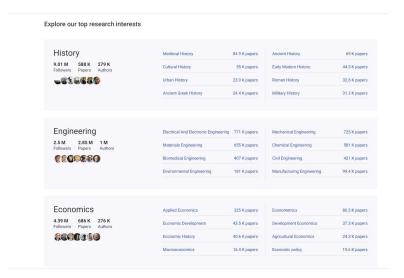

2. FLUXES - Virtual Exibition (Progetto TEMPUS)

UNIBO team prepared the Virtual Exhibition available as a downloadable paper and published it on the portal "Academia.edu" of a wide range of interests with over 47 million downloadable articles.

3. ARTICLE ON GASTRONAUT BLOG

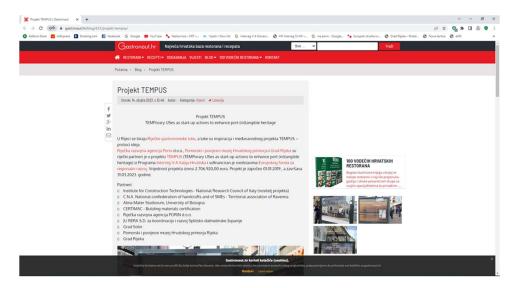

Prepared by the PORIN team an article about CNH as inspiration for temporary actions and start-up activities in business, was published on the Gastronaut.hr portal on March 14, 2023, in the News section.

It was published on the occasion of the inauguration of the "Rijeka gastro port – launching of the call for the entrepreneurial and restaurants at the local level". The intention was to highlight the cultural heritage in port cities as an important job generator.
