INTRODUCTION

Next to the main project events, such as the midterm conference and final conference primarily organized at the CBC level, project partners in each pilot site organized various events at the local level to grab the widespread attention of the public. Such events are: Exhibition opening(s), Temporary Uses Action opening (TUA opening) and Hack Day.

Each event was promoted on the project website and project social media, as well as in the local media.

1. Exhibition "Fluxes"

In relation to Activity 4.2 the first physical exhibition on port cultural evolution has been organized and held at Rijeka site in August 2021.

The exhibition was developed to provide a historical overview of the commercial, manufacturing, and leisure activities of each of the pilot port cities participating in the project, with the aim of giving an account of the evolution of port ecosystems during a time span ranging from Roman times to modern ages.

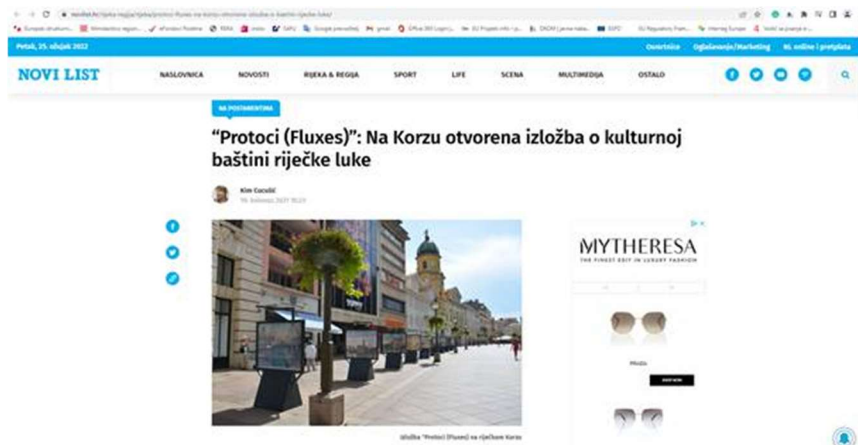

Due to the pandemic restrictions it was posed open space with free access for the general public in the period held at Rijeka's Korzo from 11.08.2021. up to 24.08.2021.

On behalf of the organizer, the opening of the exhibition was attended by Nikolina Radić Štivić, director of the Maritime and Historical Museum of the Croatian Littoral Rijeka, Nikša Mendeš, museum advisor, one of the authors of the exhibition, Maritime and Historical Museum of the Croatian Littoral Rijeka, Sandra Krpan, Deputy Mayor of Rijeka and Petar Mamula, Deputy Prefect of Primorje-Gorski Kotar County.

On this occasion has been organized the press conference, and about the lunch event and the was written in regional paper Novi List and at local online portal Moja Rijeka.

2. Second-stage exhibition, Rijeka

On Monday, January 10, 2022, at 12:00 p.m., the presentation of the Fluxes exhibition was held in the organization of the Maritime and Historical Museum of the Croatian Littoral. The exhibition was designed by displaying it on exhibition boards and first was placed in Rijeka's Korzo from January 10 to 20, and later was moved to the (student) Campus and lasted there from February 8 to March 7.

The exhibition was opened by Deputy Prefect Petar Mamula, and everything was covered by the media and shown on national TV news.

3. Exhibition "Fugit", Ravenna

From 16 to 31 March, the left bank of the Candiano canal in Ravenna becomes the scene of TEMPUS FUGIT, with a rich programme of events that enliven the space in the area of the former Agricultural Consortium. The program included a series of activities aimed at revitalizing the left bank of the city dock, through an urban art festival, multidisciplinary events, workshops, guided tours, performances, and much more. All was well covered by posting the information and invitation at related specialized online portals as well as it was covered by the tourist board on its website.

4. Exhibition "Protoci", Solin

In cooperation of the project partners of the City of Solin and RERA, the exhibition PROTOCI was organized and placed in the Theater of the Solin City Library on the very last days of the project implementation. The second-stage exhibition "Flows of Ideas - business ideas based on Heritage" was designed to emphasize the economic potential of the cultural heritage of the city of Solin for entrepreneurs who want to develop new products and services. Some ideas collected through the project were also presented, which connect the past and the present to convey how the past can be an active factor in creating the economic future of Solin.

5. TUA opening

Within the project two infrastructural works were undertaken, the reconstruction and getting of a new function to the old containers in Ravenna and the reconstruction of an abandoned place into new coworking spaces in Solin. To facilitate its integration into the urban life of those two locations were organized events of TUA presentation i.e. TUA opening.

The presentation of Temporary Uses Activities and the new coworking space -TUA in Solin, took place in late March, organized by the PP City of Solin. At the official opening, county-perfect Blaženko Boban, mayor Dalibor Ninčević and the head of the project team addressed those present. On that occasion, the main project results and outputs were presented.

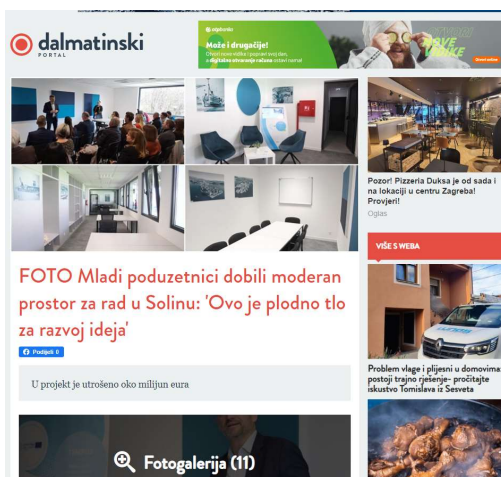

Along with a tour of the new premises the interactive totem was also presented, developed and acquired as part of the implementation of the TEMPUS project.

The whole event was well covered in media (online portals, regional portals);

6. TEMPUS INTERNATIONAL INNOVATHONS

In March during the period from 2nd - 9th, in each pilot city of the TEMPUS project, i.e. in Rijeka, Ravenna and Solin, TEMPUS INNOVATHONS were held in concept based on the hackathons with its specifics, such as the duration for a total of twelve hours in one day, and challenges of the event.

The participants of the TEMPUS INNOVATHON, young people aged from 18 to 35 formed into teams, worked on developing a new product or service based on innovative solutions with the aim of contributing to the development of tourism and the economy in their pilot areas.
