"Stories Told" videos

1. INTRODUCTION

As it is decided with the project application, the delivery D.4.3. "Stories Told Video", should be designed and produced to be in the function of a communication tool. The goal is to tell three pilot stories through all project implementation phases.

These videos that will be produced during the period of the project implementation will tell the story / s to attract the attention and interest of the public, tourists, students and pupils, entrepreneurs, civil society, local and regional authorities, regional and local development agencies, museums, tourist boards, LAGs, etc.

Under the coordination of the WP2 leader, in the early phase of the activity, it was produced the manual - guidelines and tools to serve partners in the production of all video materials with the aim to harmonise and unify all video materials that will be produced within the project TEMPUS.

In the end, all videos were published on the official project website and YouTube channel.
