1. INTRODUCTION

Local Governance Group (LGGs) set-up is one of the three managing groups activated at pilot level. This document contains information about the composition of Local Governance Group that was set up in pilot city Solin. The goals of establishing LGG is to gather local stakeholders who will monitor the urban context of the proposals for urban strategies in the pilot cities and guaranteeing continuity to the process undertaken during the project implementation.

2. LOCAL GOVERNANCE GROUP (LGG) SET UP

At the pilot city Solin level, local partners are PP5-RERA and PP6-CITY OF SOLIN. Local partners agreed on a decision to establish a LGG as nonformal body.

2.1. Composition of LGG set up in Solin

LGG SOLIN		
PARTICIPANT	AFFILIATION	ROLE
Marijana Žižić	City of Solin	Head of the Department, representative of partner in the project
Dragan Brtan	City of Solin	Advisor to the Mayor, representative of local and regional authority from the fields of culture, maritime affairs, urbanism or others field,
Nataša Ugrin	PI RERA SD	Expert Advisor, representative of partner in the project

Tonći Čičerić	Public institution in culture Zvonimir Solin	Director, representative of cultural institution,
Goran Pavlov	IRI CENTAR d.o.o.	Director, representative of associations and entrepreneurs from CCI

2.2. Scope of work and tasks of LGGs

LGGs are guided by the principles of local regional development policy and strategic project documents (e.g. Port Cities Urban Strategies and Local Entrepreneurial ecosystem business strategies at pilot level) as well as ideas created from the project activities (PFs, LAGs, LSGs) which laid out the future mid/long-term course for the further development of local entrepreneurial ecosystems.

LGGs tasks refer to:

- monitors the situation at the pilot level related to the tangible and intangible heritage of port cities through produced strategic documents of the project,
- discusses trends in the field of cultural and port heritage,
- proposes new possibilities for creating new projects and partnership,
- suggests good practices of similar projects,
- other issues and proposals.

2.4. Coordinator of the LGG

The work of LGG will be coordinate by pilot leader PP6-CITY OF SOLIN.

Pilot leader coordinates the work of LGGs in cooperation with other partners at the local level of the pilot city. It's a task is to:

- convene a LGG meeting once a year,
- made an invitation with the agenda of the meeting of the LGG,
- Invitations are sent by e-mail 7 days before the meeting
- invitations are published on the websites of local partners

- takes minutes of the meeting
- conclusions to be published on the TEMPUS platform.

2.5. Duration of LGG

The duration of LGG work is a minimum of three years.

3. CONCLUSION

At the end of the project TEMPUS LGG was established in pilot city Solin to be able to continue to contribute to the monitoring of the implementations of prepared strategies and ideas from project activities.
