### Parking info:

#### ARRIVING BY CAR

There are **two entrances** to city of Split and depends on your departure point which one will you use.

If you are heading from Trogir, Klis, airport or any other West or Northwest direction you should find a way to Vukovarska street no.1 easily. Just enter to city area and go all the way to the end of street (it is Domovinskog rata street). At the end of the street turn left and there you are.

If you are heading from Stobreč, Omiš, Makarska or any other place Souther than Split you will use South entrance to the city. However, if you are heading from South at one point you should

turn right and try to come to the Street Domovinskog rata. At the end of that street just turn left and you should be at Vukovarska street.

The best thing to do is to park at public parking which usually cost from 5 to 6 kn per hour (1 EUR ≈ 7,5 HRK). There are exceptions to that – Riva parking.

There are several other parking spots nearby the city center such as:

- Svačićeva ulica (also street parking spots in the area)
- Zr. Frankopanska ulica
- Kragića ulica
- Livanjska ulica 18 (entrance from Vukovarska no. 1)

These parking spots are less than 5 minutes walking from Hotel Cornaro.

Please try to be careful while parking your car. Split car removal service is quite efficient. That is why we suggest you park at public parking. There are other options too. You can park on the street where you see marked spots (blue lines). You should find Pay machine and there you can pay for your parking. We hope you will not have a problem in finding parking. [Parking spots link.](#)

Also, there is [Split Parking App](#) where you can quickly and easily find parking spot, this could be extremely helpful.
