Summary	3
Photos of the interventions	4

Summary

Interventions implemented by PP7 include the reconstruction works of the four houses, the garden the lapidary and the interiors, in the old town centre of Korčula. The pilot site will be further integrated into an established themed museum based on the connection of the city with Venice, Marco Polo and the Silk trade route. The setup of the permanent museum as well as the reconstruction works on the site will be implemented after the completion of the project activity.
