

Participation in 3 EU events to promote SASPAS

Final Version of 30/06/2022

Deliverable Number D.2.4.3.

Project Acronym	SASPAS
Project ID Number	10048261
Project Title	SAFE ANCHORING AND SEAGRASS PROTECTION IN THE ADRIATIC AREA
Priority Axis	3 - Major change Environment and cultural heritage
Specific objective	3.2 - Contribute to protect and restore biodiversity
Work Package Number	2
Work Package Title	Communication activities
Activity Number	2.4
Activity Title	3 other EU events/network attended
Partner in Charge	PP6
Partners involved	LP, PP1
Status	Final
Distribution	Public

Title of event n°1: EuroScience Open Forum (ESOF)

1. When and where was the event held?

The ESOF event was held in Trieste on 4th September, 2020.

2. Who organized the event?

The event was organized by the European Association for the Advancement of Science and Technology. ESOF is a biennial, pan-European, general science conference dedicated to scientific research and innovation.

3. Agenda

Oggetto: follow Saspas at ESOF

Dear Saspas PP,

I'm glad to inform you, as some of you already know, that SASPAS project will be presented at ESOF event in Trieste during the following session:

TITLE: Protection of marine habitats and reduction of CO2 along coastal areas: scientific and social aspects

SESSION DATE: 4 September 2020

SESSION START TIME CEST: 14:30 (duration 1h 30m)

SESSION ROOM: Room 27B

The session will also include the presentation of the project ECO- SMART (INTERREG ITA SLO) where the Municipality of Monfalcone is PP.

For more information: <https://www.esof.eu/en/programme/programme-event-list-all-events/event-information/protection-of-marine-habitats-and-reduction-of-co2-along-coastal-areas-scientific-and-social-aspects.html>

where you can find the abstract of the session and the list of speakers. The session will be moderated by Andrea Rismondo (SELC).

You are all kindly invited to follow the session remotely at the following link and to participate to the

debate:

<https://esof2020.livebit.it>

Best to all

Daša Radovič

Si informa che un eventuale trattamento di dati personali contenuti nella presente comunicazione, in assenza dei presupposti di liceità previsti dall'art 6 Reg. 679/16 (GDPR), è punito secondo la normativa vigente in materia. Si informa che la casella di posta elettronica è di titolarità del Comune di Monfalcone ed è concessa ai propri dipendenti e collaboratori esclusivamente per rendere la prestazione lavorativa.

4. Attendance list

SPEAKERS

Andrea Rismondo (Italy), Biologist, SELC. Role: moderator.

Tatjana Bakran-Petricioli (Croatia), Associate Professor at Department of Biology, Institution and/or organizational affiliation: University of Zagreb - Faculty of Science, Department of Biology. Role: (keynote speaker)

Hans-Ulrich Wolf (Germany), External Project Manager, Hamburg Port Authority (HPA). Role: (keynote speaker)

Alberto Barausse (Italy), Tenure Track Researcher, University of Padova. Role: speaker.

Mitja Bricelj (Slovenia), Secretary, Coordinator TSG 3 EUSAIR, Ministry for Environment and Spatial Planning.

5. A Number and type (SMEs, civil society organisations, general public, etc.) of participants

The attendance list is not available.

6. Purpose of the event, outputs and main conclusions

The EuroScience Open Forum (ESOF) is a biennial, pan-European, general science conference dedicated to scientific research and innovation. Each conference aims to deliver stimulating content and lively debate around the latest advancements and discoveries in the sciences, humanities, and social sciences.

The Municipality of Monfalcone started to organize the participation in ESOF 2020 in June 2019.

First of all, the theme of the intervention was defined, mainly related to the European project themes managed by the Municipality of Monfalcone, mainly for the SASPAS project of the Italy Croatia programme. Then the abstract of the round table was drafted and 9 speakers were invited. The application and the form, with the information about the topic and the presentation of the speakers, was entered into the platform of the event with the ID Proposal number 1775.

In autumn 2020, the municipality received confirmation of the acceptance of the proposal with a request to reduce the number of speakers from 9 to 5. The new proposal was postponed until December 2019.

Due to the Covid emergency EsOF 2020 was postponed to September 2020.

The format was changed as round tables could be organized remotely or in mixed form (in presence or on site). Due to the health situation, caused by the Covid emergency, two speakers withdrew.

The Municipality of Monfalcone, in collaboration with SELC and the Veneto Region, reshaped the Abstract, including topics from the ECO-SMART project, from the Italy Slovenia programme, and invited two new speakers who were experts in the telematics of the project. The new data have been entered into the platform.

LP and PP1 attended the ESOF2020 event (EuroScience Open Forum) in Trieste (on September 4th, 2020) and presented the project during the session “Protection of marine habitats and reduction of CO₂ along coastal areas: scientific and social aspects”. PP1 also moderated the session (A. Rismondo) (link to the session video: <https://www.youtube.com/watch?v=EBxxvfchd94>).

Dear Saspas PP,

Please be informed that the Esóf panel **Protection of marine habitats and reduction of CO2 along coastal areas: scientific and social aspects**, has been settled on September 4 from 8h30 to 10h00 in room 3.

The panel will include speaker from Saspas and Ecosmart project. (INTERREG ITA SLO)

<https://www.esof.eu/en/About-the-Programme.html>

Please note the date in your agenda for those who are willing to participate.

Best regards

Daša Radovič

4. Attendance list

1. Brijuni National Park Public Institution
2. Mljet National Park Public Instutuion
3. Telašćica Nature Park Public Institution
4. Lastovo Islands Nature Park Public institution
5. More i Krš Public Institution
6. Natura Histrica Public Institution
7. Priroda Public Institution for Protected Area Mangemen of Primorje – Gorski Kotar County

5. A Number and type (SMEs, civil society organisations, general public, etc.) of participants

13 participants, including the PP5 representatives among the 7 public institutions for managing protected areas (members of CROMPA).

6. Purpose of the event, outputs and main conclusions

Croatian Marine Protected Area Network (CROMPA) organized experience and knowledge sharing event. Agata Kovačev, the biologist from PP5 – Kornati National Park Public Institution shared the information about Posidonia transplantation within SASPAS project. Innovative technology used to successfully restore degraded seagrass habitats of Posidonia was discussed, based on the use of a modular anchor system made of biodegradable material to reduce the negative impact on the marine environment.

RAZMJENA ISKUSTVA KROZ HRVATSKU MREŽU MORSKIH ZAŠTIĆENIH PODRUČJA (HRMZP)

U utorak 16. ožujka, biologinja Agata Kovačev iz Javne ustanove Nacionalni park Kornati održala je online predavanje "Presađivanje morske cvjetnice *Posidonia oceanica* (L.) Delile u Nacionalnom parku Kornati" za kolege iz drugih morskih područja. Bilo je to prvo u nizu predviđenih predavanja i razmjene praktičnih iskustava u sklopu formiranja **Hrvatske mreže morskih zaštićenih područja**, inicijative poduprte iz **Interreg Med projekta MPA NETWORKS**.

Razgovaralo se o **inovativnoj tehnologiji** koja se koristi za uspješno **obnavljanje degradiranih staništa morske cvjetnice posidonije**, a temelji se na upotrebi **modularnog sidrenog sustava izrađenog od biorazgradivih materijala** kako bi se smanjio negativan utjecaj na morski okoliš. **Presađivanje morskih cvjetnica** jedna je od aktivnosti koju Kornati National Park kao projektni partner provodi u sklopu **Interreg projekta SASPAS** (Safe Anchoring and Seagrass Protection in the Adriatic Sea, Saspas Interreg Italy - Croatia).

Opći cilj projekta je, uz **obavljanja pilot-transplantacija morskih cvjetnica**, **očuvanje i obnova morskih cvjetnica kroz postavljanje sigurnih sidrišta**, **obavljanje aktivnosti monitoringa te definiranje integriranog sustava upravljanja za morske cvjetnice u Jadranu**. Očekuje se kako će po završetku projekta biti jasno definirane i predložene mjere prema Europskoj komisiji za povećanje stupnja očuvanosti stanišnih tipova morskih cvjetnica na područjima provedbe Programa.

Više o samom projektu možete pronaći u materijalu u prilogu te na poveznici <https://bit.ly/3rXwXyQ>.

#KornatiNationalPark #MPA_NETWORKS #SASPAS #Interreg

The screenshot shows a presentation slide with the following content:

- Opći cilj projekta:** Očuvanje i obnova morskih cvjetnica kroz postavljanje sigurnih sidrišta, obavljanje aktivnosti monitoringa te definiranje integriranog sustava upravljanja za morske cvjetnice u Jadranu.
- Predefinicija lokaliteta:** A map of the Adriatic Sea region with several locations marked.

1. When and where was the event held?

From June 3 to June 5, 2022, The Fair of Traditional Wooden Shipbuilding was held in Betina (Murter Island), Croatia.

2. Who organized the event?

Fair was organized by Betina Museum of Wooden Shipbuilding, the Tourist Board of Betina and the Betina gajeta 1740 Association within project co-financed by the Operational Programme for Maritime Affairs and Fisheries of the Republic of Croatia, EU and FLAG Galeb from Tribunj through the FLAG tender for the implementation of the Action 1.1.1. "Promotion of local fisheries, aquaculture, gastronomy and maritime heritage" from LRSR FLAG "Galeb".

3. Agenda

AGENDA

Friday, June 3rd / 10:00 – 18:00

- Opening of the event
- Expert lectures and shipbuilder's presentations
- Workshops for children and adults
- Visits to the shipyard

Saturday, June 4th / 10:00 – 18:00

- Opening of the traditional wooden boats exhibition
- Brass band
- Educational sailing in traditional wooden boats (sailing and rowing)
- Entertainment and gastronomic program

Sunday, June 5th / 10:00 – 15:00

- Wooden boats regatta
- Closing of the event

4. Attendance list

1. Betina Museum of Wooden Shipbuilding
2. Tourist Board of Betina
3. Betina gajeta 1740 Association
4. Tisno Municipality
5. Šibenik – Knin County
6. Latinsko Idro Association
7. Tourist Board of Murter – Kornati
8. LAGUR Galeb
9. Association of Employees in Human Resources Management – HR Center
10. LAG More
11. Croatian Island Product
12. Kršan Municipality
13. Shipyard and Marina Betina
14. Kornati National Park Public Institution
15. Shipyard Ćiro
16. Shipyard Marin
17. Siniša Mikin Craft
18. Shipyard Stipaničev
19. Shipyard Filipi
20. Argonauta Association
21. Boatmechanic Lovrić
22. Jeto Sails

5. A Number and type (SMEs, civil society organisations, general public, etc.) of participants

22 participants, including the PP5 representatives among 1 regional public authority, 2 local public authority, 6 associations, 8 SME's, 2 Tourist Boards and general public.

6. Purpose of the event, outputs and main conclusions

Fair was organized with the aim of promoting and valorizing traditional wooden shipbuilding and related crafts.

The Program included a traditional wooden boats exhibition fair with manufacturers of equipment intended for wooden ships – ropes, fenders, deck equipment, fittings, small shipbuilding service – boat engines, electrical equipment, paints and varnishes, as well as fishing tools and equipment, expert lectures by shipbuilders and other traditional shipbuilding enthusiasts, presentation of traditional tools production, workshops for children and adults on ship building, sailing, environmental conservation, wooden boat regattas and sailing, as well as visits to the shipyards.
