

# AdSWiM

Managed use of treated urban wastewater for the quality of the Adriatic Sea

## *The Adriatic Sea protection: biotech and managed use of treated urban wastewater*

**PROJECT DURATION**  
01.2019 - 12.2020

**ERDF**  
1.730.347,66

**TOTAL BUDGET**  
2.035.703,13

### DESCRIPTION

The project investigates and tests innovative treatments, new analytical devices and new chemical and microbiological parameters to maintain and improve the environmental quality of the coastal areas of the Adriatic sea through an effective management of the urban wastewater.
