The Kick-off Meeting of the ECOMAP project has been held on the 21st and 22nd of February 2019, in Podstrana at the Hotel Eden organized by Lead Partner, Municipality of Podstrana.

Mrs. Danira Zanki, Project manager of the Lead Partner, Municipality of Podstrana, made the welcoming speech and explained the agenda of the meeting.

Mr. Marin Miletić, project manager, representative of the Joint Secretariat of the Interreg V-A Cross-Border Cooperation Program Italy-Croatia, gave a presentation on the implementation of the project, briefly explaining the responsibilities and duties of the LP and PP.

Mrs. Danira Zanki, project manager, Municipality of Podstrana – LP, presented the project with a brief introduction of all participants in the meeting. The Steering Committee representatives, Joint project management unit representatives and Joint project financial unit representatives were approved based on the proposed members. The Municipality of Podstrana and their activities in the project were presented. Internal project communication was set up.

Mrs. Andrijana Dedić, Municipality of Podstrana representative, presented WP1, with description of activities and deliverables, explained the administration and reporting process.

Mrs. Željka Raguž, Communication manager, Healthy City representative, presented the WP2 and Communication plan.

Mrs. Carmela Vaccaro, University of Ferrara representative, presented the WP3, its description of activities and deliverables, briefly presented geophysical, geochemical, biological surveys which will be done in WP3.

Mrs. Ursula Thun Hohenstein, Consortium Future in Research (CFR) representative, gave the presentation of WP4, its description of activities and deliverables.

Mr. Diego Santaliana, Technology park of Pordenone representative, presented WP5, its description of activities and deliverables.

The Municipality of Podstrana organized a visit to the Institute of Oceanography and Fisheries in Split and the walking tour in the city of Split.

On the second day, February 22, press conference was held. Mr Mladen Bartulović, the Mayor of Municipality of Podstrana, the representatives of Croatian (Mrs Andrea Russo, Healthy City representative) and Italian partners (Mrs Ursula Thun Hohenstein, CFR representative and Mr Mauro Piccolo, Bibione Mare representative) gave the statements to the press.

Afterwards, the Mayor of Municipality of Podstrana made the welcoming speech and briefly presented Municipality of Podstrana and the significance of ECOMAP project for the Municipality.

Mr. Flavio Accaino, National Institute of Oceanography and Experimental Geophysics representative gave the presentation of geophysical-geological surveys to be performed during the project, and short presentation of OGS.

Mrs. Federica Nasi, National Institute of Oceanography and Experimental Geophysics representative, gave the presentation of marine biology surveys to be performed during the project.

Mrs. Carmela Vaccaro, University of Ferrara representative, gave the presentation of geochemical surveys which will be performed during the project.

Mr. Slaven Jozić and Mr. Mladen Šolić, Institute of Oceanography and Fisheries representative, gave the presentation of the Institute and planned project activities of the Laboratory of Microbiology.

Mr. Mauro Piccolo, Bibione Mare S.P.A. representative, gave the presentation of Bibione Mare test area and their planned activities.

The Steering Committee Meeting was held with all the representatives present, except Municipality of Ancona which excused themselves for not attending the meeting. At the end, the participants went to visit pilot sites Podstrana beach, Strožanac marine and Spinut marine in Split.

CONCLUSION

The Kick-off Meeting (KOM), the most important event of the project start, was organized by the Lead partner- Municipality of Podstrana and was held in Podstrana, Croatia.

The press conference has been held with the presence of local (Radio Split, TV Jadran) and national media (HRT, HINA), in order to reach general public.

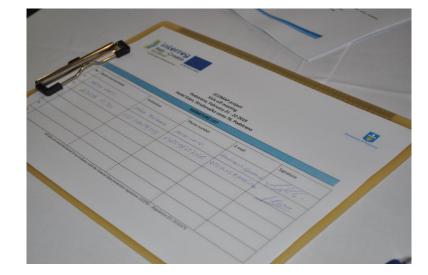

During the KOM partners met, discussed activity and financial plans. The internal rules within the partnership were established. The Steering Committee and the Joint Project Management Unit were established and approved.

The KOM was attended by 21 participants on the 21st of February and 24 participants on the 22nd of February. The participants of the KOM were project partners and media representatives.

12 presentations were held and all pilot sites of the project in Croatia were visited (marinas Špinut and Strožanac and the coastal area of Podstrana).
