

# DigLogs

Digitalising Logistics processes

*Modernizing freight transport and passengers' services*

**PROJECT DURATION**  
2019 - 2021

**ERDF**  
2.172.113,37

**TOTAL BUDGET**  
2.555.427,50

## DESCRIPTION

DigLogs aims to create the technological solutions, models and plans to establish the most advanced digitalised logistic processes for multimodal freight transport and passengers' services in the Italy-Croatia area. This project will have a significant impact in terms of diffusion and effectiveness of digitalised services and ICT support for the quality, safety and environmental sustainability.
