

EVENT FOLLOW-UP REPORT

D.2.1.2 Local events to raise stakeholders' awareness – 2nd event (PP3)
Rijeka, 28.03.2023

Event summary

Corresponding deliverable:	D.2.1.2 Local events to raise stakeholders' awareness		
Type of event (in person or online)	In person		
Location (if in person)	Rijeka,		
Date of the event	March 28th 2023		
Time/Duration	N/A		
Purpose of the event	The STEP RI (Science and Technology Park of the University of Rijeka), as a partner in the BOOST5 project, which is aimed at the valorization and preservation of the rich and diverse cultural heritage of Adriatic Croatia and Italy, organized the event called "Valorization and Promotion of Cultural Heritage Using Modern Technologies". The event took place on 28th March 2023 at the Torpedo Production Park in Rijeka. Participants had the opportunity to learn more about how new technologies and digitization can help preserve and sustainably use cultural, industrial, and natural heritage. Also, they had the opportunity to learn about the diverse cultural heritage of our region and what role social networks have in it.		
Short description of the event and key outcomes	Participants of the event were presented with the key activities and results of the BOOST5 project. Furthermore, Ms Kristina Pandža from the Centre of industrial heritage of the University of Rijeka presented examples of good practice in introducing digital technologies for industry heritage valorisation. Mr Dario Zorić from PORIN development agency of the City of Rijeka gave an overview of the additive technologies at their disposal and showcased examples of how it can be used in preserving and revitalizing cultural heritage. A session of the event was also dedicated to a workshop held by Ms Hana Galogaža from the Centre of technical culture Rijeka, aiming at		

familiarization with how social networks and
VR/AR technologies can promote cultural heritage.
33 persons participated in the event, representing
local authorities, organizations managing cultural
and natural heritage, entrepreneurs, business
support organizations, higher education
organizations and general public.
