

# DIGSEA

## DIGitalisation of multimodal transport in the Adriatic SEA

*Clustering knowledge for the  
improvement of the whole supply chain*

**PROJECT DURATION**  
01/04/2022 - 30/06/2023

**ERDF**  
509.515,50

**TOTAL BUDGET**  
599.430,00

DIGSEA project clusters the technical knowledge of several Interreg IT-HR 2014 - 2020 projects that deals with ICT applied to maritime and multimodal transport. The collected knowledge will be consolidated in a single sea-port-hinterland logistics approach, covering the whole supply chain. The mission of the project is to transfer knowledge and raise the awareness of the use of ICT as a powerful and efficient tool to improve the efficiency and consequently the environmental performance of ports and the whole supply chain.
