1. Introduction

This document describes all the activities developed on the CREATE web page during the project's life. For the whole duration of the CREATE project, the website has been used as the main channel for dissemination and promotion of its several activities, events and outcomes. The four dynamic sections of the webpage have been constantly updated: News, Events, Docs&Tools, Multimedia. Further details about each section will be provided in the following paragraphs.

2. News

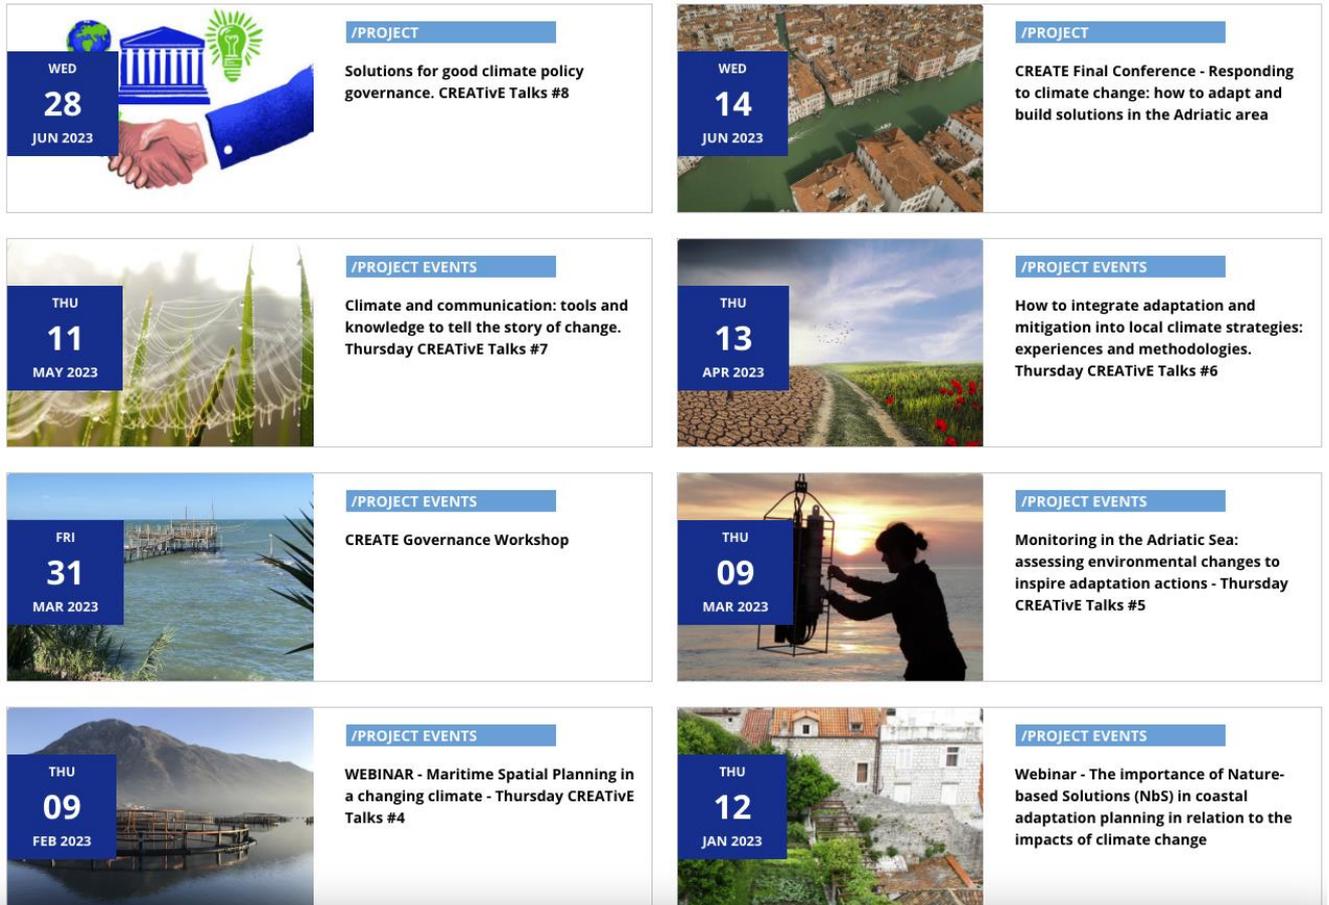

In total, 20 news have been published on the project web page, 8 in 2022 and 12 in 2023. The news referred mainly to the project's milestone activities and events, and they were reflected in the social media promotional activities, as is detailed in D 2.3.3.
