## 1. Summary

As foreseen in the Application Form, under deliverable number D2.1.4, Representatives of HATCH project took part in two events organized by the Programme's or other EU bodies or initiatives. These were the "Our Shared Blue Basin" annual event of the Interreg Italy-Croatia held in Venice and the "Euregio Senza Confini" event held in Klagenfurt. This report compiles the follow-up reports from the two aforementioned events.

# EVENT REPORT

INTERREG ITALY – CROATIA ANNUAL EVENT:  
"Our Shared Blue Basin"  
HATCH Thematic Workshop  
Event n.1

Work Package 2 – Communication activities	Activity 2.1 – On line and offline events Deliverable D2.1.4 - Participation in event organized by the Program or EU institutions
---	--

On **October 25<sup>th</sup>** representatives of the HATCH project consortium took part at the 2 days of **Interreg Italy-Croatia annual event ‘Our Shared Blue Basin’** in Venice by holding a thematic workshop called ‘Harmonizing cross-disciplinary knowledge to support effective Marine Spatial Planning’.

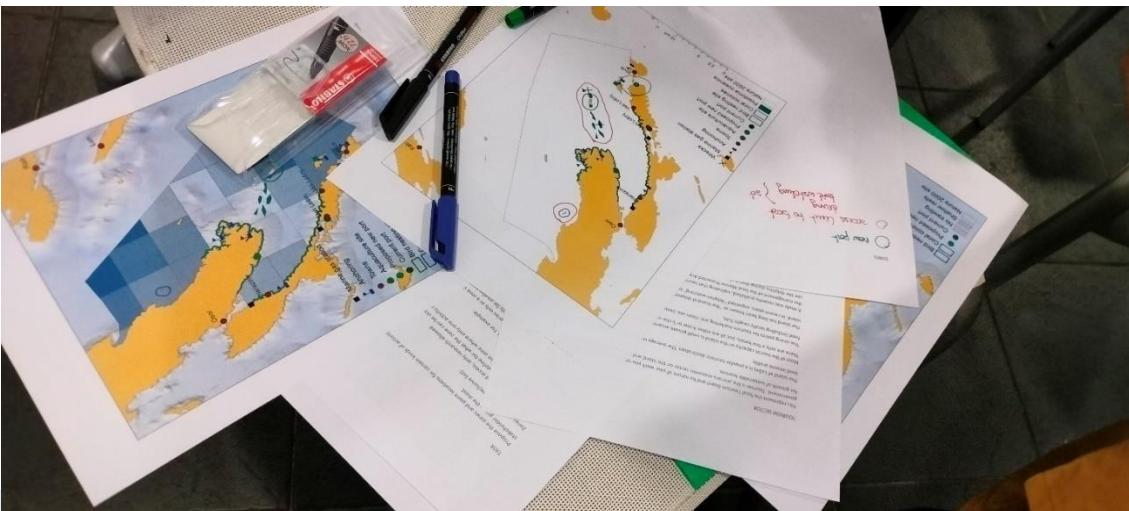

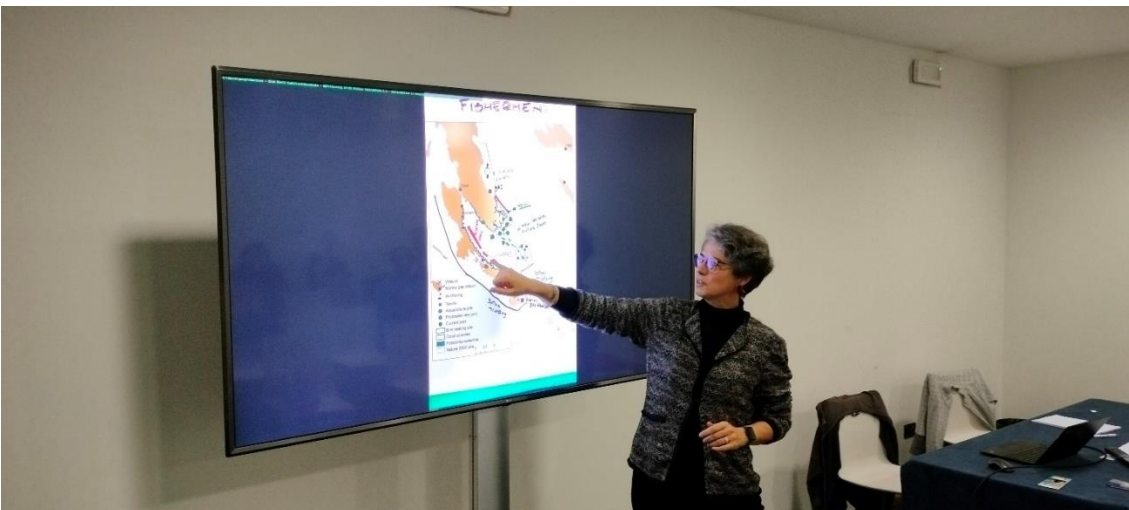

During the first part of the workshop, they presented the main achievements of the previous projects that HATCH is capitalizing on, as well as the main activities and foreseen outcomes of the HATCH project.

The second part of the workshop was interactive and dedicated to one of the main topics of the HATCH project - Marine Spatial Planning (MSP) and how our project contributes to its effective application for the conservation of the Adriatic. During the engaging role-playing game participants took part in the workshop as members of several stakeholder groups in a simulated MSP decision-making process. Based on the local case study of establishing a Marine Protected Area (MPA), participants made their own perspectives of the local context and developed interactive discussions between simulated stakeholder groups in order to propose their ideas for the management plan in MPA establishing process.

The aim of this workshop was to emphasise the importance of multi-disciplinary data, but also of involvement of various stakeholder groups in Marine Spatial Planning process in order to ensure it’s effectiveness and durability.

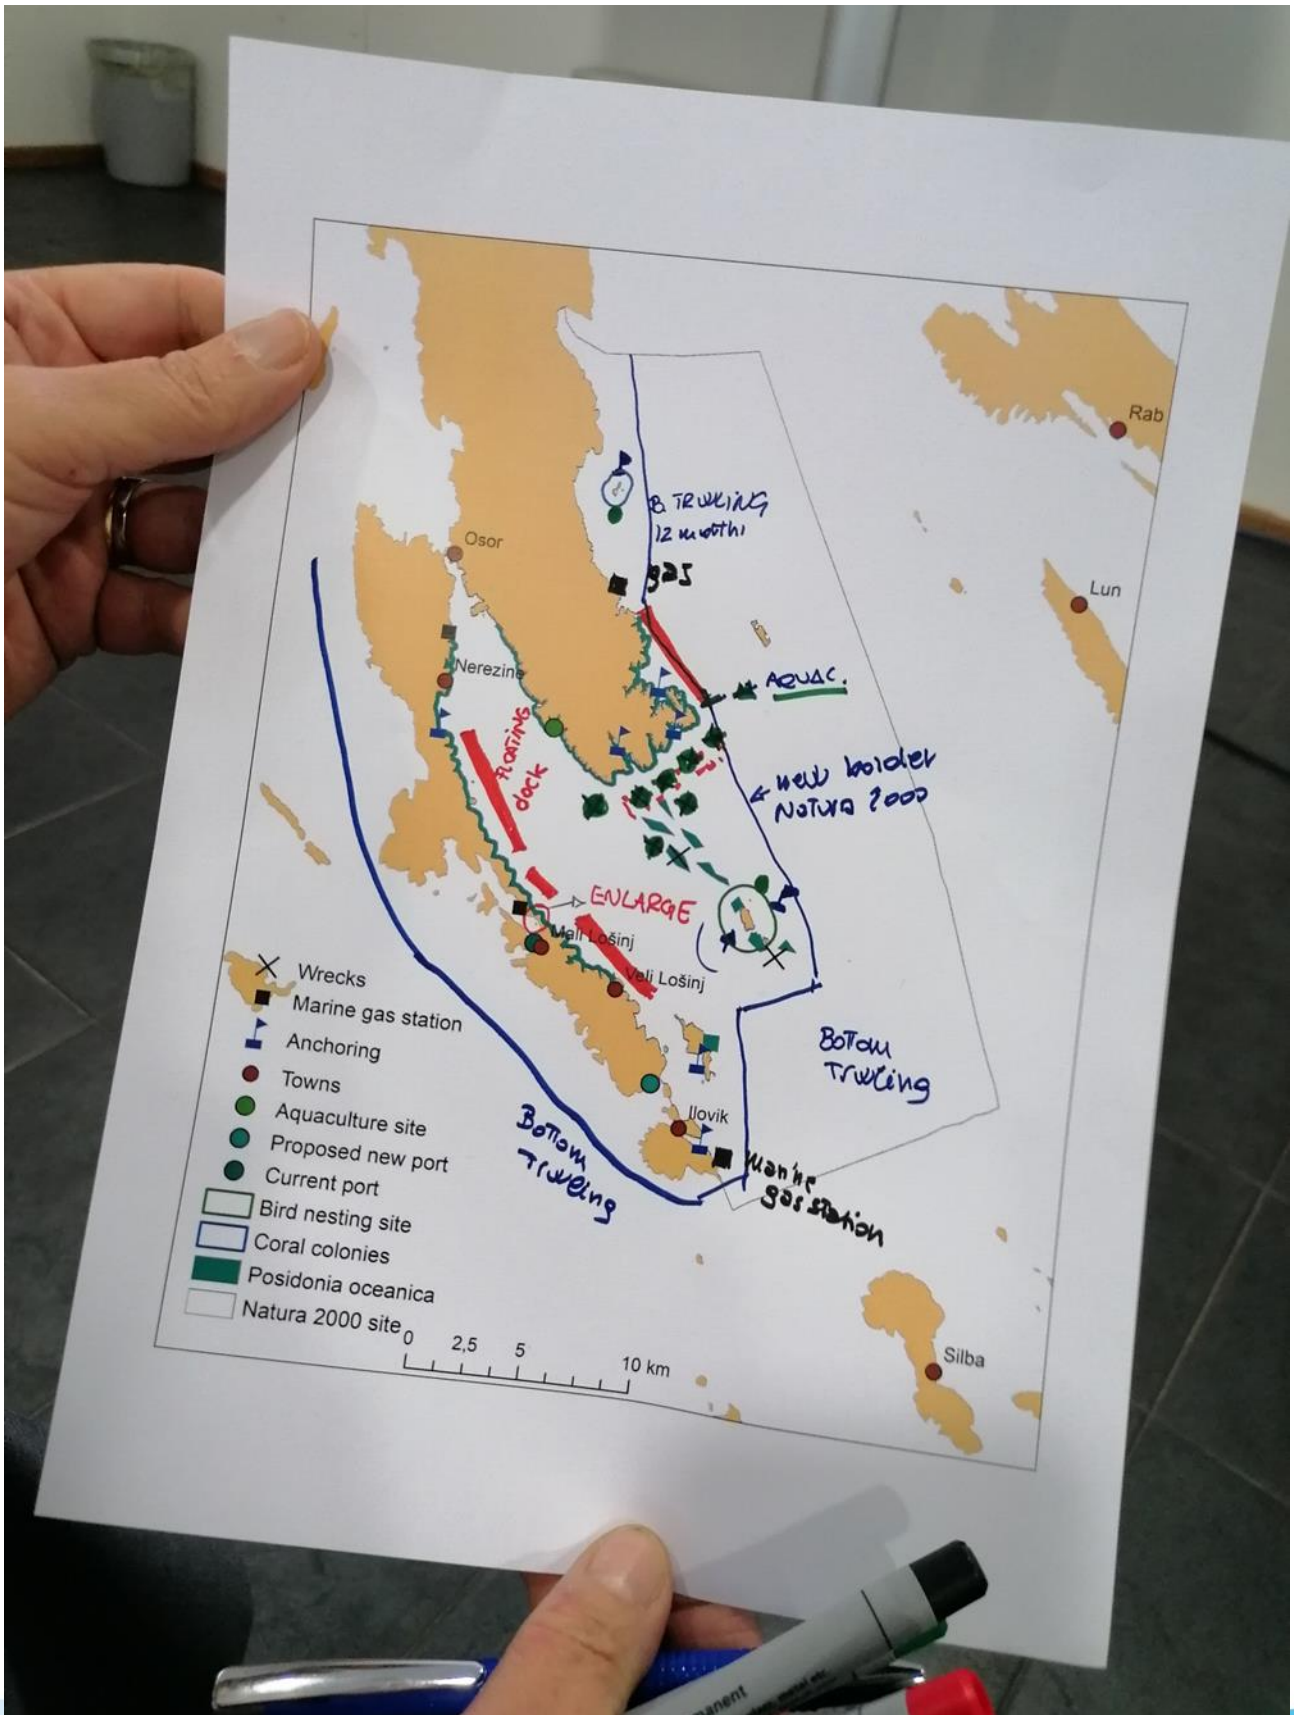

We wish to thank all the participants for their active and imaginative engagement in the role-playing game and the discussion.

# HATCH featured during Euregio Senza Confini event Report

9<sup>th</sup> January 2023

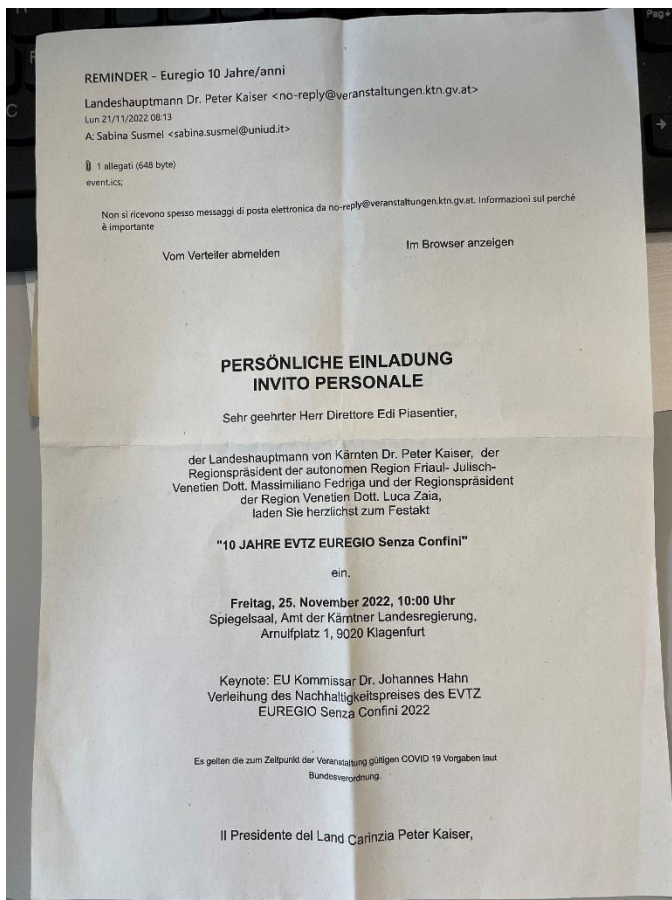

Dr. Sabina Susmel as a representative of University of Udine, lead partner of HATCH project, participated in an event Euregio Senza Confini, in Klagenfurt (Austria) on the 25<sup>th</sup> November 2022. During the event she presented Interreg Italy-Croatia project AdSwim and how project HATCH capitalizes on the results of it and other previous Interreg Italy-Croatia projects. As this was participation to externally organized event, no participants list is available. The proof of attendance is invitation to the event by the organizer (in annex). The event was also present in online media:

**Oggetto:** Comunicazione esito graduatoria finale per il conferimento del "Premio per la Sostenibilità" indetto dal GECT "Euregio Senza Confini".

In relazione al Bando di cui all'oggetto e all'esito della procedura di valutazione dei progetti presentati per il conferimento del Premio per la Sostenibilità, sono lieto di comunicarLe che l'Università degli Studi di Udine - Dipartimento di Scienze AgroAlimentari, Ambientali e Animali, titolare del progetto intitolato "AdSWiM - Managed use of treated urban wastewater for the quality of the Adriatic Sea", è risultato vincitore con un punteggio totale di 44,5/60.

Sarei inoltre onorato di consegnarLe personalmente, assieme al Presidente della Regione Autonoma Friuli Venezia Giulia e al Presidente della Regione Veneto, il premio nel corso della celebrazione del decimo anno dalla fondazione dello scrivente Ente, che si svolgerà il 25 novembre p.v. dalle ore 10:00 presso Klagenfurt am Worthersee, Arnulfplatz 1.

Distinti saluti,

Il Presidente del GECT Euregio Senza Confini

  
Dott. Peter Kaiser
