### **Audio / Video information – (by Factsheet n. 8)**

Any radio/audio spots should be marked and indicate that they are co-financed by the European Union. Please consider the following formats: 8” brief announcement (so called radio billboard just to indicate an institution financing a given Programme, right before or after a given program, and 15’, 30” up to 60” radio spots. Radio spots can be treated as short forms (small promotional objects accordingly to art. 4 point 2 of the Commission Implementing Regulation (EU) No 821/2014 of 28 July 2014). Thus the message would be “Programme co-financed by the European Union”. In case of longer forms, like radio programs, the message would be “Programme co-financed by the European Union from the European Regional Development Fund”. Ideally, any spot should mention a website where more info is available. However, above a length of 30 seconds, both the reference to the European Union and the ERDF shall be mentioned.

### **Other tips by JS**

In case of interview with testimonial it is compulsory translate the Italian or Croatian languages /speakers and insert the subtitle in English. The English is the official languages of the programme.
